**YOUNG’S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The following description of the Young’s Market Company, LLC and Affiliates 401(k) Savings Plan (“the Plan”) provides only general information. For a more complete description of the Plan’s provisions, participants should refer to the Summary Plan Description maintained by the Plan’s Benefits Committee.

(a) General

The Plan is a defined-contribution multiple employer plan and is designed to provide Eligible Employees of Young’s Market Company, LLC, and its affiliates that have adopted the Plan (collectively referred to as the “Company,” “Employer,” or “Plan Sponsor”) with benefits upon retirement, disability, death, or termination of employment. Eligible Employees are common law employees of the Employer who have reached age 21 and have completed 90 days of service with the Employer, unless (a) the individual is a union employee whose employment and retirement benefits are governed by a collective bargaining agreement that does not provide for participation in the Plan, or (b) the individual is classified by the Employer as an independent contractor, or any type of worker other than a common law employee. Eligible Employees also include Union Local 104-Member Employees, employees who are regularly scheduled to work at, or in the area serviced by, the Employer’s facility in Maricopa County, Arizona, and covered by a collective bargaining agreement between Young’s Market Company of Arizona, LLC and International Brotherhood of Teamsters, Local Union No.104, General Teamsters (excluding mailers), State of Arizona. A Union Local 104-Member Employee who has attained age 18 shall be eligible to participate in the Plan following six months of service with the Employer.

The affiliates who have adopted the Plan are Wilson Daniels, Ltd., Young’s Market Company of Arizona, LLC, and Young’s Holdings, Inc. During 2015, the Plan permitted the addition of Wilson Daniels, LLC and Wilson Daniels Wholesale, LLC as affiliated employers. All Plan benefits are paid from the Trust, which is the funding vehicle used by Principal Trust Company (“Principal”) prior to October 1, 2013 and Great-West Trust Company, LLC (“Empower”) (formerly Putnam Fiduciary Trust Company) effective October 1, 2013 (collectively referred to as the “Trustees” or “Custodians”) to hold all Plan assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

Participants may contribute pretax annual wages, as defined by the Plan, subject to Internal Revenue Code (“the Code”) limitations (plus catch-up contributions for participants over the age of 50). Participants may also contribute amounts representing distributions from other defined-benefit or defined-contribution plans. Eligible participants who are not Union Local 104-Member Employees, may defer up to 100% of their compensation. Union Local 104-Member Employees may defer up to 15% of their compensation. Participants may change their salary deferral percentages at any time.

YOUNG'S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Pursuant to an amendment dated September 9, 2015, effective January 1, 2016, the Plan provides for automatic contributions at a 5% contribution rate for all covered employees, absent an affirmative election to not participate. A covered employee includes any eligible employee hired or re-hired on or after January 1, 2016, with the exception of Union Local 104-Member Employees. The amendment also provides for an automatic increase to be applied to voluntary and automatic elections by 1%, up to a maximum of 10%, annually on April 1. In addition, the amendment also provides for participants to make after-tax (Roth 401(k)) contributions and In-Plan Roth Transfers to the Plan. With respect to participants other than Union Local 104-Member Employees, the Company matches 100% of the participant's contribution of the first 3% of base compensation and 50% of the next 2% of base compensation. With respect to Union Local 104-Member Employees, the Company matches 25% of a bargaining participant's elective deferral of 4% to 8% of base compensation. The Company contributions are nondiscretionary employer contributions. Additional amounts may be contributed at the option of the Employer.

(c) *Participant Accounts*

Each participant's account is credited with the participant's and employer nondiscretionary contributions and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, less forfeitures. Forfeitures of terminated participants' nonvested accounts are first applied to plan administrative expenses and are then applied to reduce employer matching contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Vesting*

Participants other than Union Local 104-Member Employees are immediately vested in their contributions (pre-tax deferrals and rollovers) and nondiscretionary employer match contributions plus actual earnings thereon. Vesting in the discretionary employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service; a participant is 100% vested after five years of credited service.

Union Local 104-Member Employee participants are immediately vested in their contributions (pre-tax deferrals and rollovers). Vesting of the nondiscretionary employer contribution portion of their account is based on years of continuous service, with vesting beginning at 20% after the first year of credited service to full vesting after six or more years of credited service. Vesting in a participant's additional contribution account is based on years of continuous service, with vesting beginning at 20% after the second year of credited service to full vesting after six or more years of credited service.

There were no discretionary employer contributions during 2015 and 2014.

