Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedule

The modified cash basis supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of UVMC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of UVMC and several affiliated companies (collectively, the Companies or Employer). These Companies are member corporations of Upper Valley Medical Center (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan includes an auto-enrollment provision whereby substantially all newly eligible employees are automatically enrolled in the Plan as soon as administratively feasible after their 30 day anniversary, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants may contribute up to 75 percent of their annual compensation, as defined in the Plan, as a pre-tax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants who reach age 50 may elect to make catch-up contributions.

The Companies can make discretionary matching contributions each year of 25 percent of the first 4 percent of compensation that a participant contributes to the Plan. Participants must complete one year of service (defined as 1,000 hours of service within one year) to be eligible for company matching contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and any matching contributions and allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant directed.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the matching contributions, plus actual earnings thereon, is based on years of service. Participants vest 20 percent after one year of service and an additional 20 percent per year thereafter until they become fully vested after five years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay plan expenses. At December 31, 2016 and 2015, forfeited account balances totaled \$90,025 and \$88,323, respectively. During the years ended December 31, 2016 and 2015, forfeitures totaling \$21,279 and \$41,601, respectively, were used to pay plan expenses.

Benefit Payments - Upon termination of service, death, disability, or retirement, a participant may receive a lump-sum amount or installment payments equal to the vested value of his or her account. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½ or in the event of financial hardship, as defined by the Plan.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Voya Retirement Insurance and Annuity Company and Voya Institutional Trust Company (collectively, Voya) or their affiliates. Voya is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Modified Cash Basis - The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). On a modified cash basis of accounting, revenue is recognized when cash is received and expenses are recognized when paid. On a GAAP basis of accounting, revenue is recognized as earned and expenses are recognized when the obligation is incurred. Investments are recognized at fair value, which is consistent with a GAAP basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses are paid by the Companies and are excluded from these financial statements.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates that affect certain amounts and disclosures. Actual results could differ from those estimates.

Accounting Changes - Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to adopt Parts I, II, and III of ASU 2015-12 in 2016 applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications - Certain amounts in the 2015 statements have been reclassified to conform to the 2016 presentation.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 11, 2017 which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Custodian

Voya holds the Plan's investments and participant notes receivable and executes all related transactions. The investments and participant notes receivable balances and related investment results included in the accompanying financial statements and schedule of assets held at end of year are based solely on information provided by and certified by the custodian.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated December 22, 2010 indicating that the Plan, as designed, is qualified for tax-exempt treatment under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. Following are the three levels of the fair value hierarchy:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 5 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December, 31, 2016 and 2015.

Pooled separate accounts: Valued at the net asset value (NAV), which is based on the value of its underlying investments. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The investment objectives of the accounts include to attain high income, maintain liquidity, preserve capital or attain certain performance levels based on different tolerance risk levels.

Common collective trust fund: Valued at the net asset value (NAV), which is based on the value of its underlying investments. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The investment objectives of the fund is to provide a certain level of investment return by using guaranteed or fixed income securities within the fund.

Participant directed brokerage accounts: The accounts hold primarily cash, common stocks and mutual funds which are valued at daily closing prices and are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 5 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Investments at NAV</u>	<u>Total</u>
Asset in fair value hierarchy:					
Participant directed brokerage accounts	\$ 461,489	\$ -	\$ -	\$ -	\$ 461,489
Investments measured at NAV:

Common collective trust fund	-	-	-	15,348,487	15,348,487
Investments at fair value	\$ <u>461,489</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>81,251,570</u>	\$ <u>81,713,059</u>

December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Investments at NAV</u>	<u>Total</u>
Asset in fair value hierarchy:					
Participant directed brokerage accounts	\$ 432,486	\$ -	\$ -	\$ -	\$ 432,486
Investments measured at NAV:

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2016 or 2015.

Note 5 - Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively.

<u>December 31, 2016</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 65,903,083	n/a	Daily	Daily

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 62,704,955	n/a	Daily	Daily
Common collective trust fund	15,743,392	n/a	Daily	Daily

Note 6 - Investment Contracts

The Plan has benefit-responsive guaranteed investment contracts with Voya. Voya (the contract issuer) maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on formulas agreed upon with the contract issuer, but may not be less than 3 percent for each of the contracts. Such interest rates are reviewed on a periodic basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts do not permit the contract issuers to change the provisions of the contracts without mutual agreement of the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7 - Reconciliation to Form 5500
