Tax Sheltered Plan

Notes to Financial Statements
December 31, 2016

1. Description of Plan

The following description of the International Bonded Couriers, Inc. Tax Sheltered Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of International Bonded Couriers, Inc., Jet Mail Services, Inc. and Zipx Package Service (collectively the "Company"). An employee is eligible for participation in the Plan upon completion of six months of service and attainment of age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to have a percentage deducted on a pre-tax or roth basis from their compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Company. There is an annual limit as to the amount that can be contributed that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans.

In addition, the Company may make discretionary matching contributions on behalf of each participant in the amount equal to the percentage declared by the Company for the contribution period. For the year ended December 31, 2016, the Company did not make any discretionary matching contributions to the Plan.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times. A participant vests in the Company matching contributions at a rate of 20% after one year of service with full vesting upon completion of five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 % of their account balance. The maximum number of loans that can be outstanding at any time is two. Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings thereon. Employer contributions are allocated based on a percentage determined by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

1. Description of Plan *(continued)*

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2016 and 2015, the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the common/collective trust, which is reported at contract value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The common/collective trusts are valued at the NAV, as provided by the trustees of the funds, which are used as a practical expedient based on each fund's underlying investments. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies *(continued)*

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2013.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 18, 2017.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and State Street Bank and Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2016 to December 31, 2016 and State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions at December 31, 2015.

4. Investments

At December 31, 2016 and 2015, the Plan's investments consisted of the following:

	2016	2015
Investments, at Contract Value		
Common/collective trust	$ 592,412	$ 600,258
Investments, at Fair Value		
Mutual funds	4,197,373	3,629,805
Total Investments	$ 4,789,785	$ 4,230,063

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $234,702 for the year ended December 31, 2016.

5. Common/Collective Trusts

Reliance Trust Company Stable Value Fund

In 2016, the Plan added the Reliance Trust Company Stable Value Fund (the "Fund") to its investment offerings. The Fund is a fully benefit-responsive collective investment trust that was formed for the purpose of allowing plan sponsors of defined contribution plans qualified under Sections 401(a) and 501(a) of the IRC to invest in the MetLife Group Annuity Contract 20053 and MetLife Group Annuity Contract 37000. Both contracts were issued by Metropolitan Life Insurance Company to Reliance Trust Company, who is the trustee of the Fund.

Units of the Fund are valued daily. Unit purchases and redemptions are transacted at the NAV determined as of the close of business each day. The NAV per unit is computed by dividing the total net assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of unit values.

At December 31, 2016, the Fund represents approximately 12% of the Plan's net assets available for benefits. The Fund is recorded in the financial statements at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Putnam Stable Value Fund

Participants had the option to invest in a fully benefit-responsive stable value fund called the Putnam Stable Value Fund (the "PSV Fund"), which was replaced by the Fund as an investment option of the Plan. The PSV Fund was established and is maintained by Putnam Fiduciary Trust Company. The PSV Fund invests in high-quality guaranteed investment contracts ("GIC's") and similar contracts issued by insurance companies, banks and other financial institutions. The PSV Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies, and at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds. The PSV Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the PSV Fund may be made daily at the current net asset value.

5. Common/Collective Trusts *(continued)*

Putnam Stable Value Fund (continued)

Because the PSV Fund was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PSV Fund. The PSV Fund is presented on the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by Putnam Fiduciary Trust Company, represents contributions made to the PSV Fund, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the PSV Fund at contract value.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated July 16, 2014 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

8. Party-in-Interest Transactions

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
