VIEWPOINT, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of Plan

The following description of the Viewpoint, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan maintained for the benefit of all eligible employees of Viewpoint, Inc. (the Company or Viewpoint). The Plan's investment committee manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. The Plan Sponsor and Plan Administrator is Viewpoint. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

Employees who are 18 years of age are eligible to participate in the Plan following one month of service. Eligible employees exclude (1) union employees, (2) certain nonresident aliens, (3) leased employees, and (4) temporary employees.

(c) Contributions

Contributions consist of employee elective deferrals and discretionary employer matching and profit sharing contributions. Participants may voluntarily contribute up to 50% of their compensation to the Plan, subject to limitation under the Internal Revenue Code (IRC). Participants age 50 and older may elect to make additional catch-up contributions up to the maximum annual amount allowed by the IRC. Additionally, participants have the ability to rollover amounts from other qualified plans. In 2016 and 2015, the Company made discretionary matching contributions in the amount of 50% of the first 6% of compensation contributed. In addition, the Company may make a profit sharing contribution determined annually at the Company's discretion. The Company did not make profit sharing contributions during 2016 or 2015. Contributions are subject to other limits under the IRC.

Participants are automatically enrolled at a 6% deferral rate unless they elect otherwise.

(d) Participant Accounts

Participant accounts are valued daily and maintained for each participant, which are credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings and expenses. Allocation of Plan earnings and expenses is based upon participant account balances. The benefit to which a participant is entitled is the vested amount in their individual account.

(e) Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Active participants employed on or after of February 1, 2016 are 60% vested after two years of credited service and 100% vested after three years of credited service unless the participant was a former participant in the Maxwell

Systems, Inc. 401(k) Plan, whose assets transferred into the Plan on May 1, 2014. Those participants are subject to the vesting schedules included in the Plan document based on the source of their employer contributions. Participants that terminated employment prior to February 1, 2016 are 25% vested after two years of credited service and 25% each year thereafter until fully vested.

(f) *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 not to exceed 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms cannot exceed 5 years unless such loan is for the purchase of a primary residence. The interest rate on loans outstanding as of December 31, 2016 ranged from 4.25% to 4.50% and mature through 2023.

(g) *Expenses*

The Plan's expenses are paid by Viewpoint or the Plan, as provided by the Plan document. For the years ended December 31, 2016 and 2015, direct expenses of approximately \$29,000 and \$32,000, respectively, were paid by the Plan. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantifiable.

(h) *Payment of Benefits*

A participant with an account balance greater than \$5,000 may elect to receive a lump-sum distribution or installments, following termination or attainment of age 59½. On termination of service, a participant with a vested account balance over \$1,000 but no more than \$5,000 will have their account transferred to an individual retirement account (IRA) selected by the Plan Administrator, unless directed by the participant. If the vested account balance is no more than \$1,000, unless elected by the participant, the entire account will be paid to the participant in a single lump-sum payment as soon as administratively possible following retirement or termination of employment.

(i) *Hardship Withdrawals*

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals and vested amounts from profit sharing and matching contributions as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

(j) *Forfeited Accounts*

The balances of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce future employer contributions. As of December 31, 2016 and 2015, forfeitures of approximately \$1,000 and \$21,000, respectively, were available to pay Plan expenses or reduce future employer contributions. During 2016 and 2015, approximately \$129,000 and \$101,000, respectively, of forfeitures were used to reduce employer contributions and pay administrative expenses.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized gains and losses on those investments from one period to the next.

(c) Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Benefits Payments

Benefits are recorded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

(3) Investments

The Plan's investments are held by Fidelity. Upon enrollment in the Plan, participants may direct investment of contributions among a variety of investments including a money market fund, mutual funds and a brokerage link option offered by Fidelity. Participants may change their investment options daily.

(4) Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market fund and mutual funds: Valued at the net asset value as reported on national securities exchanges at the end of each business day.

Brokerage link: The brokerage link holds money market funds, common stocks and mutual funds which are publicly traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016:

		Level 1	Level 2	Level 3	Total
Money market fund	\$	1,897,392	-	-	1,897,392

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015:

		Level 1	Level 2	Level 3	Total
Money market fund	\$	1,751,473	-	-	1,751,473
Mutual funds		35,784,489	-	-	35,784,489

	\$	<u>38,092,563</u>	<u>-</u>	<u>-</u>	<u>38,092,563</u>

(5) Risks and Uncertainties

The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances.

(6) Information Certified by the Trustee of the Plan

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedules was provided and certified by Fidelity, the Plan's trustee as of December 31, 2016 and 2015 and for the years then ended, as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest received on notes receivable from participants
- Schedule of assets (held at end of year)

(7) Exempt Party-in-Interest Transactions

Certain investments of the Plan are managed by Fidelity. Fidelity is the trustee as defined by the Plan, therefore, these investments represent exempt party-in-interest transactions.

Additionally, the Plan sponsor, Viewpoint, Inc. is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan which are exempt transactions.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

(9) Income Tax Status

Effective February 1, 2016, the Plan was restated utilizing a Fidelity Volume Submitter Defined Contribution Plan Document. Fidelity received an advisory letter from the Internal Revenue Service (IRS) on March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to the restatement, the Plan utilized a previous version of Fidelity's Volume Submitter Defined Contribution Plan Document which had an advisory letter from the IRS dated March 31, 2008. The Plan has been amended since receiving the advisory letters. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2016 and 2015.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Non-exempt Transactions

During 2016, certain contributions totaling \$510,422 were identified that were not remitted to the Plan by the Company within the time period required by the Department of Labor. These late remittances constitute a prohibited transaction as defined by ERISA. Management has yet to remit the lost earnings to the impacted participants.

(11) Subsequent Events

The Plan evaluated subsequent events through September 22, 2017, the date these financial statements were available to be issued.
