1. Description of Plan

The following description of the PENINSULA COMPONENTS 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Peninsula Components dba Pencom (the "Company") on January 1, 2000, and was restated effective January 1, 2016. The Plan was adopted by Pencom Accuracy, Inc. as an adopting employer as permitted under the terms of the Plan. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). All employees of the Company and adopting employers, excluding employees covered by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining, and employees who are non-resident aliens who do not receive earned income from the Company or adopting employers which constitutes income from sources within the United States, are eligible to participate in the Plan upon attaining the age of twenty-one, and completing 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company was the appointed trustee for the Plan in 2016, and acted at the direction of the Plan's administrator. Mid Atlantic Trust Company was the appointed trustee for the Plan in 2015.

Contributions

Effective January 1, 2016, the Plan includes automatic enrollment for all new employees. Deferral contributions for employees entered under the automatic enrollment will start at 5% and will be increased annually by 1% to a maximum of 16% of compensation. Employees who elect to participate in the Plan may contribute a portion of their salary up to 90% of their compensation or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. The Company may make discretionary profit sharing contribution based on participant compensation. Participants must have completed one year of service, defined as 1,000 hours of service, and be employed on the last day of the Plan year to be eligible for profit sharing contributions. In 2016 and 2015, the Company declared a 2% profit sharing contribution to eligible participants; such contributions were paid subsequent to year end. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's profit sharing contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions, if any, as well as all earnings on these contributions are based on the following schedule:

Years of Service	Vesting Percentage
1	0%
2	30%
3	60%
4	100%

A year of service is defined as 1,000 hours credited during Plan year. Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed on note receivable at any time and may borrow from their fund accounts a minimum of $1, 000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may exceed that time frame as approved by the plan administrator. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear a reasonable interest rate based on the lending rate of a local bank for a loan of similar duration and security at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2016 ranged from 4.25% to 4.50% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of notes receivable.

1. Description of Plan, continued

Payments of Benefits

When participants leave the Company or adopting employers, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, vested portion of employer contributions and the net earnings thereon in a single lump-sum payment, in equal installments or partial withdrawals. The Plan also allows for in-service withdrawals upon participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all accounts.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as administratively possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to reduce future employer's contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled $6,766 and $1,080, respectively. During the year ended December 31, 2016, no forfeitures were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates

Investment Valuation and Investment Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustees

Reliance Trust Company and Mid Atlantic Trust Company have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

Adoption of Recent Accounting Pronouncements

Effective January 1, 2016, the Plan adopted Part II of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits, 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments and 3) disaggregation of investments by nature, characteristics and risks (disclosure in aggregate by type is still required). Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. Part I and III are not applicable to this Plan.

This ASU has been applied retrospectively. Accordingly, certain related 2015 disclosures have been modified to be in accordance with this new standard. The modifications had no effect on previously reported net assets available for benefits.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Continued

3. Fair Value Measurements, continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015:

Cash and cash equivalents - money market fund: Valued based on the number of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value of as December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

4. Information Prepared and Certified by the Trustees (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company and Mid Atlantic Trust Company:

	2016	2015
Investments, at fair value	$ 6,721,618	$ 5,554,745
Notes receivable from participants	$ 116,522	N/A
Interest and dividend income	$ 151,167	N/A
Net appreciation in fair value of investments	$ 450,265	N/A
Interest on notes receivable from participants	$ 4,689	N/A

Notes receivable from participants in 2015 were not certified.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds and a money market fund can be managed by Reliance Trust Company and Mid Atlantic Trust Company, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan uses a prototype plan document sponsored ADP, LLC. ADP, LLC received an opinion letter from the Internal Revenue Service ("IRS") dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested and distributions will be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2016 and 2015, approximately 36% and 51%, respectively, of net assets are held in two and three funds, respectively, including one mutual fund totaling 25% and 28%, respectively, of net assets.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015:

The following is a reconciliation of income received per the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase in net assets per the financial statements	$ 1,157,364
2015 Employer contributions accrued on financial statements in 2015, recorded in Form 5500 in 2016	168,515
2016 Employer contributions accrued on financial statements, to be recorded in Form 5500 in 2017	(170,241)
Total net income per the Form 5500	$ 1,155,638

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 20, 2017, the date which these financial statements were available to be issued. Effective April 2017, participants may have two loans outstanding. Management concluded that no other material subsequent events have occurred since December 31, 2016 that requires recognition or disclosure in such financial statements.
