Report on the Financial Statements

We were engaged to audit the accompanying financial statements of KES Acquisition Company Union 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the KES Acquisition Company Union 401(k) Plan (formerly the KES Acquisition Company 401(k) Profit Sharing Plan and Trust) (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. KES Acquisition Company ("KES" or the "Company") is the "Plan Sponsor" and "Plan Administrator" of the Plan.

General

The Plan is a defined contribution 401(k) plan covering employees of KES, who are subject to collective bargaining agreements and who have attained age 21. All covered employees will be eligible to participate in the Plan upon obtaining one month of eligible service with no minimum hours requirement and may enter the Plan on the first day of the month following satisfaction of the eligibility requirements. The Plan is designed to operate under the provisions of Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In January, 2015, non-union plan assets were transferred into the Optima Specialty Steel 401(k) Retirement Savings Plan.

Contributions

Participants may contribute up to 50% (subject to certain exceptions) of their pretax earnings as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified plans with the exception of rollovers of designated Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and one Common/Collective Trust Fund as investment options for participants.

The Company contributes 100% of the first 8% of compensation that a participant contributes to the Plan. The Company may also make an additional discretionary contribution.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's matching contributions, employer elective contribution and the participant's share of Plan earnings, and charged with an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately 100% vested in both their contributions and investment earnings thereon. All participants will vest 100% after one year in KES match contributions and will vest 100% after three years of service in KES non-elective contributions.

Forfeited Accounts

Forfeiture of Company contributions may be used to pay administrative expenses or to reduce future Company matching contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$158 and \$156, respectively. There were \$-0- and \$156 of forfeitures during the years ended December 31, 2016 and 2015, respectively.

Payment of Benefits

Normal retirement age is 65. Retirement, death, disability and termination of employment benefit payments are made by a lump sum payment. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59-1/2 years of age. Participants may also receive hardship distributions, as described in the Plan, from their deferral contribution and all vested accounts. Participants may not make withdrawals of Company contributions more frequently than twice in a 12 month period.

Notes Receivable From Participants

Participants may borrow from their account up to the lesser of (i) \$50,000 reduced by the excess, if any, of their highest outstanding loan balance in the prior year over their existing loan balance and (ii) 50% of their vested account balance. Only one loan may be outstanding at any given time. Loan terms range from one to five years, with the exception of loans used for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed, currently 5.25% - 5.50%. Principal and interest are paid ratably through payroll deductions.

Plan Amendments

Subsequent to December 31, 2016, there were several amendments to the Plan. Effective June 1, 2017, the age requirement was removed for entering the Plan. Effective the same date, the contribution limit was raised to 100% (subject to certain exceptions) of the participants' pretax earnings as defined in the Plan, and rollovers of Roth contributions are now allowed in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting Standards Codification ("ASC") 962, Plan Accounting - Defined Contribution Pension Plans, states that investment contracts held by a defined-contribution plan are required to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in Common/Collective Trust ("CCT") investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the Statement of Net Assets Available for Benefits presents the investment contracts held in the Common/Collective Trust Funds at fair value which approximates contract value. See Note 7 for a description of the CCT valuation.

Investments - Valuation

The Plan's investments are reflected in the financial statements at fair value as determined by the Trustee in accordance with ASC 820, Fair Value Measurements and Disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 7 for discussion of fair value measurements.

Investment Transactions and Income

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In accordance with the policy of stating investments at fair value, net appreciation or depreciation for the year (including both realized and unrealized gains and losses) is reflected in the statements of changes in net assets available for benefits. Net investment income from mutual funds includes realized and unrealized gains and losses.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all participant loans with no payments received for six months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2016 and 2015, approximately \$70,000 and \$13,000, respectively, were recorded as deemed distributions.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

Contributions

Participant contributions are made through payroll deductions and are recorded as additions to net assets available for benefits when the deduction is made. Company contributions are recorded as additions to net assets available for benefits when such liability arises. Participant contributions not yet deposited and amounts not funded by the Company are recorded as contributions receivable.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Recently Issued Accounting Standards

The Financial Accounting Standards Board (FASB) recently issued Accounting Standards Update (ASU) 2014-15, 2015-07, ASU 2015-10, and ASU 2015-12.

