Independent Auditors' Report

To the Plan Administrator of the
401(k) Plan for Employees of
Utilities & Industries Management Corp. and Affiliates

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the 401(k) Plan for Employees of Utilities & Industries Management Corp. and Affiliates (the "Plan"), which comprise the statements of net assets available for plan benefits - modified cash basis as of December 31, 2016 and 2015, and the related statements of changes in net assets available for plan benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures in Note 6, which was certified by TD Ameritrade Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held for Investment Purposes - Modified Cash Basis for the year ended December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Note 1 – DESCRIPTION OF PLAN

The following summary of the 401(k) Plan for Employees of Utilities & Industries Management Corp. and Affiliates (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan established January 1, 1985 covering all eligible employees of Utilities & Industries Management Corp. and its affiliates (the Company and Plan Co-Sponsors) including Lee Spring Company LLC. The Plan document provides for trustees to be appointed by the Company. Currently, TD Ameritrade Trust Company ("TD Ameritrade") is the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Nature of Business of Sponsor

Utilities & Industries Management Corp. (the "Company") was formed on January 14, 1955. The Company, through its subsidiaries, manufactures custom and stock springs and distributes them from five locations in the United States (Brooklyn, New York; Bristol, Connecticut; Greensboro, North Carolina; Gilbert, Arizona; and St. Charles, Missouri). Its foreign manufacturing subsidiaries are located in Mexico and India and its distribution centers are located in the UK, China and Germany. Its springs are sold mostly in the United States and it uses raw materials that are readily available from various sources. Additionally, the Company owns commercial and residential real estate properties.

Eligibility

Each employee shall be eligible to become a participant at the completion of one year of service, attainment of age 21 and being employed by either Utilities & Industries Management Corp. or the aforementioned eligible affiliates.

Participant Investment Options

Upon enrollment in the Plan, participants may direct salary deferral contributions, employer matching and bonus contributions to selected investments as made available and determined by the plan administrator. Participants may change their investment options any time via direct telephone or internet access to the Plan's custodian.

Employee Contributions

The employees may make contributions to the Plan in accordance with Internal Revenue Code Section 401(k). These contributions result in a reduced salary for the employees for Federal income tax purposes. In accordance with the Tax Reform Act of 1986, the maximum an

Employee Contributions (Continued)

employee can contribute under a 401(k) plan pretax and post-tax annual compensation, as defined in the Plan, is up to a maximum of $18,000 for each of the years ended December 31, 2016 and 2015.

Notwithstanding the above, the contribution allocated to a participant's account for the Plan year cannot exceed the lesser of (a) $53,000 for each of the years ending December 31, 2016 and 2015 or (b) 75% of the participant's compensation (as defined in the Internal Revenue Service rules) for the Plan year. Employees may change the percentage of salary which they contribute to the Plan not more than four times a year, on a quarterly basis. Employees age 50 or older may elect to defer additional amounts, called "catch-up contributions" to the Plan. The additional amounts may be deferred regardless of any other limitations on the amounts that may be deferred to the Plan. The maximum "catch-up contribution" that can be made in the years ending December 31, 2016 and 2015 is $6,000. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or defined contribution plans, as defined.

Employer Contributions

The Plan contains a provision which requires the Company to make matching contributions to the Plan equal to: (i) 100% of each participant's elective deferral not to exceed 1% of compensation and (ii) a matching contribution equal to 50% of each participant's elective deferral on the next 2% of compensation. The matching contribution may only be made to those eligible non-union participants who work over 501 hours during the Plan year. The maximum contribution is $5,300 for each of the years ended December 31, 2016 and 2015 or 2% of compensation, whichever is less.

Under the terms of the Plan, the Company will make additional contributions to the Plan based on profit sharing formulas, as defined. The contribution may only be made to those eligible non-union participants who have worked 1,000 hours during the Plan year and are still employed on the last day of the Plan year. The maximum contribution is $17,225 for each of the years ended December 31, 2016 and 2015 or 6.5% of compensation, whichever is less.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's matching contributions, and (b) plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in all salary deferral contributions made to their respective accounts plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. A participant will vest 20 percent after each year of credited service beginning after the second year, to be 100 percent vested in the Company's contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably, not less frequently than quarterly, through payroll deductions.

