NOTE A - DESCRIPTION OF THE PLAN

The following description of the Deublin Company Employees' Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering all employees of Deublin Company (the Company) who have completed an eligibility period of service, which is 1,000 hours of service within a 12-month period. Employees can enter the Plan on the day after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation, on a pretax basis, subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a safe harbor contribution based on 3% of a participant's compensation. The Company may also make a discretionary profit-sharing contribution. All Company contributions are subject to the discretion of the board of directors and limited to the maximum amount deductible for federal income tax purposes. The Company made combined (safe harbor and discretionary) contributions for 2016 and 2015 of 15% of a participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, (2) forfeitures of terminated participants' non-vested accounts and (3) Plan earnings. Allocations are based on compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in each of the following: their pretax contributions, Company safe harbor contributions and any rollover contribution accounts, plus actual earnings thereon.

Vesting in the Company's discretionary profit-sharing contribution account is a seven-year graded schedule based on years of continuous service. A participant becomes 20% vested after the completion of three years of service and vests an additional 20% per year, until becoming 100% vested after seven years of credited service.

Notes Receivable from Participants

In accordance with the specific terms of the Plan, loans may be made to a participant only if the proceeds are to be used by the participant to purchase or substantially rehabilitate the principal residence of the participant, or to pay the college expenses of such participant, or of a child or spouse of such participant. Participants may borrow from their accounts an amount not to exceed the lesser of $50,000 or 50% of their vested account balances. Loan terms generally range from one to five years, but may be as long as ten years if used for the purchase of a principal residence. Loans are secured by the balance in the participants' accounts and bear

interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, the participant may elect one of the following methods of payment:

- A lump sum.
- A series of substantially equal annual or more frequent installments over a period not to exceed the life expectancy of the participant.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Company. Transaction processing fees related to loans and benefit payments are paid by the respective participants.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $228,771 and $204,169, respectively. During 2016, $69,607 was reallocated to participant accounts in accordance with the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan's financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE C - FAIR VALUE MEASUREMENTS

The financial accounting standards board (FASB) has issued guidance that establishes a framework for measuring fair value. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The framework also provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds - Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Collective trust fund - Shares of interest in the collective trust are valued at fair value as reported by the investment manager at year-end using NAV as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$50,023,589			$50,023,589
Total assets in the fair value hierarchy	$50,023,589			50,023,589
Investments measured at NAV (a)				7,600,315
Investments, at fair value				$57,623,904

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$47,511,332	$ -	$ -	$47,511,332
Total assets in the fair value hierarchy	$47,511,332	$ -	$ -	47,511,332
Investments measured at NAV (a)				7,643,501
Investments, at fair value				$55,154,833

(a) Redemption of the collective trust fund is generally permitted daily and there are no unfunded commitments.

NOTE D - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the trustee for the Plan. Transactions in such investments qualify as party-in-interest transactions.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The IRS has determined and informed the Company by a letter dated November 2, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE G - INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.

- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE H - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2016, financial statements for subsequent events through September 27, 2017, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
