**NEVADA GOLD 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2016 AND 2015, AND FOR THE YEAR ENDED DECEMBER 31, 2016**

---

**1. Description of Plan:**

The following description of the Nevada Gold 401(k) Plan (the Plan) provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General.** The Plan is a defined contribution plan covering all eligible employees of Nevada Gold & Casinos, Inc. (the Plan Sponsor) and its subsidiaries (collectively, the Employers). Eligible employees are those who have a minimum of six months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions.** Each year, participants may elect to defer up to 100% of qualifying compensation, as defined in the Plan document, as pre-tax contributions to what is known as a regular 401(k) deferral and as after-tax contributions to what is known as a Roth 401(k) deferral, subject to limits established by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the close of the Plan year may make "catch-up" contributions, also subject to limits established by the IRS. Participants' contributions also may include transfers from other qualified defined benefit or contribution plans. At the discretion of the Employers' common Board of Directors, the Employers may contribute matching and/or other contributions.

**Participant accounts.** Each participant's account is credited with that participant's contributions, allocations of the Employers' contributions, if any, and the changes in investment values, and is charged with benefits paid to the participant and an allocation of administrative expense absorbed by the Plan. Allocations are based on participants' earnings or account balances, as provided in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting, payment of benefits and forfeitures.** Participants are immediately vested in their contributions, adjusted for changes in investment values allocated thereto. Vesting in the Employers' discretionary contribution portion of their accounts (if any), adjusted for changes in investment values allocated thereto, is based on years of service. A participant is fully vested after three years of credited service, or upon normal retirement age, as defined in the Plan document. If a participant's employment terminates as a result of death or disability, as defined in the Plan document, their account immediately becomes fully vested. In the event of Plan termination (Note 6), participants will become fully vested in their accounts. On termination of employment, participants with vested benefits of \$5,000 or less will receive a single lump-sum cash payment of benefits and those with vested benefits exceeding \$5,000 have the option of receiving a single lump-sum or partial cash payment of benefits or deferral of this distribution until normal retirement age. Under certain specified circumstances, participants may receive an "in-service" payment or hardship distribution prior to termination of employment for part or all of their vested accounts. Upon termination of employment for any reason other than as a result of death or disability, participants forfeit their non-vested balances.

Forfeited non-vested amounts, if any, are used to reduce future Employers' contributions. As of December 31, 2016, there were no cumulative, unallocated, forfeited non-vested amounts, and none were available to reduce Employers' contributions in 2016 and 2015.

**Investment options.** Upon enrollment in the Plan, participants may direct the investment of their account balances in whole percentage increments in any of the Plan Administrator-selected investment options offered by the Plan's custodian, United of Omaha Life Insurance Company. Participants may change their investment choices at any time.

**Notes receivable from participants.** A participant may borrow from their accounts up to the lesser of \$50,000 or 50% of his or her vested account balance. Each participant is allowed only one outstanding loan at a time. Notes are secured by the participants' accounts and bear interest at rates determined by the Plan Administrator, fixed for the life of the loan on the date the loan is originated. Principal and interest are amortized over a period not to exceed five years or 15 years if the loan is for a primary residence, and are payable ratably through payroll deductions or directly by the participant.

**Administrative expense.** Although not required by the Plan document, the Employer has absorbed certain administrative expense of \$16,540 on behalf of the Plan in 2016, which is recorded both as administrative expense and employer contributions in the statement of changes in net assets available for benefits.

**2. Summary of accounting policies:**

**Basis of accounting.** The financial statements of the Plan are prepared on an accrual basis pursuant to applicable accounting principles generally accepted in the United States (GAAP).

**Use of estimates.** Timely preparation of financial statements in conformity with GAAP requires the use of management estimates that affect the reported amounts of assets and changes therein, which estimates may require revision in future periods. The Plan invests in various investment securities that are inherently exposed in varying degrees to various other market, credit and interest rate risks. Due to the risks typically associated with certain investment securities and the economic conditions discussed in the following paragraph, it is reasonably possible that material adverse change in investment values will occur in the next year.

**Valuation of investments and income recognition.** The Plan's investments are generally stated at estimated fair value (Note 3), except for fully benefit responsive investment contracts, which are measured at contract value (Note 4), and income is recognized based on valuation changes. Contract value, as reported to the Plan and also certified by the Plan Custodian, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expense. It is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to the fully benefit-responsive guaranteed account because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The estimated fair value of a financial instrument is the price that would likely be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure estimated fair value. Estimated fair value within levels 1-3 of the fair value hierarchy set forth in GAAP is based on the lowest level of any input that is significant to the estimate and requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2016, the NAV of units held by the Plan of the and pooled separate accounts is determined using appraised and quoted market prices of the underlying investments held by the account.

