USA Money Purchase Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the USA Money Purchase Plan (the "Plan"), which comprise the statement of net assets available for plan benefits as of December 31, 2015, the statement of net assets available for benefits in liquidation as of December 31, 2016, the related statement of changes in net assets available for plan benefits for the period from January 1, 2016 to September 30, 2016, and the related statement of changes in net assets in liquidation for the period from October 1, 2016 to December 31, 2016.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015 and for the periods from January 1, 2016

to September 30, 2016, and from October 1, 2016 to December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Basis of Accounting

As discussed within Note 3 to the financial statements, during 2016, the Compensation Committee approved a plan of liquidation on September 15, 2016 and determined liquidation of the Plan to be imminent. As a result, the Plan changed its basis of accounting on September 30, 2016 from the going concern basis to a liquidation basis.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan and Plan Termination

The following brief description of the USA Money Purchase Plan (the "Plan"), sponsored by United Space Alliance, LLC ("USA" or "Company"), is provided for general informational purposes only. Participants should refer to the plan document and summary plan description for more complete information.

General

The Plan is a money purchase pension plan sponsored by USA.

Effective August 2005, the Plan was established with similar provisions to the Capital Accumulation Plan ("CAP"), an account within the USA Retirement Savings Plan. Effective September 2005, nonrepresented participants with CAP balances were given the option to transfer the CAP balance into the Plan or the USA Retirement Savings Plan. Effective August 2007, the remaining CAP participants (covered by collective bargaining agreements) began participation in the Plan and had their CAP contributions discontinued. Effective March 2008, any participants with a remaining CAP balance were given the option to transfer the CAP balance into the Plan or the USA Retirement Savings Plan. The USA Retirement Savings Plan is held in a separate plan. Therefore, the balances in the USA Retirement Savings Plan are not included in these financial statements or footnote disclosures.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan filed an application on September 22, 2016 with the Internal Revenue Service ("IRS") for advance determination of the qualification of the Plan to determine if the Plan meets the qualification requirements of Section 401 of the Internal Revenue Code ("IRC") of 1986, with respect to the Plan's termination.

Administration

The Benefits Plan Administrator of the Company is responsible for the operation and administration of the Plan and is authorized to delegate such responsibilities to the Compensation Committee of the Company (the "Committee") as the administrator may deem necessary and appropriate. Effective November 21, 2015, the Benefits Administrative Committee ("BAC") was dissolved. The Committee is now responsible for the operation and administration of the Plan. Vanguard Fiduciary Trust Company ("Vanguard") is the Plan's trustee and asset custodian.

Eligibility

The Plan covers all salaried or hourly employees that work in one of USA's Florida locations. This includes part-time employees who are employed on a regular basis by the Company and employees reported as common law employees on USA payroll records. An employee is eligible to participate the first payroll period beginning after the date of hire on or after August 1, 2005. Employees are not eligible to participate if:

- Compensated as an executive, or by special fees or under a special contract or arrangement, on a commission basis, or a leased employee within the meaning of IRC 414(n)(2), or an employee of a subsidiary of the Company;
- Covered by a bargaining agreement not specifically provided for participation under the Plan; or

- Covered by another retirement plan, other than the USA Retirement Savings Plan.

In September 2006, USA executed a resolution to discontinue participation in the Plan for employees hired after October 1, 2006. Eligible employees prior to October 1, 2006 will continue to receive contributions until their retirement date.

The Plan was amended, effective January 1, 2011, to cover only those active participants who are assigned to the Integrated Mission Operations Contract organization, were hired before October 1, 2006, and were participating, as of December 31, 2010, in a defined benefit pension plan maintained by the Company or the Plan.

Contributions
The Company will contribute to the Plan in an amount equal to 5% of base compensation for eligible participants, as defined in the plan document and subsequent amendments. USA's contributions are fully vested at all times.

