The financial statements of RE/SPEC Inc. Employee 401(k) Retirement Plan (the Plan) are prepared using the accrual method of accounting.

Nature of Operations of Plan Sponsor

RE/SPEC Inc. (the Company) is a consulting and services firm with expertise in mining and energy, water and natural resources, and information technologies. Work is regularly performed for clients throughout the United States, Canada and other countries. RE/SPEC Inc. provides solutions to both governmental and commercial entities through time-and-materials, cost plus fixed fee, fixed price and deliverable type contracts.

Effective February 23, 2016 the Plan was amended to allow the merger of Aqua Terra Consultants 401(k) Plan into the RE/SPEC Inc. Employee 401(k) Plan. As a result, all investments were transferred into the Plan on that date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by the Trustee (Notes 4 and 7).

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

(1) Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 15, 2017, the date which the financial statements were available for issue.

(2) Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all Company employees age 21 and older. Full-time and regular part-time employees are not subject to an hours of service requirement. Temporary part-time employees must be credited with 1,000 hours of service in one year to meet Plan participation eligibility requirements. Plan entry is offered monthly.

All full-time and regular part-time participants, regardless of the number of hours worked during the Plan year, are eligible to receive the Company match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20 percent per year of credited service. A participant is 100 percent vested after completing five years of service, or if less than five years, upon retirement, disability, death, or termination of the Plan.

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, up to certain IRS limitations. The Plan provides for an employer cash match equal to 50 percent of an employee's elective deferrals, up to a maximum of six percent of the employee's eligible compensation. On an annual basis, the Plan allows employees to direct the employer match to the Company's Employee Stock Ownership Plan (ESOP) rather than the 401(k) plan. ESOP Assets are held within the RE/SPEC Inc. Employee Stock Ownership Trust. As such, ESOP assets are reflected in those financial statements. Employees do not need to be employed on the last day of the year to be eligible for the match.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of Plan earnings or losses. Allocations are based on specific investments held by participant account balances. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

(2) Plan Description (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to any investments offered by the Plan. Participants may change their investment options at any time.

Participant Notes Receivable

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as transfers to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Interest rates range from 4.25 to 5.50 percent. Principal and interest is paid ratably through payroll deductions. Participant notes receivable are valued at the principal balance of the note, plus accrued but unpaid interest.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant with benefits in excess of $1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual, quarterly, or monthly installments over a specified period of time not exceeding a participant's life expectancy or the joint life expectancy of a participant and a participant's beneficiary. If no election is made by the participant upon termination of employment, distributions between $1,000 and $5,000 are deposited into an individual retirement account, benefits less than $1,000 are paid in one lump sum as soon as administratively feasible.

Forfeited Accounts

Forfeited, non-vested amounts totaled **$344** and $250 at December 31, 2016 and 2015, respectively. Non-vested amounts are forfeited unless participants return to employment and contribute the distribution received at termination, within a specified time. The Plan uses forfeitures to reduce employer matching contributions.

Administrative Expenses

Other administrative expenses are paid by the Company for all participants. Loan and distribution fees are paid by the participant.

(3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(4) Investments -- Information Certified by Trustee

The Plan's investments are held by the Trustee, who performs all accounting functions associated with the Plan's investments. The fair value of the investments at December 31, 2016 and 2015 is determined by the Trustee (Note 7).

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the year ended December 31, 2016 and 2015. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for Participant Notes Receivable)
Statement of Changes in Net Assets Available for Benefits (except for Contributions, Loan Interest, Fees, and Benefits Paid to Participants)
Supplemental Schedule of Assets Held for Investment Purposes (except for Participant Notes Receivable)

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2016.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 18, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Participant Withdrawals

Vested, undistributed account balances of terminated Plan participants total **$2,945,164** and $3,171,514 at December 31, 2016 and 2015, respectively.

(7) Fair Value Measurement

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are framed in a three level hierarchy defined as follows:

- Level One: observable inputs such as quoted market prices for identical assets or liabilities in active markets
- Level Two: inputs include quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability
- Level Three: inputs are based on prices or valuation techniques that are unobservable

Mutual Funds: Valued at the closing price reporting on the active market on which the individual funds are traded.

Stable Value Common Collective Fund: A stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust fund, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

(8) Plan Merger

In 2015, the Company acquired Aqua Terra Consultants, Inc. (Aqua Terra). Aqua Terra maintained its own 401(k) plan prior to the acquisition. In February 2016, the Aqua Terra Consultant's Employee 401(k) Plan was merged into the RE/SPEC Inc. Employee 401(k) Retirement Plan. The transferred net assets have been recognized in the accounts of the RE/SPEC Inc. Employee 401(k) Retirement Plan as of December 2016, at their balances as previously carried in the accounts of the Aqua Terra 401(k) Plan. The transferred net assets consisted of investments measured at fair value of $2,474,111. Employment with Aqua Terra prior to the acquisition was recognized by the RE/SPEC Inc. Employee 401(k) Retirement Plan for vesting purposes.
