Multiple Employer 401(k) Plan

Notes to Financial Statements
December 31, 2015

1. Description of Plan

The following description of Multiple Employer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan description for a more complete description of the Plan's provisions.

General

Effective April 10, 2015 the Plan changed its name from the Trive Capital 401(k) Plan to the Multiple Employer 401(k) Plan. In addition, effective January 1, 2015 the Plan is a multiple employer plan as described by code Section 413(c).

The Plan is a defined contribution plan covering all full-time employees of TCFI CP LLC dba Valence Surface Technologies (the "Employer") who have completed 90 days of eligible service. Eligible employees may join the Plan on the earliest monthly date on which they become an eligible employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2015, the following employers joined the plan: 1) Chrome Plus International 2) Pride Plating 3) Southern Towing Company 4) Amteck and 5) Precise Packaging, Inc. As a result assets of \$16,268,409 were transferred into the Plan and are noted on the statement of change in net assets available for benefits.

Contributions

The Plan provides for an automatic election to have elective deferral contributions made. The automatic elective contribution shall be pre-tax elective deferral contributions and shall be 6% of compensation. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions, and may elect to designate all or any portion of their elective deferral contribution as Roth elective deferral contributions. A participant may elect to increase, decrease or suspend deductions according to procedures established by the Employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Contributions are subject to certain annual Internal Revenue Code ("IRC") limits.

Participants may also rollover or transfer amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions to the Plan, subject to limitations provided by Internal Revenue Service ("IRS") Regulations. The percentage of elective deferral contributions matched, if any, shall be a percentage as determined by the Employer. The Employer has made matching contributions of \$1,386,655 for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings. Allocations are based on participant earnings, age, and years of service or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Multiple Employer 401(k) Plan

Notes to Financial Statements
December 31, 2015

1. Description of Plan (*continued*)

Vesting

Effective October 1, 2014, a participant is 100% vested in their account including allocated earnings thereon at all times for contributions made after this date. Prior to October 1, 2014, participants vested in Company contributions based on years of service, and were 100% vested after three years of credited service.

Forfeitures

As of December 31, 2015 and 2014, the forfeiture balance was \$2,876 and \$2,909. Forfeitures are first used to pay plan administrative expenses. Any remaining amount is used to reduce future Company contributions. During 2015, \$15 of forfeitures were used to offset administrative expenses and forfeitures were used by the Employer.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, may not exceed the amount of the participant's immediate and financial need and will cause suspension of contributions for six months.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Multiple Employer 401(k) Plan

Notes to Financial Statements
December 31, 2015

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the Group Annuity Contract and the Guaranteed Interest Account, which are stated at contract value. Contract value, represents contributions, plus earnings, less participant withdrawals and administrative expenses. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The common/collective trusts are valued at the NAV, as provided by the trustee, which is used as a practical expedient based on the fund's underlying investments. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the NAV of the respective investment vehicle and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Recently Issued Accounting Pronouncements

During 2015, the Plan adopted new U.S. GAAP guidance (ASU 2015-07) which removes the requirements to categorize within the fair value hierarchy alternative investments where fair value is measured using the NAV per share as a practical expedient.

2. Summary of Significant Accounting Policies *(continued)*

Recently Issued Accounting Pronouncements (continued)

During 2015, the Plan also adopted new U.S. GAAP guidance (ASU 2015-12) which eliminates: (i) the disclosure to report individual investments that represent 5 percent or more of a Plan's net assets available for benefits; and (ii) the disclosure for net appreciation/depreciation for investments by general type and classes of assets on the basis of nature, characteristics and risks.

Adoption of this guidance was applied retrospectively and did not have an effect on the carrying value of the investments or the Plan's net assets available for benefits.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2012.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 20, 2017.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

4. Investments

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The Group Annuity Contract is valued at contract value and amounted to \$1,013,830 and \$0 at December 31, 2015 and 2014.

The Guaranteed Interest Account is valued at contract value and amounted to \$886,444 and \$0 at December 31, 2015 and 2014.

5. Group Annuity Contract

The Principal Fixed Income Guaranteed Option (the "PFIGO") is a benefit-responsive group annuity contract issued by Principal Life. Because the PFIGO is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The PFIGO does have a surrender charge of 5% that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if the Plan terminates its interest in the PFIGO.

6. Principal Guaranteed Interest Account

The Guaranteed Interest Account (the "Account") is available under a group annuity contract issued by Principal Life Insurance Company. The Account provides a guarantee of principal and interest. The interest rates are guaranteed by Principal Life Insurance Company and are subject to change daily. Guarantees are supported by the general account of the Principal life Insurance Company. Contributions and transfers to the Account will earn interest based on the guaranteed interest rate in effect for the date the contribution or transfer is made to the Account. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

Notes to Financial Statements

6. Principal Guaranteed Interest Account (*continued*)

A surrender charge may apply to transfers or withdrawals from an un-matured guaranteed interest account. The reference rate used to determine if a charge applies is equal to the applicable fixed U.S. Treasury rate plus 0.50%. A charge applies when the reference rate is higher than the rate being credited to the un-matured funds being transferred or withdrawn. The amount of the surrender charge is calculated as follows: 1) The applicable fixed U.S. Treasury Rate plus 0.50% minus the rate being credited, multiplied by 2) The number of years and fractional parts of a year left in the Guarantee Period, multiplied by 3) The amount being surrendered. A surrender charge may not apply to withdrawals due to retirement, termination of employment, disability, or death.

The credit risk of Principal Life Insurance Company was evaluated by nationally recognized statistical rating agencies are as follows: A.M. Best Company (A+ as of January 2017), Moody's Investors Service (A1 as of November 2016), Standard and Poor's (A+ as of April 2017) and Fitch Ratings (AA- as of October 2016).

7. Common/Collective Trusts

The Plan offers 12 non benefit-responsive common/collective trusts called the Principal Trust Target Date Funds ("Funds"). These Funds include: the Principal Trust Target 2010 Fund; the Principal Trust Target 2015 Fund; the Principal Trust Target 2020 Fund; the Principal Trust Target 2025 Fund; the Principal Trust Target 2030 Fund; the Principal Trust Target 2035 Fund; the Principal Trust Target 2040 Fund; the Principal Trust Target 2045 Fund; the Principal Trust Target 2050 Fund; the Principal Trust Target 2055 Fund; the Principal Trust Target 2060 Fund; and the Principal Trust Income Fund. The unit value of each of these Funds is determined on a daily basis and are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value.

8. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

9. Tax Status

The Employer has adopted a volume submitter prototype plan document which received an IRS opinion letter dated March 11, 2009. The Plan has since been amended, however, the Employer believes that the Plan, as amended, is designed and currently being operated in accordance with applicable sections of the IRC.

10. Party-in-Interest Transactions

Certain investments of the Plan were managed by Principal Life Insurance Company and Principal Trust Company. Principal Life Insurance Company and Principal Trust Company are members of Principal Financial Group. Principal Trust Company was the trustee as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions under ERISA.

Multiple Employer 401(k) Plan

Notes to Financial Statements

10. Party-in-Interest Transactions *(continued)*

Participants who are active employees may borrow from their accounts and such loans qualify as party-in-interest transactions. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

11. Prohibited Transactions

The Employer failed to transmit to the Plan certain participants' contributions and loan repayments, relating to the 2014 and 2015 plan years, totaling \$233,148 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer is in the process of making the necessary corrections for the \$233,148 of this amount to satisfy both the Department of Labor and IRS guidance for this matter and is in the process of implementing procedures to reduce the time needed to transmit participants' contributions and loan repayments to the Plan.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

13. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:
