Ainsworth Pet Nutrition Profit Sharing/401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of Ainsworth Pet Nutrition Profit Sharing/401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Ainsworth Pet Nutrition, LLC (Company) for the benefit of its employees who have at least 60 days of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company is the trustee and custodian of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 60% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes matching contributions equal to 1% for the first 1% of elective deferrals and 0.5% for each 1% of elective deferrals thereafter, up to a maximum of 3.5%. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. Participants are automatically enrolled at a deferral rate of 6% when they meet the eligibility requirements of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant activity or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Ainsworth Pet Nutrition Profit Sharing/401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested in employer matching contributions after two years of continuous service and fully vested in employer profit-sharing contributions after five years of continuous service.

Payment of Benefits

On termination of services due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment, or installment payments.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$1,866 and \$1,174, respectively. These accounts will be used to reduce future employer contributions. Also, in 2016 and 2015, employer contributions were reduced by \$77,011 and \$62,506, respectively, from forfeited nonvested accounts.

Other Unallocated Assets

In accordance with the service agreement with the Company, a portion of the Fidelity Money Market Government Portfolio account represents a Plan level expense account that is primarily funded by expense reimbursements provided by Fidelity Management Trust Company. The balance of this account was \$8,001 and \$0 at December 31, 2016 and 2015, respectively. The Company has the ability to use these funds to pay for future Plan expenses. Effective January 1, 2017, the Company may elect to allocate amounts in this account to eligible participant accounts. This account is regarded as an asset of the Plan for financial statement and Form 5500 reporting.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Ainsworth Pet Nutrition Profit Sharing/401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the collective trust is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value of the collective trust investment.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants after December 31, 2016.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the last day of the year.

Notes to Financial Statements

December 31, 2016 and 2015

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan paid \$875 and \$1,127 of account activity fees to Fidelity Management Trust Company during 2016 and 2015, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	<u>\$ 47,351,849</u>			

- (A) In accordance with Subtopic 820-10, an investment measured at net asset value per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in valuation techniques during the years ended December 31, 2016 and 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		December 31, 2016		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Stable Value Fund	\$ 8,011,342	N/A	Daily	None
		December 31, 2015		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Stable Value Fund	\$ 8,463,702	N/A	Daily	None

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity Management and Research Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Administrator and Profit Sharing/401(k) Committee
Ainsworth Pet Nutrition Profit Sharing/401(k) Plan
Meadville, Pennsylvania

As part of our audit of the financial statements of Ainsworth Pet Nutrition Profit Sharing/401(k) Plan (Plan) as of and for the year ended December 31, 2016, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements of Ainsworth Pet Nutrition Profit Sharing/401(k) Plan as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis. A deficiency in design exists when a control necessary to meet a control objective is missing or an existing control is not properly designed so that, even if the control operates as designed, a control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matter that we consider to be a deficiency.

Deficiency

Review of Third-Party Administrator SOC 1 Report

During our review of the Plan's internal controls, we were informed management did not review the report on the design and operating effectiveness of recordkeeping internal controls. Because it is the Plan Sponsor's responsibility to monitor the performance of outsourced service providers, we recommend a member of management review this report on an annual basis and document their review. Such documentation will provide better support that Plan officials are monitoring the outsourced service providers.

We are providing this letter in connection with your audits of the financial statements of Ainsworth Pet Nutrition Profit Sharing/401(k) Plan (the Plan) as of and for the years ended December 31, 2016 and 2015, and supplemental schedule as of December 31, 2016. 16. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

23. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.

We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.
