DJO Global, Inc. 401(k) & Profit Sharing Plan
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1--DESCRIPTION OF PLAN

The following description of the DJO Global, Inc. 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on January 1, 1999 and restated June 15, 2015, is a defined contribution plan covering substantially all employees of DJO Global, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan. In certain instances, participants may contribute up to 100% of pretax annual compensation, with proper notice and approval to enter a special salary reduction agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate; this meets the requirements of a qualified automatic contribution arrangement (QACA). Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participant automatic deferral rate increases 1% annually until the participant reaches 6%. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

QACA safe harbor matching contributions: On a pay period basis, the Company makes QACA safe harbor matching contributions of 100% of each participant's contribution up to 1% of the participant's eligible compensation, plus 50% of the participant's contributions in excess of 1% but not to exceed 6% of the participant's eligible compensation. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer contributions per the vesting schedule.

Discretionary employer matching contributions: The Company may make an additional discretionary employer matching contribution at the end of the plan year on behalf of each eligible plan participant in an amount equal to a percentage of the eligible contributions made by each participant during the plan year. The Company has elected not to make a discretionary employer matching contribution for the year ended December 31, 2016.

NOTE 1--DESCRIPTION OF PLAN (Continued)

- Contributions (continued) : Discretionary non-elective employer contributions: The Company may make a discretionary non-elective employer contribution to the Plan. The contributions would be allocated to participant accounts in the same ratio as the participant's compensation bears to total compensation of eligible participants. The Company has elected not to make a discretionary non-elective employer contribution for the year ended December 31, 2016.
- Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
- Eligibility to participate : Employees are immediately eligible to participate in the Plan as of their date of hire.
- ERISA account : The Plan held an expense reimbursement account as of December 31, 2016 and 2015. Expense reimbursement balances were \$0 and \$1,450, respectively. This account may be used to reduce administrative expenses of the Plan and to reduce future employer contributions.
- Forfeitures : At December 31, 2016 and 2015, forfeited nonvested accounts held by the Plan totaled \$119,310 and \$146,395. These accounts will be used first to pay administrative expenses of the Plan and then to reduce future employer contributions. During 2016, forfeited nonvested accounts totaling \$39,000 were used to pay administrative expenses and \$299,453 were used to reduce employer contributions.
- Notes receivable from participants : Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. All loans shall bear a reasonable rate of interest as determined by the plan administrator. The interest rate shall remain fixed throughout the duration of the loan. For current interest rates, see Schedule H, Line 4i – Schedule of Assets (Held at End of Year).
- Participant accounts : Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, QACA safe harbor matching contributions and an allocation of the discretionary employer matching contributions and discretionary non-elective employer contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits : On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum or installment equal to the value of the participant's vested interest in his or her account in substantially equal installments of either annual payments or more frequent payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds \$5,000.

Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional contributions.

Vesting : Participants are vested immediately in their participant salary reduction and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Accrued benefits vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2 or more	100%

For vesting purposes, a year of service is defined as the total of an employee's countable periods of service without regard to hours of service.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting : The financial statements of the Plan are presented on the accrual basis of accounting.

The Plan has elected to early implement ASU 2015-07 and Parts I and II of ASU 2015-12, effective December 31, 2015.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.
- Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- Notes receivable from participants : Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
- Payment of benefits : Benefits are recorded when paid.
- Subsequent events : The Plan has evaluated subsequent events through August 23, 2017, the date the financial statements were available to be issued.
- Use of estimates : The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information is complete and accurate as of December 31, 2016 and 2015. Certified information is summarized as follows:

	<u>2016</u>	<u>2015</u>
Investments at fair value		
Mutual funds	\$ 124,103,027	\$ 126,695,535
Common collective trusts	5,192,256	5,992,031
Notes receivable from participants	<u>2,331,902</u>	<u>2,522,964</u>
Total investments and assets certified by the trustee	<u>\$ 131,627,185</u>	<u>\$ 135,210,530</u>

NOTE 3--CERTIFIED INFORMATION (Continued)

Changes in net assets certified by the trustee and not audited for the year ended December 31, 2016, include the following:

Net appreciation in fair value of investments	\$ 4,953,894
Dividends	3,913,471
Interest income on notes receivable from participants	98,623
Administrative expenses	(95,352)

NOTE 4--FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2016 and 2015.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2016 and 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 124,103,027	\$ 0	\$ 0	\$ 124,103,027
Total assets in the fair value hierarchy	\$ 124,103,027	\$ 0	\$ 0	\$ 124,103,027
Investments measured at NAV				5,192,256
Total				\$ 129,295,283

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 126,695,535	\$ 0	\$ 0	\$ 126,695,535
Total assets in the fair value hierarchy	\$ 126,695,535	\$ 0	\$ 0	\$ 126,695,535
Investments measured at NAV				5,992,031
Total				\$ 132,687,566

Common/collective trusts are valued at NAV on a daily basis and have a required 12 month notice for redemption. There are no unfunded commitments for the common collective trusts held by the Plan. The total value of the common/collective trusts is \$5,192,256, and \$5,992,031 as of December 31, 2016 and 2015, respectively.

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6--TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated prototype plan. The plan administrator believes that the Plan is currently being operated in accordance with the IRC.

NOTE 6--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are common/collective trusts and shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