Contributions under the Plan may not exceed the lesser of (i) $53,000, as adjusted under section 415(d) of the IRC or (ii) 100% of the participant's compensation. The compensation limit excludes contributions for medical benefits after separation from service (See Note 2).

Participant Accounts
Each participant's account is credited with USA's contribution, and an allocation of Plan earnings or losses; net of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transitions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments
Upon termination of employment, retirement, death, or disability, as qualified under the Plan, a participant's account shall be distributed in accordance with the normal form of distribution or his elected optional form of distribution, as applicable. The normal form of distribution is as a life annuity, but participants may instead elect to receive their benefits in the form of:

- Lump sum payment; or

- Five or fewer annual installment payments with such installment payments to be equal to the value of the Participant's account as of the valuation date immediately preceding distribution, divided by the number of installments remaining at the time of each payment.

Notwithstanding the above, if the aggregate amount of the participant's accounts does not exceed $5,000, then payment shall automatically be made to the participant in a lump sum.

2. 401(h) Account

The Plan includes a medical-benefit component in addition to normal retirement benefits to fund a portion of the postretirement obligations for retirees and a spouse or dependent of the retiree in accordance with Section 401(h) of the IRC. A separate account has been established and maintained for such contributions. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and a spouse or dependent of the retiree. The related obligations for health benefits are reported as obligations in the financial statements of the USA Retirement Plan for Certain Former Lockheed Martin Space Operations ("LMSO")

Employees and Florida Operations Represented Employees. As of December 31, 2016 and 2015, net assets held in the LMSO 401(h) account amounted to $5,036,298 and $16,490,973, respectively.

On March 15, 2013, pursuant to the Closing Agreement on Final Determinations Covering Specific Matters between USA and the Commissioner of Internal Revenue signed by the respective parties on February 20 and 25, 2013, the retiree health accounts relating to the United Space Alliance Retirement Plan and the United Space Alliance FEPC Retirement Plan were transferred into the Plan. Participants and beneficiaries eligible to receive benefits under the transferred 401(h) accounts would be considered participants in the Plan, but only with respect to their rights to receive benefits under their respective transferred 401(h) accounts, and until such accounts are entirely depleted. As of December 31, 2016 and 2015, net assets held in the transferred 401(h) accounts amounted to $6,192,618 and $36,438,506, respectively, for the USA Retiree Medical 401(h) and $0 and $0, respectively, for the USA FEPC Retiree Medical 401(h), and were included in the Statements of Net Assets Available for Plan Benefits.

3. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements for 2015 and for the period from January 1, 2016 to September 30, 2016 are prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the going concern basis of accounting. On September 15, 2016, the USA Compensation Committee agreed to terminate the Plan and thus the liquidation basis of accounting is applied for the period October 1, 2016 to December 31, 2016. Management evaluated the changes in net asset for the period September 15, 2016 to September 30, 2016 and concluded that they were immaterial.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment Income

Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales are recorded on the trade-date basis. Net appreciation (depreciation) in fair value of investments includes net unrealized gain (loss) in the fair value of investments and net realized gain (loss) on the sale of such investments.

Expenses

The Plan's trustee and investment management expenses are paid from the Plan's assets, as provided by the plan document, and unless specifically directed by the Committee to be paid by USA.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants
Benefits are recorded when paid.

Recent Accounting Pronouncement
In July 2015, the FASB issued ASU 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; III. Measurement Date Practical Expedient."

Part I of the ASU requires fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value. Part II of this ASU requires the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Part I and III are not applicable to this plan. The Plan adopted Part II of ASU 2015-12 in 2015 and applied the changes retrospectively. The adoption of Part II of this standard did not have a material impact on the Plan's financial statements or footnote disclosures.

In May 2015, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent) ("ASU 2015-07")." ASU 2015-07 amended ASC 820, Fair Value Measurement, to remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The Plan early adopted ASU 2015-07 in 2015. The change did not have a material impact on the Plan's financial statements or footnote disclosures.

