(1) Description of Plan

The following description of the FEI Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of FEI Company (the Company) based in the United States who are 18 years of age or older and interns who have completed at least 1,000 hours of service and are 21 years of age or older, except residents of Puerto Rico and those employed under a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee and Plan Administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company (FMTC) acts as trustee for the Plan. Fidelity Investments Institutional Operations Company, Inc. (FIIOCI) acts as recordkeeper of the Plan.

(b) Contributions

Participants may contribute up to 60% of eligible annual compensation, as defined by the Plan subject to Internal Revenue Code (IRC) limits. Participants who attain 50 years of age before the close of the year are eligible to make additional catch-up contributions as described in the Plan document. The Plan includes an automatic enrollment feature whereby new employees are automatically enrolled after 30 days of employment. Effective January 1, 2016, the automatic enrollment rate increased from 3% to 4%, unless they elect another deferral percentage or choose not to participate in the Plan.

Effective January 1, 2016, the Plan was amended to make all employer matching contributions discretionary. During 2016, the Company made discretionary matching contributions of 4% of eligible compensation, as defined, that a participant contributes to the Plan. During 2015, the Company made matching contributions equal to 100% of the first 3% of compensation that a participant contributes to the Plan. The Company could also make additional discretionary matching contributions to be determined at Plan year-end by the Board of Directors. Discretionary matching contributions were not made during the 2015 Plan year. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

(c) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

(d) Investments

Participants direct the investment of their contributions and the Company's matching and discretionary contributions, if any, into various investment options offered by the Plan. The Plan

currently offers several mutual funds, a common collective trust, and a money market fund as investment options for participants. Participants may change their investment allocation or make transfers between funds on a daily basis.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts plus actual earnings (losses) thereon is based on years of credited service. A participant is 33% vested after one year of credited service, 66% vested after two years of credited service and 100% vested after three years of credited service.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan amount during the past twelve months, whichever is less. Participants may only have one loan outstanding at any given time. Loan transactions are treated as a transfer between the investment funds and the loan fund. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator (rates ranged from 3.25% to 7.75% on loans outstanding at December 31, 2016 with maturity dates through 2026). Principal and interest is paid ratably through payroll deductions. The trustee charges each participant obtaining a loan a onetime set-up fee and an annual maintenance fee.

(g) Payment of Benefits

Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance or defer receipt of distribution and remain in the Plan until retirement age. Distributions cannot be deferred if the participant's vested account balance is $5,000 or less, in which case vested account balances exceeding $1,000 will be distributed to an individual retirement account for the benefit of the participant and vested account balances less than $1,000 will be distributed to the participant as a lump-sum cash payment.

(h) Hardship Withdrawals

Upon certain conditions and subject to a $500 minimum, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals, rollover contributions, and vested employer matching contributions as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

(i) Forfeited Amounts

Forfeited balances of terminated participants' nonvested amounts may be used to reduce future employer contributions or to pay administrative expenses of the Plan if directed by the Plan administrator. During the years ended December 31, 2016 and 2015, Company contributions were reduced by approximately $110,000 and $0, respectively, from forfeited amounts. At December 31,

2016 and 2015, forfeited nonvested amounts available to reduce Company contributions and Plan administrative expenses were approximately $60,000 and $100,000, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared based on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Fidelity Managed Income Portfolio Fund (MIP) is a common collective trust investing primarily in nonconvertible bonds, U.S. government securities, asset backed securities and mortgage securities. The MIP also invests in wrap contracts. A wrap contract is an agreement by another party, such as a bank or insurer that agrees to make payments to the fund in certain circumstances. Wrap contracts are designed to allow a stable value fund to maintain a constant net asset value (NAV) and to protect the fund in extreme circumstances. Certain events could cause the MIP not to transact at NAV including the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, establishment of a defined contribution plan that competes with the Plan for employee contributions, substantive modification of the MIP or the administration of the MIP that is not consented by the wrap issuer, changes in laws, regulations or administrative rulings applicable to the Plan that could have a material adverse effect on the MIP's cash flow, any communication given to unit holders to induce or influence unit holders not to invest in the MIP or transfer assets out of the MIP, or any transfer of assets from the MIP directly to a competing investment option. Earnings from the investment in the common collective trust are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(d) Benefit Payments

Benefit payments to participants are recorded upon distribution.

