ESG REPUBLIC, INC. dba WORKLOGIC HR 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the **ESG republic, Inc. dba worklogic HR 401(k) Plan** ("the Plan") provides only general information. Participants should refer to the Plan agreement as well as their employer's participation agreement for a more complete description of the Plan's provisions.

General: The Plan is a multiple employer defined contribution plan sponsored by ESG republic, Inc. dba worklogic HR, a professional employer organization. The Plan covers all eligible employees of participating employers as outlined in the participating employers participation agreement. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Transfers: New employers electing to participate in the Plan are allowed to transfer in the assets of their existing defined contribution plans. In addition, employers may transfer out assets to new qualified retirement plans that they sponsor. On January 30, 2015 one employer left the Plan and transferred assets related to their employees to a new qualified retirement plan that they sponsor.

Contributions: Each year, participants may contribute up to the amount allowed by the participation agreement, from 1% - 100% of pretax annual compensation, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The participating employers may elect to match employees' elective deferrals at varying percentages of compensation. Additional profit sharing amounts may be contributed at the option of the participating employers. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the participating employer's contribution, and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based upon years of continuous service as elected by the participating employer. The vesting periods range from immediate to six years to become fully vested.

Notes Receivable from Participants: Participants may borrow from their fund accounts if so elected by the participating employer. The amount of the loan is a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates from 4.25 percent to 9.25 percent. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account or monthly installments over the participant's expected life span or have that amount rolled over into another retirement account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts: At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$13,285 and \$12,504 respectively. These accounts will be used to reduce future employer contributions. Also, in 2015, employer contributions were reduced by \$12,504 from forfeited nonvested accounts.

ESG REPUBLIC, INC. dba WORKLOGIC HR 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through August 19, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified by Transamerica Life Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments and interest for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company (the custodian of the Plan).

ESG REPUBLIC, INC. dba WORKLOGIC HR 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2016.

Pooled separate accounts: Primarily valued at net asset value per share based on quoted market prices of underlying investments.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Note 5. Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Transamerica Life Insurance Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan Sponsor and Transamerica Life Insurance Company. Transamerica Life Insurance Company receives revenue from mutual fund service providers for services Transamerica Life Insurance Company provides to the funds. This revenue is used to offset certain amounts owed to Transamerica Life Insurance Company for its administrative services to the Plan.

If the revenue received by Transamerica Life Insurance Company from such mutual fund service providers exceeds the amount owed under the MSA, Transamerica Life Insurance Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the amounts of the participants. During 2015 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Transamerica Life Insurance Company for administrative expenses not covered by revenue sharing.

Note 6. Plan Termination

Although they have not expressed any intent to do so, the participating employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Tax Status

Effective December 15, 2008, the Plan adopted a standardized form of a prototype plan sponsored by Transamerica Financial Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	\$ 4,228,000	\$ 6,232,665
Employer and participant contributions receivable	(6,829)	(26,568)
Net assets available for benefits per Form 5500	<u>\$ 4,221,171</u>	<u>\$ 6,206,097</u>

The following is a reconciliation of contributions received per the financial statements for the year ended December 31, 2015, to Form 5500:

Contributions received per the financial statements	\$ 644,205
Less: Current year contributions receivable	(6,829)
Add: Prior year contributions receivable	26,568
Contributions received per the Form 5500	<u>\$ 663,944</u>