*ASU 2014-15, Presentation of Financial Statements - Going Concern
(Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to
Continue as a Going Concern*

ASU 2014-15 requires management to evaluate, at each annual and interim reporting period, whether there are conditions or events that raise substantial doubt about the entity's ability to continue as a going concern within one year after the date the financial statements are issued and provide related disclosures. ASU 2014-15 is effective for the annual periods ending after December 15, 2016 and interim periods thereafter, early adoption is permitted. The adoption of ASU 2014-2015, other than the additional required disclosures, did not have a material effect on the Plan's financial statements.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)

This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient, as well as the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. It limits the disclosures to investments for which the entity has elected to measure the fair value using that practical expedient.

For the Plan, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan has elected not to early adopt this new standard.

ASU 2015-10, Technical Corrections and Improvements

Included in this ASU is a change in the FASB definition of readily determinable fair value. The amendments that require transition guidance are effective for all entities for fiscal years beginning after December 15, 2015. The Plan has adopted this new standard.

ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)

This ASU consists of three parts (Parts I, II and III) which apply to reporting entities that follow the requirements in Topics 960, 962 and 965. It is effective for fiscal years beginning after December 15, 2015. The Plan has adopted Parts I and II. Part III is not applicable to the Plan.

Part I. Fully Benefit-Responsive Investment Contracts

The guidance in Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts and requires entities to disclose the contract value of each type of fully benefit-responsive investment contract. It also eliminates fair value and certain other reporting requirements for fully benefit-responsive investment contracts.

The ASU also clarifies that indirect investments in fully benefit-responsive investment contracts (e.g. stable value common or collective trusts) should not be reflected as fully benefit-responsive investment contracts and therefore those indirect investments should be reported at fair value. The Plan elected to adopt Part I of this ASU for the year ended December 31, 2016. The adoption of Part I of this ASU impacted the Statement of Net Assets Available for Benefits as the Stable Value Fund is no longer reflected as a fully benefit-responsive investment contract and as such the investment is now measured at fair value without an adjustment to contract value.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

Part II. Plan Investment Disclosures

The guidance in Part II of the ASU, among other things, eliminates disclosure of (i) individual investments that represent 5% or more of net assets available for benefits; (ii) the net appreciation or depreciation for investments by general type; and (iii) investment information disaggregated based on nature, characteristics and risks under Topic 820. The Plan elected to adopt Part II of this ASU for the year ended December 31, 2015. Other than the elimination of the above noted disclosures, the early adoption of Part II of the ASU did not have a material impact on the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2017, the date on which the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company is the Trustee of the Plan. The Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

<i>December 31,</i>	2016	2015
Investments at fair value	\$ 6,651,206	\$ 6,624,663

<i>Years Ended December 31,</i>	2016	2015
Net appreciation (depreciation) in fair value of investments	\$ 137,416	\$ (174,247)
Dividends	112,734	181,119
Interest	49,685	48,701

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information to the related information included in the financial statements and supplemental schedule.

4. Party-In-Interest Transactions

The Plan invests in accounts maintained by the Trustee who is considered a party in interest and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses paid by the Plan to the Trustee amounted to \$10,103 and \$9,362 for the years ended December 31, 2016 and 2015, respectively.

Certain costs of administering the Plan are paid by the Company.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

6. Income Tax Status

Based upon the Trustee's receipt of a favorable determination letter from the Internal Revenue Service dated March 31, 2014 with respect to a prototype plan on which the Plan is based, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

7. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015.

Mutual Funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

Common/Collective Trust - CCTs represent investments with various investment managers. Units held in CCTs are valued at the unit value as reported by the investment managers, with the exception of CCTs holding fully benefit-responsive investment contracts. The Plan held shares of CCTs that had investments in fully benefit-responsive investment contracts. For purposes of the Statements of Net Assets Available for Benefits, the CCTs were stated at fair value which approximates contract value. As provided in ASC 962, an investment contract is generally required to be reported at fair value, rather than contract value, to the extent it is fully benefit responsive. The fair value of such investment contracts held by the CCTs is determined using the market price of the underlying securities and the value of the investment contract as determined by the trustee.

