INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Concrete Express, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Concrete Express, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Form 5500 Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and Form 5500 Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2016, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A Description of Plan.

The following description of the Concrete Express, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1 General. The Plan is a defined contribution plan covering all employees of Concrete Express, Inc. and Mile High Station, LLC (collectively referred to as the "Company") who have completed two months of service, are age twenty-one or older, and are not covered by a collective bargaining agreement. In order to be eligible to receive the Company's discretionary annual profit sharing contribution, an employee must have worked at least 1,000 hours and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and is responsible for oversight of the Plan. Standard Insurance Company ("Standard") served as the custodian and recordkeeper through December 30, 2016. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective July 1, 2016, the Plan was amended modifying eligibility criteria to participate in the Plan and vesting of employer matching contributions. The amendment reduced the number of months of service required to participate in the Plan from three months to two months. Additionally, the amendment reduced the number of years of service required to be fully vested in employer matching contributions from six years to five years.

The Company changed its custodian and record keeper to Nationwide Financial Services, Inc. ("Nationwide") effective January 1, 2017, and implemented a blackout period for the period December 22, 2016 through December 30, 2016. All assets held by Standard were liquidated on December 30, 2016, remitted to Nationwide on December 31, 2016 and were placed into a suspense account until being allocated to participant accounts on January 13, 2017.

2 **Contributions.** Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined in the Plan, on a pretax basis. Unless the participant elects otherwise, a 2% deferral will apply. Deferral contributions shall not exceed certain limits set forth by the Internal Revenue Code ("IRC") ($18,000 in 2016). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may, at its discretion, make a contribution in an amount to be determined each Plan year and allocated according to the Plan. Contributions are subject to certain limitations. For the year ended December 31, 2016, the Company made matching contributions equal to 20% of the participant's deferral election.

3 **Participant Accounts.** Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions, (b) Plan earnings, (c) participants' rollovers, and (d) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 **Vesting.** Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is credited for which 1,000 hours or more are worked in a Plan year. Effective for benefit payments issued after July 1, 2016, a participant is 100 percent vested in discretionary matching contributions after five years of credited service. Prior to this date, participants were fully vested in discretionary matching contributions after six years of service.

5 **Investment Options.** Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a fully benefit-responsive investment contract as investment options for participants. Participants may change their investment options at any time.

6 **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Company. A loan will carry the same rate of interest throughout its term. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions.

7 **Payment of Benefits.** Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

8 **Hardship Withdrawals.** Hardship withdrawals are available if the participant meets certain criteria.

9 **Forfeited Accounts.** At December 31, 2016 and 2015, the balance of the forfeited accounts totaled $897 and $919, respectively. These accounts may be used to pay administrative expenses or to reduce future employer contributions. During the year ended December 31, 2016, the Company did not use any forfeitures to offset Plan expenses or reduce employer contributions.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.

2 **Use of Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3 **Investment Valuation and Income Recognition.** Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

4 **Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit (losses) has been recorded as of December 31, 2016 and 2015. Delinquent loans may be reclassified as benefits paid to participants based upon the terms of the Plan documents.

5 **Excess Participants' Contributions Payable.** Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in corrective distributions.

6 **Payment of Benefits.** Benefits are recorded when paid.

7 **Operating Expenses.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

8 **Subsequent Events.** The Plan has evaluated subsequent events through September 22, 2017, the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure, except as discussed in Note K.

C Investments and Information Prepared and Certified by Custodian (Unaudited).

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, and investment information included in the notes to the financial statements.
- Interest and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at year-end included as supplemental information.

This information has not been audited by the Plan's independent auditors.

D New and Adopted Accounting Pronouncement.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*. Under the new guidance, investments measured at net asset value, as a practical expedient for fair value, are excluded from the fair value hierarchy. ASU 2015-07 also removes the requirement to make certain disclosures for investments that are eligible to be measured at fair value using the practical expedient, but for which the practical expedient was not elected. The amendments of ASU 2015-07 were adopted by the Plan as of December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*

ASU 2015-12 Part I designates contract value as the only relevant measure for fully benefit-responsive investment contracts, thus eliminating the previous requirement to measure, present, and disclose the fair value of such contracts. The conclusions reached by ASU 2015-12 Part I also clarify that indirect holdings in investment contracts (such as stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

ASU 2015-12 Part II simplifies financial statement disclosures by removing the requirements to disclose (a) investments that represent five percent or more of net assets available for benefits, (b) the net appreciation of investments by general type and (c) the investment strategy of investments in direct filing entities that are measured using the practical expedient. ASU 2015-12 Part II also clarifies that investments shall be grouped by general type for purposes of fair value disclosures.

ASU 2015-12 Part III allows defined benefit plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

The amendments within ASU 2015-12 Part I and II were adopted by the Plan as of December 31, 2015, and the amendments within ASU 2015-12 Part III are not applicable to the Plan. The adoption resulted in certain investment related disclosures being eliminated and did not have an impact on total net assets available for benefits.

E Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements.

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 Input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements.

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As discussed in Note A, all assets of the Plan were liquidated on December 30, 2016, and were deposited into a temporary depository account which is reflected at carrying value at December 31, 2016. The following is a description of the valuation methodologies used for assets measured at fair value for the year ended December 31, 2015.

Pooled Separate Accounts: Shares of pooled separate accounts are valued at the unit value, determined at the close of business each day, and is based on the market value of the total assets in the pooled separate account. The market value of the total assets in the pooled separate account is based on the quoted market price or net asset value (NAV) of the underlying investments. As of December 31, 2015, there were no unfunded commitments and the fund generally permits redemptions daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Assets at Fair Value as of December 31, 2015

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investment Measured at Net Asset Value (a)	-	-	-	1,995,707
Total Investments at Fair Value	$ -	$ -	$ -	$ 1,995,707

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

F Fully Benefit-Responsive Investment Contract with Insurance Company.

The Plan had a fully benefit-responsive investment contract with Standard Insurance Company which was liquidated on December 30, 2016, upon the termination of the service agreement with Standard Insurance Company.

The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan was a traditional guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer. The crediting rate was reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Standard Insurance Company. The Plan administrator believed the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants was not probable.

G Related Party Transactions and Party-In-Interest Transactions.

Standard Insurance Company was the custodian and served as the recordkeeper, therefore, these transactions qualified as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan made a direct payment of $18,200 to the investment advisor (or third party administrator), which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

H Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

I Tax Status.

The Plan utilized a volume submitter plan from Standard Retirement Services, Inc. which obtained a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

J Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

K Subsequent Event.

As discussed in Note A, the Company discontinued its service agreement with Standard Insurance Company in December 2016. Effective January 1, 2017, the Company adopted an Alliance Benefit Group volume-submitter plan and changed its Plan custodian to Nationwide Retirement Services. On February 22, 2017, the Plan was amended and the eligibility provisions were modified to remove the two month service requirement required to participate in the Plan.
