**SOLARAY LLC 401(k) PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2016 and 2015**

## Note 1 – Description of the Plan

Solaray LLC (the Company or Employer) sponsors the Solaray LLC 401(k) Profit Sharing Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for collective bargaining employees and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the 401(k) Administrative Committee, which is a committee appointed by the Company's board of directors. Lincoln Financial Group Trust Company, Inc. (the Trustee) serves as the trustee of the Plan, processes and maintains the records of the participant data and holds the Plan assets.

### Eligibility

Nonexcluded employees who have reached 21 years of age and have completed three months of service are eligible to participate in the Plan. Participants may enroll on the first day of the month after satisfying eligibility requirements.

### Contributions

Participants may contribute a minimum of 1% up to 100% of eligible compensation, as defined, as pretax deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also provides for discretionary Employer matching contributions. During 2016, the Company matched 50% of deferrals up to 4% of a participant's eligible compensation, as defined. Employer matching contributions are based on deferrals made each payroll period.

Additional amounts may be contributed by the Employer under the Plan's nonelective provisions at the discretion of the Company's board of directors. Allocations of nonelective contributions are based on the proportion of each participant's compensation to the total of all participants' eligible compensation, as defined. No nonelective contributions were made in 2016.

Contributions are subject to certain limitations.

### Participant accounts

Each participant's account is credited with participant contributions and Employer matching contributions, and allocations of Employer nonelective contributions and Plan earnings. Participant

accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is based upon years of continuous service as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than two years | 0% |
| Two, but less than three | 20% |
| Three, but less than four | 40% |
| Four, but less than five | 60% |
| Five, but less than six | 80% |
| Six years or more | 100% |

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%, which is based on prime rate plus 1% on the date of origination. Two loans may be outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the Trustee. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are used to reduce Employer contributions or to pay Plan administrative expenses. For the year ended December 31, 2016, forfeitures in the amount of $13,607 were used to reduce Employer matching contributions. The Plan had no unallocated forfeitures at December 31, 2016 or 2015.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

**Note 2 – Summary of Significant Accounting Policies**

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements and Note 5 for contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Refund of excess contributions

The Plan failed to pass the Average Deferral Percentage and the Actual Contribution Percentage for the years ended December 31, 2016 and 2015. Refund of excess contributions is reported as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through September 14, 2017, the date the financial statements were available to be issued.

The Plan was restated effective January 1, 2017, with no significant changes to Plan provisions.

**Note 3 – Information Certified by the Plan's Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2016 and 2015;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

**Note 4 – Fair Value Measurements**

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities. |
| Level 3 | Significant unobservable inputs. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2016 and 2015. During the year ended December 31, 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodology used for assets measured at fair value:

*Mutual funds and exchange traded funds* – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

| | Fair Value Measurements as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds and total investments at fair value | $ 4,099,024 | $ - | $ - | $ 4,099,024 |

| | Fair Value Measurements as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds and total investments at fair value | $ 3,043,260 | $ - | $ - | $ 3,043,260 |

**Note 5 – Fully Benefit Responsive Investment Contract**

The Plan holds a traditional fully benefit responsive investment contract issued by Lincoln National Life Insurance Company (Lincoln Life). Lincoln Life maintains the contributions in a general account. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit responsive investment contract is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contraction obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

**Note 6 – Related Party and Party-in-Interest Transactions**

Certain administrative expenses, totaling approximately $15,500, were paid by the Company on behalf of the Plan for the year ended December 31, 2016. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The Lincoln Stable Value Account is issued by Lincoln Life, an affiliate of the Trustee. These transactions quality as party-in-interest transactions. Certain fees incurred by the Plan are included in net appreciation in fair value investments.

**Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

**Note 8 – Tax Status**

The Company adopted a Volume Submitter Profit Sharing Plan (the VSPS Plan) sponsored by Lincoln Financial Group Trust Company, LLC. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**Note 9 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

**Note 10 – Prohibited Transaction**

During the year ended December 31, 2016, the Company inadvertently failed to deposit $224 of participant contributions within the required timeframe as stated by the Department of Labor (DOL). The DOL considers late deposits to be nonexempt prohibited transactions. The Company will pay lost earnings and applicable excise taxes in 2017.

**Note 11 – Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