Notes to Financial Statements

(e) *Investment Options*

Upon enrollment in the Plan, participants may allocate their contributions to investment options managed by the Trustees. The Plan Administrator selects a variety of daily valued investment funds with different risk and return characteristics. The specific investment funds available to the participant may be changed from time to time, and the participant is notified of any changes. The Plan is an ERISA Section 404(c) Plan because participants have the authority and responsibility to direct the investment of all amounts allocated to their accounts among the available investment funds. The fiduciaries of the Plan are not liable for any losses that are the result of the participant's investment elections. All investments are participant-directed.

(f) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of (i) \$50,000 or, if the participant had a loan during the past year, \$50,000 minus the highest outstanding balance of the prior loan during the last 12 months; or (ii) 50% of the participant's vested account balance. Any loan or loans to the participant must provide for a specific period of repayment which generally cannot be longer than five years. However, a loan used to acquire a participant's principal residence may provide for a repayment period of up to 15 years if appropriate documentation of the purchase was provided. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Benefits Committee. Principal and interest are paid at least quarterly through payroll deductions.

(g) *Payment of Benefits*

The Plan provides for various forms of payments including lump-sum distributions, direct rollovers, and various types of annuities upon termination of service.

(h) *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(i) *Information Certified by the Plan's Custodians or Trustees*

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians or Trustees of the Plan, have certified to the completeness and accuracy of the following information which is included in the financial statements as of and for the years ended December 31, 2015 and 2014, and the supplemental schedule as of December 31, 2015:

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(d) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Expenses

All administrative expenses are paid by the Company, except for legal fees, consulting fees and management fees related to the contract with the Trustees, which are paid by the Plan.

(g) New Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. Management elected to adopt ASU 2015-07 as of and for the year ended December 31, 2015. Accordingly, investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however,

YOUNG'S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan asset. Part III is not applicable to the Plan. The ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

(3) Fair Value Hierarchy

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- (a) Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

YOUNG'S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

- (b) Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.
- (c) Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Subject to certain restrictions, withdrawal from the stable value fund are generally permitted daily. In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at fair value as of December 31, 2015

Mutual funds (a)	\$ 93,515,345	\$ —	\$ —	\$ 93,515,345

(4) Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2015 and 2014 was \$2,568,878 and \$2,579,015, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract issued by Principal. Contributions and transfers allocated to this option will be credited interest at a guaranteed interest rate

Notes to Financial Statements

December 31, 2015 and 2014

Principal declares for a set period of time. Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. A surrender charge may apply to transfers or withdrawals from an unmatured guaranteed interest account. The reference rate used to determine if a charge applies is equal to the applicable U.S. Treasury rate plus 0.50%. A charge applies when the reference rate is higher than the rate being credited to the unmatured funds being transferred or withdrawn. The amount of the surrender charge is calculated as follows: 1) the applicable fixed U.S. Treasury Rate plus 0.50% minus the rate being credited, multiplied by 2) The number of years and fractional parts of a year in the Guarantee Period, multiplied by 3) The amount being surrendered. A surrender charge may not apply to withdrawals due to retirement, termination, disability, or death. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to, the following:

- i) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- ii) Premature termination of the contract
- iii) Plan termination or merger
- iv) Changes to the Plan's prohibition on competing investment options
- v) Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include, but are not limited to, the following:

YOUNG'S MARKET COMPANY, LLC AND AFFILIATES
401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

- i) An uncured violation of the Plan's investment guidelines
- ii) A breach of material obligation under the contract
- iii) A material misrepresentation
- iv) A material amendment to the agreements without the consent of the issuer

(5) Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated August 28, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by IRS and DOL jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

(6) Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. In addition, the Plan held substantially all of its assets with two institutions. In the event of an institution's failure, the Plan could be subject to losses.

Notes to Financial Statements

(7) Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services for or have fiduciary responsibilities to the Plan. Principal and Empower are the Trustees and Custodians of the Plan and, therefore, investment transactions entered into by the Trustees qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. The Plan paid contract administration fees to the Trustees of approximately \$69,000 and \$33,000 for the years ended December 31, 2015 and 2014, respectively.

(8) Reconciliation with Form 5500

Net increase in net assets available for benefits per financial statements	\$ 150,251
Adjustment from contract value to fair value for fully benefit-responsive investment contract in prior year	(225,620)
Adjustment from contract value to fair value for fully benefit-responsive investment contract in current year	-
Net decrease in assets before transfers per Form 5500	<u>\$ (75,369)</u>

(9) Subsequent Events

In connection with the preparation of the Plan's financial statements, the Company evaluated subsequent events after the financial statement date of December 31, 2015 through September 14, 2016, the date at which the financial statements were available to be issued. No material subsequent events were identified.
