General

The Plan sponsor is Italian Terrazzo and Tile Co. of Brevard, LLC (the "Company" or the "Plan Sponsor"). The Plan is a defined contribution plan covering all eligible employees of the Company, as defined in the Plan. The Plan was established effective April 1, 1996 and restated effective December 1, 2011 and April 15, 2015. In addition, the Plan was amended on January 1, 2016 to adopt the Safe Harbor provision under IRC Section 401(k)(12). The Plan does not cover union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a participant-directed plan offering several investment options.

Eligibility

Effective January 1, 2016:
All employees who are 21 years of age and have completed at least two consecutive months of service are eligible to participate in the Plan. Entry date into the Plan is the first day of each month of the Plan fiscal year.

In addition, all employees who are 21 years of age, have completed at least two consecutive months of services are eligible to receive an employer contribution which may be made for the Plan year.

Prior to January 1, 2016:
All employees who are 21 years of age and have completed at least one year of service (1,000 hours in a twelve consecutive month period) are eligible to participate in the Plan. Entry dates into the Plan are January 1st and July 1st of each fiscal year.

In addition, all employees who are 21 years of age, have completed at least one year of service (1,000 hours in a twelve consecutive month period), and are employed on the last day of the Plan year are eligible to receive an employer contribution which may be made for that Plan year. Employees who are not employed on the last day of the Plan year due to death, disability, or attainment of normal retirement age are eligible to receive any employer contributions which may be made for that Plan year.

Contributions

Participants may elect to defer a portion of their compensation each year up to the maximum amount permissible by the Internal Revenue Code (IRC). Participants are permitted to contribute catch-up contributions in accordance with IRC requirements. Participants direct the investments of their contributions into various investments offered by the Plan.

1. DESCRIPTION OF PLAN – CONTINUED

Effective January 1, 2016, the Company annually contributes a safe harbor match to eligible participants equal to one hundred (100%) percent of a participant's elective deferrals which do not exceed three (3%) percent of participant's compensation, plus fifty (50%) percent of the amount of the participant's elective deferrals which exceeds three (3%) percent of participant's compensation but does not exceed five (5%) percent of the participant compensation.

Prior to January 1, 2016, the Company might make a matching contribution equal to a discretionary percentage to be determined by the Company.

In addition, the Company, at the sole discretion of its Board, may make a profit sharing contribution on behalf of each eligible participant. Profit sharing contributions are allocated to participant accounts based on each participant's pro rata share of gross wages of all eligible employees. The Company did not make a profit sharing contribution for the year ended December 31, 2016 or 2015.

In 2016, the Company made a matching contribution related to the Plan year ended December 31, 2015 in the total amount of $84,420.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution (if any) and (b) Plan earnings, and is charged with an allocation of investment expenses. Allocations are based on participant salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits
Upon termination of service, a participant or a participant beneficiary in the event of the participant death may elect to receive either a lump-sum amount, equal to the value of the vested interest in his or her account, or request that it be rolled-over to an individual retirement account or annuity. Participant consent is required for a distribution only if the participant vested account balance is greater than $5,000. If the participant's vested interest in his or her account is $1,000 or less, upon termination of service, a participant will receive a lump-sum distribution without his or her consent. If the participant's vested interest in his or her account exceeds $1,000 but does not exceed $5,000, upon termination of service, the amount equal to the value of the vested interest in his or her account will be rolled-over to an individual retirement account or annuity without participant consent.

Participants age 59 ½ or older may elect to receive a distribution of the vested portion of his or her account balance regardless of employment. In addition, a participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship. The benefit to which a participant is entitled consists of his or her contributions and earnings thereon and his or her accumulated share of vested annual employer contributions and investment earnings that are allocated according to length of service and amount of annual compensation.

1. DESCRIPTION OF PLAN – CONTINUED

Participant Loans

Participants may borrow from their vested account balance in accordance with IRC requirements. New loan issuances are limited to three loans outstanding per participant at any given time. The loan amount is allowed at a minimum of $1,000 and a maximum of 50% of the participant's vested balance up to $50,000. The loans are secured by the vested balance in the participant's account and bear interest at rates 4.25% - 4.50% which are commensurate with local prevailing rates as determined at the time of the loan issuance. Principal and interest are payable ratably through payroll deductions over terms ranging up to 5 years, except for home loans which may range up to 10 years.

Forfeited Accounts

Forfeited non-vested contributions are used to reduce Company matching contributions. At December 31, 2016 and December 31, 2015, forfeited non-vested accounts totaled approximately $10,000. No forfeited non-vested accounts were used to reduce employer matching contributions for the year ended December 31, 2016 and 2015.

Vesting

Participants are fully vested with respect to their employee contributions plus actual earnings thereon. Effective January 1, 2016, participants are fully vested with respect to their safe harbor matching contributions and profit sharing contributions.

Prior to January 1, 2016, vesting of employer discretionary matching contributions was based on years of credited service beginning with the participant's date of hire. The standard vesting schedule was as follows:

Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or more	100%

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. This method of accounting differs from the accrual basis of accounting primarily in the following respects:

Income on investments and contribution income are recognized when cash is received rather than when earned. Expenses are recognized when cash is disbursed rather than when the related liability is incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates
The preparation of financial statements in conformity with modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation (decline) in the fair value of its investments which consists of the realized gains or losses on investments sold during the year and the unrealized appreciation (decline) on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Administrative Expenses
Fees related to the administration of benefit payments and notes receivable from participants and investment related expenses are charged directly to the participant’s account and are included in administrative expenses. Other administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent), which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820 Fair Value Measurement, from categorization within the fair value hierarchy. Management elected to early adopt the provisions of this new standard. The Plan does not have investments which are removed from categorization within the fair value hierarchy.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient as issued by the FASB. This three-part ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Management elected to early adopt the provisions of this new standard. The Plan does not have an investment contract offering; therefore, this standard does not have an impact on the financial reporting of the Plan.

Accordingly, the amendments were retrospectively applied resulting in the elimination of the notes disclosing investments representing more than 5% of the Plan's net assets and the net appreciation/depreciation by investment type. Part I and Part III are not applicable to the Plan.

Subsequent Events
The Plan has evaluated subsequent events through August 30, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

All investment information regarding the Plan as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplementary schedule, was prepared by or derived from information provided by Ascensus Trust Company, the trustee of the Plan as of April 15, 2015, and the Fidelity Management Trust Company, the trustee of the Plan prior to April 15, 2015, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Observable inputs such as quoted prices in active markets;

Level 2 Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables present the Plan's investments at fair value, categorized by level within the fair value hierarchy, on a recurring basis at:

December 31, 2016

	Level 1	Level 2	Level 3	Total

Total Investments	$ 4,417,227	$ -	$ -	$ 4,417,227

5. TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes the Plan as currently designed, is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RELATED PARTY TRANSACTIONS

Plan investments are managed by Vanguard Fiduciary Trust Company, a record-keeper for the Plan effective April 15, 2015. Certain plan investments were managed by Fidelity Management Group Company, a trustee and record-keeper for the Plan prior to April 15, 2015. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transactions rules.

7. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.
