INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
PODS Enterprises, LLC Non-Union 401(k) Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying statements of net assets available for benefits of **PODS Enterprises, LLC Non-Union 401(k) Savings Plan** (the "Plan") as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note A – Description of Plan

The following description of the PODS Enterprises, LLC Non-Union 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of PODS Enterprises, LLC (the Company) except for union employees, leased employees, and certain nonresident aliens. The Plan was established effective May 1, 2005 and most recently amended and restated November 6, 2015. Employees of the Company are eligible to participate upon completion of six consecutive months of service (or 500 hours of services) and have attained age 21. New participants may enter the Plan at the beginning of each quarter. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

The accounting records are maintained by the Company. The Plan's assets were held and managed by Fidelity Management Trust Company (the Trustee). Contributions are held by the Trustees, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. The maximum employee deferral for December 31, 2016 and 2015 was $18,000. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,000 for both December 31, 2016 and 2015.

The employer may make matching contributions at their discretion. For the year ended December 31, 2016, the employer made matching contributions of 35% of the first 6% of deferred compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan has automatic enrollment for all eligible employees. If the employee does not make an affirmative election, to select a deferral percentage or opt out of the Plan entirely, the Plan will automatically contribute 5% for the employee from their pay. The Plan sponsor handles all participant changes or opt outs. Automatically enrolled participants will also increase their deferral percentage by 1% each year on January 1st until the total employee contribution reaches 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution and performance sharing amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Note A – Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is pro-rated based upon years of continuous service with 100% vesting obtained at the end of the third year of continuous service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions, in 1% increments in any of the 30 eligible funds. Participants may change their current or future investment options at any time via both telephone and online access systems.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than bi-weekly.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the last business day of the quarter following the calendar quarter in which the participant failed to make a required installment payment.

Distribution of Benefits

On termination of service due to death, disability, retirement, or other, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, installments over not more than the participant's life expectancy, or partial withdrawals. Participants may also obtain distributions from their elective deferrals balances while still employed in the event of hardship or after attaining age 59 ½.

Forfeitures

Forfeitures are first used to pay any portion of the administrative expenses of the Plan and second, to reduce employer contributions to the Plan. Forfeitures of approximately $21,000 were used to pay administrative expenses or employer contributions for the year ended December 31, 2016. In addition, the Plan had $14,604 and $9,062 in forfeitures remaining as of December 31, 2016 and 2015, respectively.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in changes to the footnote disclosures related to fair value measurements in Note B.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Accordingly, the amendments were retrospectively applied resulting in changes to the footnote disclosures related to fully benefit-responsive investments. Part III is not applicable to this Plan.

As described in the Code *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Code), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Plan had no fully benefit-responsive investments as of December 31, 2016 and 2015.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The *Fair Value Measurements* topic of the Code establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Code are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note B – Summary of Significant Accounting Policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2016	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 85,987	$ -	$ 85,987
Mutual funds	15,761,106	15,761,106	-
Total assets in the fair value hierarchy	$ 15,847,093	$ 15,761,106	$ 85,987

		Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2015	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 33,583	$ -	$ 33,583
Mutual funds	12,516,524	12,516,524	-
Total assets in the fair value hierarchy	$ 12,550,107	$ 12,516,524	$ 33,583

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of money market funds and mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis.

Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company pays all administrative expenses of the Plan, with the exception of investment transaction fees, which are paid by the participants who incur such fees. For the year ended December 31, 2016, the Plan paid administrative expenses totaling approximately $31,000.

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan Trustees received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan Trustees may use the letter as evidence of Plan qualification under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2014.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and money market funds managed by the Trustees. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustees by the Plan for investment services amounted to approximately $31,000 during the year ended December 31, 2016.

Note G – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total assets per the financial statements to the Form 5500:

	2016	2015
Total assets per the financial statements	$16,754,560	$13,211,728

Less: contributions receivable	(210,943)	(142,753)
Total assets per the Form 5500	$16,624,341	$13,083,911

Note G – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500:

	2016
Total additions per the financial statements	$ 4,937,990
Less: adjustments to contributions receivable	(68,190)
Total additions per the Form 5500	$ 4,869,800

The following is a reconciliation of total deductions to net assets per the financial statements to the Form 5500:

	2016
Total deductions per the financial statements	$ 1,395,158
Less: adjustments to distributions payable	(65,788)
Total deductions per the Form 5500	$ 1,329,370

