Note A - Description of Plan

The following description of the Holiday Inn Midtown 401 (K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of HI 57, LLC (the "Company") who have completed six consecutive months of service, are age twenty-one or older, and who are not included in a unit of employees covered by a collective bargaining agreement or a nonresident alien. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

2. Contributions

Eligible employees may elect to contribute up to the Internal Revenue Service limitations, $18,000 for both 2016 and 2015. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of an additional $6,000 for both 2016 and 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans. The Company contributes 50 percent of the first 6 percent of the participants elective deferral to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

3. Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, and earnings and losses, and is also allocated forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service or upon termination of employment due to death, disability or satisfying conditions for early retiremnt.

5. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as printed in the Wall Street Journal) at the time they take their loan plus 1%. Principal and interest is paid ratably through weekly payroll deductions.

Note A - Description of Plan - Continued

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his beneficiary is entitled to receive 100 percent of his or her account. There are several methods of receiving payment under the plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeitures

Forfeitures of employer matching contributions and allocated earnings and losses thereon are used to reduce employer contributions and Plan expenses. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $626 and $1162, respectively. There were no forfeitures used to reduce employer contributions in 2016 or 2015.

Note B - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through July 21, 2017, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amounts participants normally would receive if they were to initiate permitted transactions under the terms of the plan. As of December 31, 2016 and 2015, there are no investment contracts respectively.

Note B - Summary of Significant Accounting Policies - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest Income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Murual funds and common stock are valued at quoted market prices that represent the value of shares held by the plan ay year end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits. See Note C for further discussion and disclosure related to fair value measurements.

Excess Contributions Payable

There were no excess contributions for the years ended December 31, 2016 and 2015.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses related to record keeping for the Plan are paid by the Plan to an unrelated third-party. Those expenses not paid by the Plan are paid for by the Company and are therefore excluded from these financial statements. The Plan paid $2,340 and $2,970 for administrative expenses related to the Plan for the years ended December 31, 2016 abd 2015, respectively.

New Accounting Pronouncements

In May 2015, the FASB issued Accounging Standards Update ("ASU) 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) ("ASU 2015-07"). ASU 2015-07 amended Accounging Standards Codification ("ASC") 820, Fair Value Measurement, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at faiir value using the net asset value per share practical expedient. The amendements are to be applied retrospectively and are effective for annual periods beginning after December 15, 2015, with early application permitted. The adoption of ASU 2015-07 has not had a material effect on the Plan's Statements of Net Assets Available for Benefits or Statements of Changes in Net Assets Available for Benefits.

Note C - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 for the periods presented.

Level 1 Measurements

The fair value of mutual funds is based on quoted net assets values of the shares as reports by the fund. The mutual funds held by the plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The supplemental schedules have a listing of Assets Held for Investment as of December 31, 2016 and 2015, which are all Level 1 investments.

Gains and losses included in the changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1, 2 and 3 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016 and 2015, there were no transfers between levels 1 and 2 or 3.

Note D - Related Party Transactions

Certain administrative expenses of the Plan are paid directly by the employer and are not charged to the Plan. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note E - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2016:

Oppenheimer Government Cash Reserves A	$ 2,251,759

Oppenheimer Government Cash Reserves A	$ 2,082,601
Oppenheimer Main Street A	803,231
Franklin Growth A	398,598
Oppenheimer International Growth A	207,707

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. However, this Plan's benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC) because the insurance provisions of ERISA do not apply to this particular Plan, upon termination.

Note G - Reconciliation of Financial Statements to Schedule H of Form 5500

There were no differences between the net assets available for benefits per the financial statements and Schedule H of Form 5500 for the years ended December 31, 2016 and 2015, respectively.

There were not differences between the benefits paid to participants per the financial statements and Schedule H of Form 5500 for the years ended December 31, 2016 and 2015, respectively.

Note H - Tax Status

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note H - Tax Status - Continued

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2013.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