Payment of Benefits

Distributions from the Plan will be made to those participants who retire, die, terminate or become disabled. The value of the participant's distribution will be paid in a single lump sum payment. The Plan allows for early withdrawals by participants providing the participant has attained age 59-1/2 or if the participant is able to prove financial hardship as defined in the Plan document. Benefits are recorded when paid.

Excess Contributions Payable

At December 31, 2016 and 2015, payables of $0 and $878, respectively, were recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Forfeited Accounts

Forfeited non-vested accounts totaled $1,681 and $1,774 at December 31, 2016 and 2015, respectively. Forfeitures by participants who are terminated prior to becoming fully vested are used to reduce future employer contributions or pay administrative expenses of the Plan.

Retirement

A participant's normal retirement date shall be the first day of the month coincident with or next following his/her 65th birthday.

A participant can retire at an early retirement date provided he/she has attained age 59-1/2.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The Plan's modified cash basis of accounting is essentially an accrual method of accounting, except that interest income is recorded as received, expenses are recorded when paid.

Use of Estimates

The preparation of financial statements on the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016. There were no excess contributions for 2016.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The expenses of administering the Plan and the compensation of all employees, agents, or counsel of the Administrator, including the accounting fees, the record-keeper's fees, and the fees of any benefit consulting firm, shall be paid by the Plan, or shall be paid by the Employer if the Employer so elects. No compensation may be paid by the Plan to full-time employees of the Employer. TD Ameritrade receives administrative fees directly from the participants.

Recently Issued Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit- Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II of the provision. Part III is not applicable to this Plan.

Note 3 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities in general are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 4 – TAX DETERMINATION STATUS

The Plan is approved as qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended, and is exempt from Federal income taxes under Section 501(a) of such Code, pursuant to a determination letter dated September 8, 2010 from the Internal Revenue Service. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions generally for three years after they are filed; however, there are currently no audits for any tax periods in progress.

Note 5 – INVESTMENTS

The Plan's investment records are maintained by TD Ameritrade in fund accounts based on participants' specified allocation percentages.

The Plan allows participants to direct their account balances, representing participant and employer contributions and rollover amounts in approximately twenty different investment alternatives.

Note 6 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

At December 31, 2016 and 2015, the Plan's investments were held by TD Ameritrade. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade, in accordance with Section 29 CFR 2520.103-8 of ERISA.

Note 7 – FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Mutual Funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.
- *Money market funds:* Valued at the NAV of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,397,245	$ -	$ -	$ 5,397,245

Net realized and unrealized appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for plan benefits – modified cash basis is from the TD Ameritrade portfolios.

Note 8 – PLAN TERMINATION

Although they have not expressed any intention to do so, the Plan Co-Sponsors have the right under the Plan to terminate, amend or modify the Plan, subject to the provisions of ERISA.

Note 9 – FULLY BENEFIT-RESPONSIVE SYNTHETIC GUARANTEED INVESTMENT CONTRACT

In 2005, the Plan began to allow participants to invest in the Morley Stable Value Fund III (the "Fund") totaling $234,364 for 2016 and $208,570 for 2015. TD Ameritrade maintains the contributions in a general account. The Fund invests principally in guaranteed investment contracts issued by insurance companies, investment contracts issued by banks,

Note 9 – FULLY BENEFIT-RESPONSIVE SYNTHETIC GUARANTEED INVESTMENT CONTRACT (Continued)

synthetic investment contracts issued by banks, insurance companies and other related securities. These investment contracts are intended to maximize current income consistent with the maintenance of principal while permitting participant-initiated benefit-responsive withdrawals for certain events.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TD Ameritrade, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meets its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Fund to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Fund, which causes a withdrawal from an investment contract, may result in a negative market value adjustment with respect to such withdrawals. Such events include, but are not limited to, the following: (1) partial or complete legal termination of the trust, (2) tax disqualification of the trust or a participant, or (3) certain trust amendments if issuers' consent is not obtained. As of December 31, 2016, the occurrence of an event outside the normal operation of the Fund, which would cause a withdrawal from an investment contract, is not considered to be probable.

Note 10 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are with TD Ameritrade, as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Note 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 26, 2017, the date the financial statements were available to be issued and determined that no disclosure is required.
