NOTE A – DESCRIPTION OF PLAN

The following description of the S-1 Holdings Corporation and Lexjet Corporation Employees Savings Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of S-1 Holdings Corporation and Lexjet Corporation (the "Company") who are at least 21 years of age and have completed three consecutive months of service, with one hour of service in that period of time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to $18,000 for the year ended December 31, 2016, of pre-tax annual compensation, as defined in the Plan and limited by IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, guaranteed investment contract, common/collective insurance trust and pooled separate account investment options for participants. Employees who meet eligibility for deferral will qualify for Company match and employer contributions after performing one year of service and 1,000 hours of service during the Plan year. For employer contributions you must also be employed on the last day of the Plan year. The Company contributes a discretionary matching contribution, currently at 100% of the amount that a participant contributes up to 3%, 50% up to 4% and an additional 50% up to 5% (with a maximum match of 4%). The Company's matching contribution is invested in the investment options above as directed by the participant. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and, (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. A year of credited service is any year that the participant works 1,000 hours or more.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and the rate is fixed for the life of the loan. The calculated interest rate will be a commercially reasonable rate of interest that is charged for similar types of loans by other lenders. Loan term may not exceed five years, however if the loan is for the purchase of a primary residence, the term may be 10 years. Loans are in arrears and delinquent when any payment is missed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various other options receiving installments over an assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts: Forfeited amounts from a terminated participant do not become available to the Company until the terminated participant requests a distribution from their account. These unvested amounts are used to reduce future employer contributions and Plan expenses. During the years ended December 31, 2016 and 2015, employer contributions were offset by forfeitures of $120 and $837, respectively. The forfeiture account had no balance as December 31, 2016 and 2015.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes, therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit responsive investments that are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments are participant directed. The Plan’s management determines the Plan’s valuation policies, utilizing information provided by the investment advisors, custodians and insurance company. See Note D for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued): Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Responsive Investment Contracts: For these investments the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a Fixed Income Guaranteed Option. For these investments the transactions are executed using the contract value without adjustment and therefore the contract value will be equal to fair value. The statements of net assets available for benefits as of December 31, 2016 and 2015, presents the fair value of the investment which equals the contract value.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions for participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Reclassifications: Certain amounts in the 2015 financial statements have been reclassified to conform with 2016 presentation with no effect on previously reported net increases in net assets available for benefits.

NOTE C – INFORMATION CERTIFIED AND PROVIDED BY PRINCIPAL LIFE INSURANCE COMPANY AND PRINCIPAL TRUST COMPANY

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan, except for comparing such amounts to information included in the Plan's financial statements and supplemental schedule.

The Plan administrator has obtained certifications from the custodians that the following information is complete and accurate:

	2016	2015
Statement of net assets available for benefits		
Mutual funds, fair value	2,146,535	1,605,821

Notes receivable from participants	380,615	413,689
Statement of changes in net assets available for benefits		
Net appreciation in fair value of investments	612,059

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Account	Valuation Methodology
Mutual Funds	Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is a quoted price in an active market. These accounts will settle within industry standard settlement periods and there are no unfunded commitments.
Pooled Separate Accounts	Valued at the accumulation unit value (AUV) of units held by the Plan at year end. These accounts are redeemable on a daily basis and there are no unfunded commitments.
Collective Investment Trust	Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less it liabilities. These accounts are redeemable on a daily basis and there are no unfunded commitments.
Guaranteed Investment Contract	Valued at fair value by adjusting to the amount payable on demand at the reporting date under the surrender provisions of the contract. As these investments are contract based, observable prices for identical or similar investments do not exist. The accounts are redeemable on a daily basis and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,146,535	-	-	2,146,535
Pooled Separate Accounts	-	2,105,869	-	2,105,869
Total investments at fair value	$ 2,146,535	2,105,869	-	4,252,404
Collective Investment Trust [(a)]				4,607,753
Guaranteed Investment Contract [(a)]				435,690
Investments at fair value				$ 9,295,847

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,605,821	-	-	1,605,821
Pooled Separate Accounts	-	1,794,019	-	1,794,019
Total investments at fair value	$ 1,605,821	1,794,019	-	3,399,840
Collective Investment Trust [(a)]				3,953,634
Guaranteed Investment Contract [(a)]				294,716
Investments at fair value				$ 7,648,190

[(a)]In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Other than changes due to the adoption of new accounting pronouncements in 2015, there were no significant transfers of investments among levels during the years ended December 31, 2016 and 2015.

NOTE E − GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY AND PRINCIPAL TRUST COMPANY

The Principal Fixed Income Guaranteed Option is a fully benefit responsive guaranteed investment contract with Principal Life Insurance Company ("Principal Life"). A rate of interest contractually guaranteed by Principal Life is credited to participant account balances. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Most participant contributions are executed using contract value without adjustment. Therefore, for these investments the Plan holds, the contract value is equal to the fair value. No transfer charges apply to participants; no redemption fees, early withdrawal charges or market value adjustments are charged on participant transfers of assets into or out of the investment. These contracts do have surrender charges if they are terminated by the contract holder or a plan terminates its interest in such contracts within certain time periods.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F − RELATED−PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts, guaranteed investment contract and collective investment trusts that are managed by Principal Life Insurance Company and Principal Trust Company as of December 31, 2016 and 2015, and for the Plan year ended December 31, 2016. Principal Life Insurance Company and Principal Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

Other	-	-
Net assets available per Form 5500	$ 9,714,121	8,061,879

The following is a reconciliation of changes in Net Assets Available for Benefits per the financial statements during the year ended December 31, 2016, to Form 5500:

Net increase in plan benefits per the financial statements	$ 1,615,781

Other	-
Net increase in plan benefits per the Form 5500	$ 1,652,242

NOTE I –TAX STATUS

The IRS has determined, and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the favorable opinion letter, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K– SUBSEQUENT EVENTS

The Plan administrator has evaluated all subsequent events through September 14, 2017, the date the financial statements were available to be issued.
