NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Bock & Clark Corporation 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on April 26, 1999, to provide eligible employees of Bock & Clark Corporation (the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). The Plan is available to all eligible employees of the Company who have attained 6 months of service and are age 18 or older. Participants may begin to defer a portion of their compensation into the Plan on the first day of the quarter on or following meeting the eligibility requirements for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees meeting the eligibility requirements are automatically enrolled in the Plan. Participants who are automatically enrolled defer 3% of their earnings as contributions to the Plan. Automatically enrolled employees may opt out of the automatic enrollment if they choose to not participate in the Plan or if they want to contribute a different percentage of their earnings or change the way that the contributions are being allocated within the Plan.

Contributions

Each year, participants may contribute a portion of pretax annual compensation to the Plan, as defined by the Plan. Participants may also make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may match a discretionary percentage of the participant contributions. These contributions are invested in various investments held by the Plan custodian. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Contributions by the Company that are forfeited by participants upon termination may be allocated to certain participants in the Plan, used to pay Plan administrative expenses, or used by the Company to fund future employer contributions.

Vesting

Participants are always fully vested in their own contributions and earnings thereon. Participants are vested according to the following vesting schedule:

Less than one year of service	0%
One year or more of service	25%
Two years or more of service	50%
Three years or more of service	75%
Four years or more of service	100%

Payment of Benefits

Upon termination of employment due to retirement, death, disability or separation from service, the balances in the participants' accounts are distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Notes Receivable from Participants

Notes receivable from participants consist of loans received by participants in exchange for promissory notes to the Plan. A participant is allowed to borrow up to one half of the present value of the vested balance of their plan account, up to a maximum of $50,000. The interest rate charged is the prime rate, plus 2%.

Administrative Expenses

Certain administrative expenses of the Plan are paid out of Plan assets. The Company, as Plan sponsor, may pay these expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing, and are charged for expenses incurred by the custodian in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and trustee. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after December 31, 2016, through September 19, 2017, the date these financial statements were available for issuance.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07 *Fair Value Measurement* (Topic 820); *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalents)*. The ASU removes the requirement to categorize investments measured at fair value using the net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 31, 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans* (Topic 962) I. *Fully Benefit Responsive Investment Contracts*; II. *Plan Investment Disclosures*; and III. *Measurement Date Practical Expedient*. The amendments remove the requirements to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2016, Plan year end. However, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2016 and **2015**;

- Summaries of investment income and transactions for the year ended December 31, 2016.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 **and 2015**.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015 (unaudited):

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,429,792	-	-	$ 4,429,792

Total investments, at fair value				$ 5,073,754

	2015 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,547,668	-	-	$ 3,547,668
Total assets in the fair value hierarchy	$ 3,547,668	-	-	3,547,668
Investments measured at NAV (practical expedient)				842,871
Total investments, at fair value				$ 4,390,539

NOTE 5: TAX STATUS

The IRS has issued an opinion letter, dated March 31, 2014, to the Plan's Trust that the Plan and related Trust are acceptable in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: SUBSEQUENT EVENT

In 2016, the Company was acquired by another firm and the Company's Plan is expected to be merged into the other firm's 401(k) plan effective January 1, 2018.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain investments managed by Ascensus Trust Company, the custodian of the Plan, and as such, these investments are considered to be party-in-interest transactions.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 (unaudited), to the Plan's Form 5500:
