NOTE 1 – DESCRIPTION OF PLAN

The following description of the Minnewaska Lutheran Home ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company who have completed one year of service and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coverage begins on the first day of the month coinciding with or next following the date on which such requirements are satisfied.

The Plan was originally established on January 1, 2002. The Plan has been restated for the law changes and regulations, which is required by the Internal Revenue Service for all qualified plans every six years, which was effective February 18, 2015. A new determination letter was received for the Plan in 2015. The Plan's year-end is December 31.

Contributions

Employees who meet the minimum requirements may begin making contributions to the Plan. A participant may contribute up to the maximum elective deferral of $18,000 for both of the years ended December 31, 2016 and 2015. If the participant is age 50 and older, there is an additional amount allowed for catch-up contributions in the amount of $6,000 for both of the years ended December 31, 2016 and 2015. The Company has elected to make matching contributions to the Plan equal to 50% of the first 2% of compensation that is elected to be deferred for the period January 1, 2016 through May 23, 2016). Effective May 24, 2016, the Company has elected to make matching contributions to the Plan equal to 50% of the first 4% of compensation that is elected to be deferred.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary profit sharing contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service as follows:

After 1 year	20%
After 2 years	40%
After 3 years	60%
After 4 years	80%
After 5 years	100%

Participants become fully vested upon normal retirement age, death, total and permanent disability or Plan termination.

Investment Options

Participants may direct contributions in to a variety of money market and other mutual funds.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Forfeitures

Terminated employees forfeit their non-vested portion of the Company's previous contributions, if any. Forfeitures by non-vested participants are used to reduce administrative expenses and any remaining forfeitures will be used to reduce employer contributions. The forfeitures used for administrative expenses was $1,446 and $1,037 as of December 31, 2016 and 2015, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4% to 9%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, attaining age 65, termination, or hardship as defined by the Plan, employees may request a distribution of their vested balance in the form of a lump-sum distribution or substantially equal installments. Upon death of a participant, a death benefit shall be made pursuant to the election of the Participant or beneficiary. Active employees who become totally or permanently disabled become fully vested and are eligible to receive benefits in the form described above. Minimum distributions begin at age 70 ½.

Bond

The Plan is currently covered by a $100,000 fidelity bond with Allied Insurance Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These financial statements are prepared under the accrual method of accounting. The Plan has no Fully Benefit Responsive Investment Contracts that would have to be reported as described in Financial Accounting Standards Board Staff Position FSP AAG INV-1 and SOP 94-4-1.

Date of Management's Review

Subsequent events were evaluated through August 4, 2017, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and are reported as part of the net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company has elected to pay substantially all costs of administering the Plan and is excluded from these financial statements. Fees related to notes receivable from participants, payment of benefits, and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. They are entirely comprised of cash equivalents and mutual funds. The money market account and mutual funds are based on quoted net asset values (Level 1) of $808,474 and $808,124 as of December 31, 2016 and 2015, respectively.

The Fair Value Measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 1 inputs were available for all investments so there were no Level 2 or Level 3 inputs used.

Level 1 Fair Value Measurements

Following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

The December 31, 2016 and 2015 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $808,474 and $808,124 at December 31, 2016 and 2015, respectively.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Plan fees may be paid directly by the employer or deducted from the individual participant's account, such as fees charged by TransAmerica and fees charged by the Plan Sponsor to be allocated to the participants. Transaction fees such as establishment and maintenance of loans, distributions and withdrawals may also be charged against the participant's account. Asset-Based Fees or Contract Asset Charges (CAC) may also be charged against the participant's account. CACs is calculated based on the total assets in the Plan and the actual amount deducted from a participant's account is based on the total account balance for the Plan.

NOTE 7 – TAX STATUS

The Plan follows a volume submitter profit sharing plan with CODA provided by TransAmerica Retirement Solutions Corporation. The Internal Revenue Service has determined and informed TransAmerica Retirement Solutions Corporation by letter dated March 31, 2014 that the volume submitter profit sharing plan with CODA is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - ACCOUNTING FOR UNCERTAINTY IN INCOME TAX

The Plan has been formed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 and Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan's open audit periods are for the years ended December 31, 2013 through 2015.

In June 2006, the Financial Accounting Standards Board issued ASC 740-10 (formerly known as FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*), which prescribed a comprehensive model for how a Plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that a Plan has taken or expects to take on a tax return. The Plan has adopted ASC 740-10 and believes that the income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's net assets available for benefits and changes in its net assets available for benefits as a result of the implementation of ASC 740-10.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