The investment strategies for investments that use the NAV practical expedient under ASU 2009-12 are as follows:

CCT - Putnam Stable Value Fund (the "Fund") is a Fund established and maintained by Putnam Fiduciary Trust Company as trustee, pursuant to the Declaration of Trust for the Putnam Fiduciary Trust Company Investment Funds for Pension and Profit Sharing Trusts, as amended and restated March 31, 2008. The Fund invests primarily in guaranteed investment contracts ("GICs") or funding agreements, security-backed investment contracts ("SBICs"), separate accounts issued or wrapped by insurance companies, banks or other financial institutions, or externally managed stable value commingled investment funds (collectively, all such investments are referred to herein as "Investment Contracts"). The Investment Contracts are non-transferable, but provide for benefit responsive withdrawals by Plan participants at contract value. In determining Investment Contracts' value, the trustee considers such factors as the benefit-responsiveness of the Investment Contracts and, with respect to SBICs, the contingency provisions in the contract in the event of a default by the issuer of underlying securities. Investment Contracts will normally be held to maturity, and meet the fully benefit-responsive requirements of ASC 962, *Plan Accounting - Defined Contribution Pension Plans*. The Fund may also invest in high-quality money market instruments or other similar short-term investments.

The investment objective of the Fund is to provide a competitive yield with minimal market-related risk through investing in a variety of GICs, SBICs, and money market instruments.

The fair value of traditional GICs owned by the CCT is determined using a discounted cash flow methodology where individual contract cash flows are discounted at the prevailing market interpolated GIC rate as of year end. For example, a GIC with a maturity of 2.5 years will use an interpolated rate of 50% 2 year GIC and 50% 3 year GIC.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

<i>Fair Value Measurements at Reporting Date Using:</i>			
<i>December 31, 2016</i>	<i>Fair Value</i>	<i>Level 1</i>	<i>Level 2</i>
Common/Collective Trust Fund	\$ 3,534,223	\$ -	\$ 3,534,223
Mutual funds	3,116,983	3,116,983	-
Total Investments at Fair Value	\$ 6,651,206	\$ 3,116,983	\$ 3,534,223

<i>Fair Value Measurements at Reporting Date Using:</i>			
<i>December 31, 2015</i>	<i>Fair Value</i>	<i>Level 1</i>	<i>Level 2</i>
Common/Collective Trust Fund	\$ 3,388,480	\$ -	\$ 3,388,480
Mutual funds	3,236,183	3,236,183	-

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value ("NAVs") per share as of December 31, 2016 and 2015, respectively.

<i>December 31, 2016</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency (If Currently Eligible)</i>	<i>Redemption Notice Period</i>
Common collective trust fund - Putnam Stable Value Fund (a)	\$ 3,534,223	N/A	Daily	Daily

KES Acquisition Company Union 401(k) Plan

Notes to Financial Statements

<i>December 31, 2015</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency (If Currently Eligible)</i>	<i>Redemption Notice Period</i>
Common collective trust fund - Putnam Stable Value Fund (a)	\$3,388,480	N/A	Daily	Daily

(a) The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and, pursuant to liquidity and deposit agreements, stable value funds with investment policies and other provisions similar to those of the Fund. Withdrawals from the Fund are generally permitted daily at contract value.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Going Concern

Voluntary Chapter 11 Filing

On December 15, 2016 (the "Petition Date"), Optima Specialty Steel, Inc. and its subsidiaries (collectively the "Debtors"), filed a voluntary petition in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court" or the "Court"), seeking relief under Chapter 11 of Title 11 of the United States Bankruptcy Code (the "Bankruptcy Code"). During the Chapter 11 proceedings, the Debtors continue to operate the business and manage its properties as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court.

The timing of emergence from bankruptcy is dependent upon court proceedings and negotiation among the parties involved. The debtors are currently working on a plan of reorganization with the Bankruptcy Court.

Going Concern Assumption

The Plan financial statements have been prepared using the going concern assumption which contemplates the Company's continuity of operations, realization of assets and satisfaction of liabilities in the ordinary course of business. The accompanying Plan financial statements do not include any adjustments that might be necessary if the Company or the Plan is unable to continue as a going concern.
