PendaForm Company Employees' 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the PendaForm Company Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Penda Corporation (the "Employer") who are at least 21 years of age and have completed three months of service, as stipulated by a plan amendment adopted in February 2016. Participants hired before February 1, 2016 were required to complete six months of service to become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 22, 2016, the Employer was acquired by Trienda Holdings, L.L.C. The acquisition had no impact on the Plan or its operations.

Contributions

Each year, participants may contribute up to 100% of pretax and after tax annual compensation, as defined in the Plan. Contributions are subject to certain IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan was amended effective July 1, 2016 to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate automatically increases by 1% each year up to 10% of eligible compensation. The Employer may make discretionary matching contributions. In 2016, the Employer matched participant contributions at 30% of contributions of up to 4% of eligible earnings, and 40% of contributions thereafter, up to a maximum of 6% of eligible earnings.

Additional profit sharing contributions may be made at the discretion of the Employer's board of directors. In order to be eligible for the profit sharing contribution, a participant must be employed as of the last day of the Plan year and perform 1,000 hours of service during the year. No profit sharing contributions were made for the year ended December 31, 2016.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary Employer matching contributions, and allocations of (a) the Employer's profit sharing contribution (if any) and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions, discretionary Employer matching contributions, and profit sharing contributions, plus actual earnings thereon.

The Plan was merged with the Durakon Industries, Inc. Employees' Retirement & Savings Plan (Durakon Plan) and the Fabri-Form Company 401(k) Plan and Trust (Fabri-Form Plan) in August 2010 and February 2014, respectively. Participants who were participants in the Durakon Plan and the Fabri-Form Plan are immediately vested in their salary reduction contributions, rollover, and discretionary Employer matching and profit-sharing contributions, plus actual earnings thereon, for all amounts contributed since August 1, 2010 and February 1, 2014, the date of the Plan's merger with the Durakon Plan and the Fabri-Form Plan, respectively. For all amounts contributed prior to those dates, participants are immediately vested in their salary reduction and rollover contributions, and vest in their Employer matching and profit-sharing contributions, and earnings thereon, as follows:

Years of Service	Vesting % Durakon	Vesting % Fabri-Form
Less than 1 year	0 %	0 %
1 year	20 %	0 %
2 years	40 %	20 %
3 years	60 %	40 %
4 years	80 %	60 %
5 or more years/5 years	100 %	80 %
6 or more years		100 %

Participants are considered to have completed one year of service for purpose of vesting upon the completion of 1,000 hours of service at any time during 12 consecutive months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the prior 12 month period. All loans must be adequately collateralized and bear interest at rates ranging from 4.25% to 6%, commensurate with local prevailing rates as determined by the plan administrator. Loans must be repaid within five years, unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service, distributions shall be made in a lump-sum amount as soon as administratively possible. Any distribution greater than $1,000 that is made to a participant without consent who is under age 65, maybe rolled over into an Individual Retirement plan as designated by the plan administrator. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $13,734 and $17,859, respectively. Forfeitures, and any earnings thereon, are used to reduce administrative expenses or Employer contributions. During the year ended December 31, 2016, $11,008 in forfeitures were utilized to reduce Employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Change in Accounting Policy

Plan management has adopted Financial Accounting Standard Board (FASB) Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12")*, which allows for simplification of investment note disclosures. Part I and III are not applicable to the Plan. As required by these provisions, plan management has retroactively restated the December 31, 2015 presentation of certain investments on the Statements of Net Assets Available for Benefits to reflect fair value, eliminating the $6,324 reduction previously presented to reflect these investments at contract value, and the related fully-benefit responsive footnote disclosures. Adoption of ASU 2015-12 also involves the retroactive simplification of investment note disclosures.

Note 2: Summary of Significant Accounting Policies (Continued)

Change in Accounting Policy (Continued)

FASB ASU No. 2015-07, *Fair Value Measurement* amends Accounting Standards Codification (ASC) Topic 820 and removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The guidance in this ASU is effective for the Plan's year ending December 31, 2017; however, the Plan chose to early adopt this new guidance for the year ended December 31, 2016. The presentation of the fair value of the Plan's common collective trust funds are removed from the hierarchy levels in the table presented in Note 3. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to benefit payments and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through September 7, 2017, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at NAV as provided by the Trustee, as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,582,679	$ -	$ -	$ 20,582,679
Total investment assets in the fair value hierarchy	$ 20,582,679	$ -	$ -	20,582,679
Investment assets measured at NAV				1,183,142
Total investment assets at fair value				$ 21,765,821

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,235,248	$ -	$ -	$ 19,235,248
Total investment assets in the fair value hierarchy	$ 19,235,248	$ -	$ -	19,235,248
Investment assets measured at NAV				1,264,924
Total investment assets at fair value				$ 20,500,172

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively.

Investment Type	Fair Value 12/31/16	Fair Value 12/31/15	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund Class M (a)	$ 1,183,142	$1,264,924	N/A	Daily	Daily for participant initiated withdrawals, 12 months for plan initiated withdrawals

(a) The investment seeks to provide investors with a moderate level of stable income without principal volatility.

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue showing rather than a direct payment. The plan made direct payments to the third party administrator of $5,581, which was not covered by revenue sharing. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Employer contributions.

Note 7: Tax Status

The Employer adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with he applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$ 22,074,779	$ 20,795,117
