NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Liferay, Inc. 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan covering all employees of Liferay, Inc. (the "Company") who have served for a three month period and are age twenty one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions

Employees – Employees can contribute up $18,000 and $18,000 of pre-tax compensation for calendar years 2016 and 2015, respectively, as defined in the Plan subject to certain Internal Revenue Service limitations. Participants ages 50 or older may elect to defer additional amounts (called "catch-up" contributions) to the Plan. The maximum "catch-up" contribution that can be made is $6,000 and $6,000 for calendar years 2016 and 2015, respectively. The additional deferral for the catch-up contributions can be made regardless of any other limitations on the amounts that can be deferred to the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants. The Company may elect to make discretionary profit sharing contributions to your account and are invested directly in the participants selected investments. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Forfeitures

As a general rule, participants' interest in their accounts may not be alienated. However, the plan administrator must honor qualified domestic orders and may offset benefits to the extent that court orders require participants to pay the Plan for adverse actions affecting the plan. Forfeited non-vested accounts are re-allocated to the accounts of continuing plan participants. At December 31, 2016, forfeited non-vested accounts totaled $0.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons (as allowed under the Plan), a participant may elect to receive either a single-sum payment equal to the value of their vested interest, installment payments over a period specified by the participant or a direct rollover into another eligible retirement plan.

Administrative Expenses

The expenses related to administration of the Plan are paid by the Plan unless the Plan Sponsor elects to pay the expense on behalf of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results may differ from those estimates. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by TD Ameritrade Trust. Fair value is the price that would be received to sell an asset or paid to transfer in an orderly transaction between market participants at the measurement date. Mutual funds from registered investment companies are valued based on the quoted market prices on the last business day of the plan year. The carrying value of interest bearing money market accounts equal their fair value. Increases or decreases in fair value are recognized currently.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains or losses on the sale of investments are included with unrealized appreciation or depreciation in the fair value of investments. Interest income is recorded on the accrual basis.

Risk and Uncertainties

The Plan provides for various investment options in mutual funds from registered investment companies. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in value, it is at least reasonably possible that changes in the various risk factors in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are disabled or are age 59½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash or in installment payments over single or joint life expectancy or 50% survivor annuities. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution.

Related Party Transactions

Certain Plan investments in money market funds are managed TD Ameritrade Trust, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade has certified to the completeness and accuracy of all investments reflected on the accompanying statements of assets available for benefits as of December 31, 2016 and 2015, the schedule of assets held for investment purposes as of December 31, 2016, and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2016.

The Plan's independent public accountants did not perform auditing procedures with respect to this information in the financial statements and supplemental schedule.

The fair value of individual investments that represent 5% or more of the Plan's net assets available at December 31 are as follows:

	2016	2015
Vanguard Total Bond Market Index I	$ 531,533	$ 396,467
Vanguard Mid Cap Index I	636,775	438,086
DFA World ex US Government Fixed Income	-	201,951
Vanguard 500 Index Fund – Admiral Shares	1,051,419	620,884
Vanguard Developed Markets Index Fund	607,846	417,454
Vanguard Emerging Markets Stock Index Fund	475,211	334,626
Vanguard Interm-Term Investment Grade	142,557	233,857
Vanguard Small Cap Index Fund	536,648	297,160
Vanguard International Explorer	285,984	186,584
Vanguard Value Index- Admiral Shares	272,076	308,499

During the year ended December 31, 2016, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $448,429.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC Section 820, *Fair Value Measurements and Disclosures* (prior authoritative literature: SFAS No. 157, *Fair Value Measurements*) which defines fair value, establishes a framework for measuring fair value under current accounting pronouncements that require or permit fair value measurement and enhances disclosures about fair value measurements. The standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds from Registered Investment Companies

These investments from registered investment companies are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the ASC Section 820 fair value hierarchy levels as of December 31, 2016 and 2015:

	As of December 31, 2016

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' rights to their accrued benefits are non-forfeitable.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter ruling, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before financial statements are issued or are available to be issued.

The Plan Sponsor has evaluated subsequent events through August 24, 2017, the date the financial statements were available to be issued.