Subsequent Events
Subsequent events have been evaluated through September 26, 2017, which is the date these financial statements were issued.

4. Investments

The Plan provides for twenty-six registered investment companies and one collective trust offered by The Vanguard Group as well as registered investment companies offered by Fidelity Investments and Wells Fargo as investment funds to which contributions to the Plan may be invested. The registered investment companies are invested in mutual funds valued at NAV of each fund. USA's contributions will follow the investment elections made by the participant.

The Plan invests in common commingled trusts which are valued at NAV. The underlying investments are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts, and bond mutual funds.

The Plan also invests in the Vanguard Prime Money Market Fund, which is a commingled fund that invests in short-term debt instruments of companies primarily operating in specific industries, particularly financial services. The fund offers two classes of shares, Investor Shares and Institutional Shares, and is valued using the NAV of the investment.

5. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Vanguard Fiduciary Trust Company, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for plan benefits and Note 6 as of December 31, 2016 and 2015.
- Net assets held in the 401(h) accounts as of December 31, 2016 and 2015.
- Net appreciation in fair value of investments, and interest and dividend income, as shown in the statement of changes in net assets available for plan benefits for the period January 1, 2016 to September 30, 2016 and October 1 , 2016 to December 31, 2016.
- The "Schedule of Assets (Held at End of Year)" as of December 31, 2016, as shown in the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

6. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. ASC 820 also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally-developed market assumptions. In accordance with ASC 820, fair value measurements are classified using the following hierarchy:

Level 1 Valuation based on quoted prices in active markets for identical assets.

Level 2 Valuation based on observable inputs that do not meet the criteria for Level 1, including quoted prices in inactive markets and quoted prices in active markets for similar but not identical instruments; and

Level 3 Valuations based on unobservable inputs.

Valuation methodologies used for major investment types measured at fair value include:

- *Mutual funds*: Open-ended mutual funds are valued at the NAV of each fund determined as of the close of the New York Stock Exchange on the valuation date.

- *Money market fund*: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

- *Common collective trusts/commingled fund*: valued at the NAV of units of a collective trust. The NAV, as provided by the Trust or fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily but most usually at beginning or month end. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner

The fair value measurements at December 31, 2016 and their related inputs are as follows:

	As of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the attributes of the Investments in Certain Entities that calculate Net Asset Value per Share at December 31, 2016 and 2015:

	Fair Value at December 31, 2016	Unfunded Commitments	Remaining Life	Redemption Frequency	Redemption Notice Period

[1] All the funds have daily liquidity and are not subject to any redemption restrictions at the measurement date.

7. Related-Party Transactions

The Plan owns shares of certain registered investment companies, a commingled fund and a collective trust fund that are managed by Vanguard. As Vanguard is the trustee of the Plan, these transactions qualify as party-in-interest transactions. These transactions are exempt as defined in ERISA Section 408 and the regulations thereunder. Fees paid by the Plan to Vanguard, net of reimbursements by the Company, for administration, early withdrawal, and loan processing amounted to $163,793 for the year ended December 31, 2016.

8. Tax Status

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

The IRS has determined and informed the Company by a letter dated May 5, 2014 that the Plan is designed in accordance with applicable sections of the IRC.

The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision is made for federal income taxes.

9. Plan Termination

USA has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, or upon complete discontinuance of contributions, the accounts of each affected participant shall become fully vested.

On September 15, 2016 the Compensation Committee of United Space Alliance agreed to terminate the Money Purchase Plan effective April 30, 2017.

The Plan filed an application on September 22, 2016 with the IRS for advance determination of the qualification of the Plan to determine if the Plan meets the qualification requirements of Section 401 of the IRC of 1986, with respect to the Plan's termination.

10. Risks and Uncertainties

The Plan provides for investments in registered investment companies, a commingled fund and a collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Participants' account balances and the amounts reported in the statement of net assets available for benefits.
