P.T. SERVICES REHABILITATION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the P.T. Services Rehabilitation, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of P.T. Services Rehabilitation, Inc. (the “Company” or “Plan Sponsor”) and related employers of the Company, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee of the Company or related employer must be age 18 or older and have completed three months of service (or, prior to April 2015, completed one year of eligible service with a minimum of 1,000 hours worked in that year). Employees may enter the Plan on the first day of the month after meeting the age and service requirement. Effective April 2017, eligible participants will be automatically enrolled into the Plan unless they specifically decline.

Contributions: Each year, participants may contribute pre-tax and, effective April 2015, after-tax (Roth) compensation (as defined in the Plan document) to the maximum amount permitted under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan (\$6,000 in 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make matching contributions to Plan participant accounts at the discretion of the Plan’s management. During 2016, the Company provided matching contributions equal to 50% of the first 6% of compensation deferred by Plan participants. In addition, the Company may make a discretionary non-elective contribution, as further defined in the Plan document. No discretionary non-elective contributions were made in 2016.

Participant accounts: Each participant’s account is credited with the participant’s contributions, the Company’s matching and other contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant notes receivable: Participants in the Plan may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate equal to the prime rate at the time of issuance plus 1%. The loan, plus interest, must be repaid over the term of the loan, which is generally up to a maximum of five years, but may be extended at the discretion of the Company’s Investment Committee for loans made to purchase a principal residence.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their voluntary contributions as well as any non-elective Company contributions, plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus earnings thereon, is based on years of service. Participants are 0% vested with less than 2 years of service; 20% vested after 2 years of service and 100% vested after 3 years of service.

Payment of benefits: Upon normal or disability retirement, each participant receives the value of their individual account in a lump-sum distribution. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. Participants may also withdraw amounts from their account under certain conditions as further defined in the Plan document.

Forfeited accounts: At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$2,415 and \$1,107, respectively. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions. In 2016, Company contributions were reduced by \$5,020 from forfeited non-vested accounts.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through July 28, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

1. Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Collective trust fund: The Fidelity Managed Income Portfolio II, a collective trust fund composed primarily of investments in fully benefit-responsive insurance contracts, is valued at the net asset value of units of the collective trust held by the Plan at year end. The net asset value, provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no unfunded commitments for this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,161,369	\$ -	\$ -	\$ 10,161,369
Total assets in the fair value hierarchy	10,161,369	-	-	10,161,369
Investments measured at net asset value ^(a)	-	-	-	386,494
Investments at fair value	<u>\$ 10,161,369</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,547,863</u>

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,613,323	\$ -	\$ -	\$ 9,613,323
Total assets in the fair value hierarchy	9,613,323	-	-	9,613,323
Investments measured at net asset value ^(a)	-	-	-	422,259
Investments at fair value	<u>\$ 9,613,323</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,035,582</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2016 and 2015.

NOTE 4 – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 5, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no income taxes have been provided in the accompanying financial statements. The tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

	2016	2015
Investments, at fair value	\$ 10,547,863	\$ 10,035,582
Participant notes receivable	65,685	70,857
	<u>\$ 10,613,548</u>	<u>\$ 10,106,439</u>

Interest income on participant notes receivable	2,887	
Net appreciation in fair value of investments	411,990	
	<u>\$ 812,538</u>	

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's trustee, Fidelity Management Trust Company, is also the custodian of the Plan's assets. Fidelity Investments Institutional Operations Company, Inc., an affiliate of the trustee, is the transfer agent and provides recordkeeping services to the Plan as agent for the trustee. Certain investment funds are managed by affiliates of the trustee of the Plan and, accordingly, qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in the total value of their account.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2016 and 2015:

	<u>2016</u>	<u>2015</u>

P.T. SERVICES REHABILITATION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the P.T. Services Rehabilitation, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of P.T. Services Rehabilitation, Inc. (the “Company” or “Plan Sponsor”) and related employers of the Company, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee of the Company or related employer must be age 18 or older and have completed three months of service (or, prior to April 2015, completed one year of eligible service with a minimum of 1,000 hours worked in that year). Employees may enter the Plan on the first day of the month after meeting the age and service requirement. Effective April 2017, eligible participants will be automatically enrolled into the Plan unless they specifically decline.

Contributions: Each year, participants may contribute pre-tax and, effective April 2015, after-tax (Roth) compensation (as defined in the Plan document) to the maximum amount permitted under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan (\$6,000 in 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make matching contributions to Plan participant accounts at the discretion of the Plan’s management. During 2016, the Company provided matching contributions equal to 50% of the first 6% of compensation deferred by Plan participants. In addition, the Company may make a discretionary non-elective contribution, as further defined in the Plan document. No discretionary non-elective contributions were made in 2016.

Participant accounts: Each participant’s account is credited with the participant’s contributions, the Company’s matching and other contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant notes receivable: Participants in the Plan may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate equal to the prime rate at the time of issuance plus 1%. The loan, plus interest, must be repaid over the term of the loan, which is generally up to a maximum of five years, but may be extended at the discretion of the Company’s Investment Committee for loans made to purchase a principal residence.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their voluntary contributions as well as any non-elective Company contributions, plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus earnings thereon, is based on years of service. Participants are 0% vested with less than 2 years of service; 20% vested after 2 years of service and 100% vested after 3 years of service.

Payment of benefits: Upon normal or disability retirement, each participant receives the value of their individual account in a lump-sum distribution. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. Participants may also withdraw amounts from their account under certain conditions as further defined in the Plan document.

Forfeited accounts: At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$2,415 and \$1,107, respectively. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions. In 2016, Company contributions were reduced by \$5,020 from forfeited non-vested accounts.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through July 28, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

1. Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Collective trust fund: The Fidelity Managed Income Portfolio II, a collective trust fund composed primarily of investments in fully benefit-responsive insurance contracts, is valued at the net asset value of units of the collective trust held by the Plan at year end. The net asset value, provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no unfunded commitments for this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,161,369	\$ -	\$ -	\$ 10,161,369
Total assets in the fair value hierarchy	10,161,369	-	-	10,161,369
Investments measured at net asset value ^(a)	-	-	-	386,494
Investments at fair value	\$ 10,161,369	\$ -	\$ -	\$ 10,547,863

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,613,323	\$ -	\$ -	\$ 9,613,323
Total assets in the fair value hierarchy	9,613,323	-	-	9,613,323
Investments measured at net asset value ^(a)	-	-	-	422,259
Investments at fair value	\$ 9,613,323	\$ -	\$ -	\$ 10,035,582

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2016 and 2015.

NOTE 4 – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 5, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no income taxes have been provided in the accompanying financial statements. The tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's trustee, Fidelity Management Trust Company, is also the custodian of the Plan's assets. Fidelity Investments Institutional Operations Company, Inc., an affiliate of the trustee, is the transfer agent and provides recordkeeping services to the Plan as agent for the trustee. Certain investment funds are managed by affiliates of the trustee of the Plan and, accordingly, qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in the total value of their account.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