Note H – Subsequent Events

Subsequent events have been evaluated through September 7, 2017 which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
PODS Enterprises, LLC Non-Union 401(k) Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying statements of net assets available for benefits of **PODS Enterprises, LLC Non-Union 401(k) Savings Plan** (the "Plan") as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule
The supplemental schedule as of or for the year ended December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of the PODS Enterprises, LLC Non-Union 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of PODS Enterprises, LLC (the Company) except for union employees, leased employees, and certain nonresident aliens. The Plan was established effective May 1, 2005 and most recently amended and restated November 6, 2015. Employees of the Company are eligible to participate upon completion of six consecutive months of service (or 500 hours of services) and have attained age 21. New participants may enter the Plan at the beginning of each quarter. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

The accounting records are maintained by the Company. The Plan's assets were held and managed by Fidelity Management Trust Company (the Trustee). Contributions are held by the Trustees, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. The maximum employee deferral for December 31, 2016 and 2015 was $18,000. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,000 for both December 31, 2016 and 2015.

The employer may make matching contributions at their discretion. For the year ended December 31, 2016, the employer made matching contributions of 35% of the first 6% of deferred compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan has automatic enrollment for all eligible employees. If the employee does not make an affirmative election, to select a deferral percentage or opt out of the Plan entirely, the Plan will automatically contribute 5% for the employee from their pay. The Plan sponsor handles all participant changes or opt outs. Automatically enrolled participants will also increase their deferral percentage by 1% each year on January 1st until the total employee contribution reaches 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution and performance sharing amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Note A – Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is pro-rated based upon years of continuous service with 100% vesting obtained at the end of the third year of continuous service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions, in 1% increments in any of the 30 eligible funds. Participants may change their current or future investment options at any time via both telephone and online access systems.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than bi-weekly.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the last business day of the quarter following the calendar quarter in which the participant failed to make a required installment payment.

Distribution of Benefits

On termination of service due to death, disability, retirement, or other, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, installments over not more than the participant's life expectancy, or partial withdrawals. Participants may also obtain distributions from their elective deferrals balances while still employed in the event of hardship or after attaining age 59 ½.

Forfeitures

Forfeitures are first used to pay any portion of the administrative expenses of the Plan and second, to reduce employer contributions to the Plan. Forfeitures of approximately $21,000 were used to pay administrative expenses or employer contributions for the year ended December 31, 2016. In addition, the Plan had $14,604 and $9,062 in forfeitures remaining as of December 31, 2016 and 2015, respectively.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in changes to the footnote disclosures related to fair value measurements in Note B.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Accordingly, the amendments were retrospectively applied resulting in changes to the footnote disclosures related to fully benefit-responsive investments. Part III is not applicable to this Plan.

As described in the Code *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Code), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Plan had no fully benefit-responsive investments as of December 31, 2016 and 2015.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The *Fair Value Measurements* topic of the Code establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Code are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note B – Summary of Significant Accounting Policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2016	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 85,987	$ -	$ 85,987
Mutual funds	15,761,106	15,761,106	-
Total assets in the fair value hierarchy	$ 15,847,093	$ 15,761,106	$ 85,987

		Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2015	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Money market funds	$ 33,583	$ -	$ 33,583
Mutual funds	12,516,524	12,516,524	-
Total assets in the fair value hierarchy	$ 12,550,107	$ 12,516,524	$ 33,583

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of money market funds and mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis.

Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company pays all administrative expenses of the Plan, with the exception of investment transaction fees, which are paid by the participants who incur such fees. For the year ended December 31, 2016, the Plan paid administrative expenses totaling approximately $31,000.

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan Trustees received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan Trustees may use the letter as evidence of Plan qualification under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2014.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and money market funds managed by the Trustees. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustees by the Plan for investment services amounted to approximately $31,000 during the year ended December 31, 2016.

Note G – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total assets per the financial statements to the Form 5500:

	2016	2015
Total assets per the financial statements	$16,754,560	$13,211,728
Plus: distributions payable	80,724	14,936
Less: contributions receivable	(210,943)	(142,753)
Total assets per the Form 5500	$16,624,341	$13,083,911

Note G – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500:

	2016
Total additions per the financial statements	$ 4,937,990
Less: adjustments to contributions receivable	(68,190)
Total additions per the Form 5500	$ 4,869,800

The following is a reconciliation of total deductions to net assets per the financial statements to the Form 5500:

	2016
Total deductions per the financial statements	$ 1,395,158
Less: adjustments to distributions payable	(65,788)
Total deductions per the Form 5500	$ 1,329,370

Note H – Subsequent Events

Subsequent events have been evaluated through September 7, 2017 which is the date the financial statements were available to be issued.
