NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Certified Power, Inc. (Company) 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Restatement

Effective January 1, 2016, the Plan was restated to change the eligibility service period from one year of service to 90 days of service. The employer match eligibility service period was changed from one year to six months of service. The eligibility date changed from the first of the quarter following the date of eligibility to immediately upon reaching eligibility.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have 90 days of service and are age 21 or older. Initial enrollment is available immediately after reaching eligibility. Contributions to the Plan are discretionary. To participate in the employer matching portion of the Plan an employee must complete six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for discretionary employer-matching contributions. The Company contributed $265,051 to the Plan during the year ended December 31, 2016. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Participants' contributions and the employer discretionary matching contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Notes receivable terms range from 1 to 5 years or up to 15 years if used to purchase a principal residence. The loans are secured by the balance in the participant's account. The loans are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan agreement. The Plan allows for a pre-retirement distribution of benefits, as defined by the Plan agreement. Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the Plan document. The Company must approve any such hardship withdrawals.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Transfer to this Plan

In 2016, the Company acquired another company. As a result of this acquisition, the accounts of the acquired company's participants transferred to this Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Adoption of Accounting Policies – Going Concern Evaluation

In August 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-15 Presentation of Financial Statements – Going Concern (Subtopic 205-40). For the year ended December 31, 2016, the Plan adopted ASU No. 2014-15, which requires management to assess, for each interim and annual reporting period, whether adverse conditions or events, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for the one-year period following the date the financial statements are available for issue. ASU No. 2014-15 also requires management to consider whether it is probable that their plans to mitigate identified adverse conditions or events will be effectively implemented and whether it is probable that, if implemented, their plans will mitigate the identified conditions or events that raised substantial doubt. In addition, ASU No. 2014-15 requires disclosures be made in periods when substantial doubt is raised. Management's assessment did not identify any conditions or events which raise substantial doubt about the Plan's ability to continue as a going concern for the period from September 20, 2017, to September 20, 2018.

Subsequent Events

Subsequent events have been evaluated through September 20, 2017, the date that the financial statements were available for issue.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTE 3 - FAIR VALUE MEASUREMENTS, CONTINUED

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Pooled separate accounts: Primarily valued at net asset value (NAV) per share based on quoted market prices of underlying investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
	$ -	-	-	-
Total assets in the fair value hierarchy	-	-	-	-
Assets measured at NAV[(a)]	-	-	-	21,823,484
Total assets at fair value	$ -	-	-	21,823,484

NOTE 3 - FAIR VALUE MEASUREMENTS, CONTINUED

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
	$ -	-	-	-
Total assets in the fair value hierarchy	-	-	-	-
Assets measured at NAV[(a)]	-	-	-	20,128,452
Total assets at fair value	$ -	-	-	20,128,452

[(a)] In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 21,823,484	N/A	Daily	None

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 20,128,452	N/A	Daily	None

NOTE 3 - FAIR VALUE MEASUREMENTS, CONTINUED

Pooled separate accounts consist of the following types of investments:

Fixed Income - seek maximum total return, consistent with preservation of capital and product investment management by investing primarily in high yield, high risk securities.

Retirement Income/balanced funds - seek to provide the highest total return over time, consistent with an emphasis on both capital growth and income primarily through investment in debt and equity securities, both U.S. and foreign.

Small cap funds - seek to provide growth of capital through investment in common stocks selected on the basis of potential for capital appreciation and may invest in securities of foreign issuers and non-dollar securities.

Mid cap funds - seek to provide growth of capital through investment in stocks of small and medium sized companies exhibiting positive growth characteristics.

Large cap funds - seek to provide long-term growth of capital and conservation of principal by investing primarily in common stocks of U.S. and foreign companies that have solid long-term growth records and the potential for good future growth. The fund may also invest in small or medium capitalization companies.

International/global funds - seek long-term growth of capital while providing current income by investing in global common stocks and debt securities, denominated in U.S. dollars or other currencies. The fund may also invest in issuers in developing countries.

NOTE 4 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and guaranteed a investment contract managed by Prudential Insurance Company of America (Prudential). Prudential is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $9,050 for the year ended December 31, 2016.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - TAX STATUS OF PLAN

The Plan adopted a non-standardized form of a prototype plan sponsored by Prudential. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since the date of the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore no income taxes have been recorded in the Plan's financial statements.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administration has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administration believes it is no longer subject to income tax examination for years prior to 2013.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants bear interest at 4.25 - 5.25%. Notes receivable from participants consisted of the following as of December 31, 2016 and 2015.

		2016	2015
Various participants	$	343,133	246,622

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Prudential totaling $3,748,623 for 2016 and $3,368,678 for 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.
