1. DESCRIPTION OF PLAN

The following description of the Banesco USA (the "Bank") 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is established by the Plan sponsor and employer, Banesco USA. The Plan is a defined contribution plan, which covers all employees who have completed 3 months of service and attained the age of 21. The contributory portion of the Plan is based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Elective deferrals by participants are based on a percentage of their compensation as defined in the Plan agreement, which are subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees also may rollover account balances from other plans into their account.

The Bank may, at the sole discretion of the Board of Directors, contribute to each participant's account a matching contribution, which is a percentage of the participant's elective contribution for the year. The Bank elected to make matching contributions equal to 100% of the first 3% of the participant's compensation contributed to the Plan and 50% of the next 2% of the participant's compensation contributed to the Plan subject to certain limitations as specified in the Plan agreement.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, if any, and an allocation of (a) the Bank's contributions and (b) Plan's earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participant's deferrals, rollovers and vested employer contributions.

Investment Options

Participants may direct the trustee to invest their elective 401(k) contributions, rollovers, if any, as well as employer matching contributions to the Plan in any of the available investment options. Participants can individually determine their investment options based on desired level of risk and return for all contributions (employer and participant) to the Plan.

Vesting

Participants are vested immediately in their contributions and in their employer contributions plus actual earnings thereon.

Payment of Benefits

Upon termination of service, due to employment termination, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or through installment payments over a period not to exceed the life expectancy of the participant or beneficiary of the participant.

Forfeitures

Forfeitures resulting from the termination of nonvested employees are used to reduce subsequent employer contributions or administrative expenses. Forfeitures were applied to administrative expenses and employer's contributions in 2016 and 2015.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their vested account balance. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance under the Plan provisions during the previous twelve-month period. The loans are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

During the year ended December 31, 2016, administrative expenses amounting to $3,475 were paid by the Plan and shown as a deduction from net assets. Additionally, all fees and expenses of the Plan for legal, accounting, and other miscellaneous administrative services are paid by the Bank.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in NOTE 7. Fair value estimates involve uncertainties and matters of significant judgment. Changes in assumptions or in market conditions could significantly affect the estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is reflected as interest income on notes receivable from participants on the accompanying Statement of Changes in Net Assets Available for Benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2017, which is the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

	December 31,	
	2016	**2015**
Interest in registered investment companies	$ 5,671,088	$ 4,315,342
Notes receivable from participants	268,188	208,997
Total	**$ 5,939,276**	**$ 4,524,339**

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (CONTINUED)

	Year Ended December 31, 2016
Investment income:	
Net appreciation in fair value of investments	$ 195,840
Dividends	148,055
Total investment income	343,895
Interest income on notes receivable from participants	12,319
Total	**$ 356,214**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Fees paid by the Plan for these services are included in the net appreciation in fair value of investments.

6. TAX STATUS

The Plan has adopted a standardized plan, which has obtained an Internal Revenue Service ("IRS") letter on July 16, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended from that prototype since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

7. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: Valued at quoted market prices of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2016	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest in registered investment companies	$ 5,671,088	$ 5,671,088	$ -	$ -
Total assets at fair value	**$ 5,671,088**	**$ 5,671,088**	**$ -**	**$ -**

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2015	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