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes a requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also reduces certain previously required disclosures to investments for which the entity has elected to measure fair value using an allowable practical expedient. The Plan's management adopted ASU 2015-07 in 2016 and retrospectively for 2015, with no effect on the current or previously reported net assets available for benefits.

There were no changes in valuation techniques and related inputs used as of the date or during the period presented.

The net increase in investment value includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

**Notes receivable from participants.** Loans to participants are reported at their unpaid principal balances plus any unpaid interest accrued. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed as incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Accordingly, no allowance for credit losses was deemed necessary or recorded as of December 31, 2016 or 2015.

**NEVADAL GOLD 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**AS OF DECEMBER 31, 2016 AND 2015, AND FOR THE YEAR ENDED DECEMBER 31, 2016**

**Payment of benefits.** Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

**Income tax.** As discussed in Note 7, the Plan is exempt from federal income tax. GAAP requires Plan management to evaluate tax positions taken by the plan. In the unlikely event any tax or income tax-related penalty and/or interest, including relative to any uncertain tax position (as defined in GAAP) taken by the Plan, are assessed to the Plan, or deemed probable of assessment, the Plan's policy is to record them as administrative expense.

**3. Investments:**

The Plan's investments have been certified by the Plan Custodian as complete and accurate as of December 31, 2016 and 2015. Effective retroactively to January 1, 2015, in accordance with ASU 2015-07, certain investments that are measured at net asset value (NAV) per share (or its equivalent) are no longer required to be classified in the fair value hierarchy defined in GAAP. As a result, the inputs used value the pooled separate accounts, measured at NAV, held by the Plan have not been classified.

The following table summarizes investments in pooled separate accounts measured at estimated fair value based on net asset value per unit as of December 31, 2016 and 2015:

| <u>Investment</u> | <u>Estimated<br/>fair value</u> | <u>Unfunded<br/>commitments</u> | <u>Redemption<br/>frequency<br/>(if currently eligible)</u> | <u>Redemption<br/>notice period</u> |
|-------------------|---------------------------------|---------------------------------|-------------------------------------------------------------|-------------------------------------|
| 2016              | \$ 1,417,292                    | None                            | Daily                                                       | None                                |
| 2015              | \$ 802,952                      | None                            | Daily                                                       | None                                |

For 2016, the net increase in estimated value of the Plan's investments, including realized and unrealized gains and losses, and interest income, plus interest on participant notes receivable, were also certified by the Plan Custodian.

**4. Insurance company guaranteed account:**

The Plan is a party to a traditional, fully benefit-responsive guaranteed account contract (the Contract) with the Plan Custodian in relation to its investment in the guaranteed account. Pursuant to the Contract, the Plan Custodian maintains the respective participant-directed contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no allowances necessary against contract value for credit risk of the contract issuer or otherwise. The credit rate is based on a formula agreed upon with the issuer.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events could limit the ability of the Plan to transact at contract value with the issuer, including the following: (1) amendments to the Plan documents (for example, complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy or other events of the Plan Sponsor (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the Plan trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event that would limit the Plan's ability to transact at contract value with participants is probable. Pursuant to the terms of the Contract, it may not be terminated prior to scheduled maturity.

For 2016 and 2015, the average yield relative to the account based on actual earnings was 0.66% and 0.37%, respectively, while the interest rate credited to participants was between 0.25% - 0.85% and 0.28% - 0.59%, respectively.

**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**AS OF DECEMBER 31, 2016 AND 2015, AND FOR THE YEAR ENDED DECEMBER 31, 2016**

---

The contract value of the Plan's investment in the fully benefit-responsive insurance company contract has been certified by the Plan Custodian as complete and accurate as of December 31, 2016 and 2015.

**5. Exempt party-in-interest transactions:**

Certain Plan investments are managed by the Plan Custodian, and therefore, transactions involving those investments qualify as exempt party-in-interest transactions.

**6. Plan termination:**

Although it has expressed no present intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA.

**7. Tax status:**

By letter dated March 31, 2008, the IRS informed the Plan Custodian of its determination that its prototype plan adopted by the Plan Sponsor was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was amended effective January 1, 2014. The Plan Administrator has not applied for a determination letter on the amended form of the plan, but nevertheless, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan remains qualified and the related trust tax-exempt.

The 2015 Plan year is currently undergoing a routine audit by the IRS.

**8. Subsequent events:**

Management of the Plan has evaluated subsequent events for possible recognition or disclosure in the financial statements through September 6, 2017, which is the date the financial statements were available for issuance, and has identified no such matters.