(e) Revenue Credits and Administrative Expenses

Effective December 1, 2015, the Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available to pay Plan expenses or to be reallocated to participants. During 2016, revenue credits of $50,000 were deposited into the Plan and were available to pay Plan expenses as determined by management.

The Plan's expenses are substantially paid by the Company or the Plan, as provided by the Plan document. For the years ended December 31, 2016 and 2015, direct expenses of $32,192 and $15,926, respectively, were paid by the Plan.

(f) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

(g) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) adopted Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the NAV per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 and should be applied retrospectively. Management does not expect this ASU to have a material impact on the financial statements.

(3) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

(4) Fair Value of Investments

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for fair value measurements, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The factors or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Mutual funds are valued at quoted market prices.

Common collective trust – The Plan invests in a stable value common collective trust. The common collective trust is valued at fair value based on the NAV of the underlying investments. Participant transactions can occur daily.

Money market fund – Money market fund is valued at fair value based on quoted market prices.

Following are the Plan's investments carried at fair value on a recurring basis as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 121,768,926	$ -	$ -	$ 121,768,926
Common collective trust	-	4,692,328	-	4,692,328
Money market fund	3,028,187	-	-	3,028,187
Total investments	$ 124,797,113	$ 4,692,328	$ -	$ 129,489,441

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 105,050,699	$ -	$ -	$ 105,050,699
Common collective trust	-	4,284,710	-	4,284,710
Money market fund	1,836,513	-	-	1,836,513
Total investments	$ 106,887,212	$ 4,284,710	$ -	$ 111,171,922

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31, 2016 and 2015:

	Fair Value		**Redemption Frequency**	**Redemption Notice Period**
	2016	**2015**		
Common collective trust	$ 4,692,328	$ 4,284,710	Daily	1-2 days

There are no unfunded commitments at December 31, 2016 and 2015.

(5) Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(6) Information Certified by the Trustee

FMTC, the trustee of the Plan, has certified that the following information included in the financial statements and supplemental schedule as of and for the years ended December 31, 2016 and 2015 is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net investment income
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

(7) Federal Income Tax Status

The Plan utilizes FMTC's Nonstandard Prototype Profit Sharing/401(k) Plan document (Fidelity Prototype Plan Document). FMTC received an opinion letter from the IRS for the Fidelity Prototype Plan Document dated March 31, 2014 stating that the Plan as then designed was in compliance with the applicable sections of the IRC. Prior to adopting this document, the Plan utilized a previous version of the Fidelity Prototype Plan Document which received an opinion letter dated March 31, 2008 stating that the Plan as then designed was in compliance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letters; however, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements for 2016 or 2015.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or a money market fund, or interests in a common collective trust managed by FIIOCI under the control of FMTC. As FIIOCI, the recordkeeper of the Plan, and FMTC, the trustee of the Plan, are both wholly owned subsidiaries of Fidelity Management & Research (FMR) Corporation, these transactions qualify as exempt party-in-interest transactions.

The Plan sponsor, FEI Company, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 at December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 131,211,985	$ 112,974,881
Adjustment from contract value to fair value for the Fidelity Managed Income Portfolio	11,548	29,261
Net assets available for benefits per the Form 5500	$ 131,223,533	$ 113,004,142

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2016	2015
Increase in net assets available for benefits per the financial statements	$ 18,237,104	$ 4,440,902

Increase in net assets available for benefits per the Form 5500	$ 18,219,391	$ 4,407,252

(10) Subsequent Events

The Plan has evaluated subsequent events through September 26, 2017, the date the financial statements were available for issuance.
