We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2016 through December 31, 2016, and that State Street Bank and Trust Company held the Plan's investments and executed transactions for the period January 1, 2015 through December 31, 2015. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

FRONTIER TANK LINES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements
For the Years Ended December 31, 2016 and 2015

1. PLAN DESCRIPTION

The following is a brief description of Frontier Tank Lines 401(k) Retirement Savings Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Frontier Tank Lines 401(k) Retirement Savings Plan, formed on January 1, 2014, is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is funded by employee and employer contributions and covers all employees of Frontier Tank Lines (the "Company" or "Plan Sponsor") who complete at least 3 months of continuous service.

Administration – ADP Retirement Services ("ADP") is the third-party administrator. Reliance Trust Company ("Reliance Trust") was the trustee for the year ended December 31, 2016. State Street Bank and Trust Company ("State Street") was the trustee for the year ended December 31, 2015.

Contributions – Each eligible employee may make pre-tax contributions to the Plan in the form of a 1% to 86% salary reduction, not to exceed certain limits imposed by the IRC. Participants may also contribute amounts representing rollovers from other qualified plans. The Company provides a 100% matching contribution up to 4% of a participant's compensation, as defined. The Company can also elect to make discretionary contributions to the Plan. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Participant Accounts – Each participant's account is credited with his or her contributions, the Company's contributions, and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals and Company matching contributions at all times. Participants become 20% vested in Company discretionary contributions after 2 years of service and vest ratably over the ensuing four years, becoming 100% vested in such contributions after 6 years of service.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate (on the date of the loan) plus 2% per annum. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive a lump-sum payment, installment payment or annuity contract equal to the value of the participant's vested account.

Forfeitures – Forfeitures of account balances are allocated to participant accounts and are used to reduce the Company contributions. There were no significant forfeitures during the years ended December 31, 2016 and 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3 for fair value measurements). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes both realized and unrealized gains and losses incurred during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowances for credit losses have been recorded at December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain costs of administering the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Recent Accounting Standards Issued – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient. It also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient. The guidance is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and requires retrospective application.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, with early application permitted, and require retrospective presentation. Part III is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and requires prospective application.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Recent Accounting Standards Issued (Continued) – As a result of the retroactive application of ASU 2015-07, the notes to the financial statements have been retrospectively adjusted to report the common/collective trust funds (Note 3) at the NAV practical expedient within the fair value hierarchy. Additionally, the accompanying notes to financial statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Subsequent Events – The Plan has evaluated events and transactions that occurred between January 1, 2017 and August 22, 2017, which is the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- *Level 1* – Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* – Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* – Inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value at December 31, 2016 and 2015:

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission and are required to publish their daily NAV and transact at that price.

3. FAIR VALUE MEASUREMENTS (*Continued*)

- *Common/Collective Trusts* – Valued at the NAV of units of the common/collective trust fund. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different then the reported NAV. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2016 and 2015, with the exception of the common/collective investment trusts which are measured at fair value using the NAV practical expedient. The fair value for the common/collective investment trust is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	2016

	2016	2015

Interest income on notes receivable from participants	$ 2,623	$ 1,926
Schedule of assets (held at end of year)	Supplemental schedule page 12	

5. INCOME TAX STATUS

The IRS issued a determination letter on July 8, 2014, which stated that the prototype Plan and its related trust, as then designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes the open tax year subject to income tax examination is 2014.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a number of service providers which qualify as parties-in-interest. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
