Independent Auditor's Report

**To the Board of Directors
Northwest Regional Hospital Tax Sheltered Annuity Plan
Tukwila, Washington**

We were engaged to audit the accompanying financial statements of the Northwest Regional Hospital Tax Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2016 financial statements.

Auditor's Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the investment assets held by Variable Annuity Life Insurance Company and Lincoln National Life Insurance Company, the custodians of the plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2015 financial statements, except for comparing the information provided by the custodians, which is summarized in Note 5, with the related information included in the financial statements.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on these financial statements.

Opinion on the 2016 Financial Statements

In our opinion, the financial statements referred to above, as of December 31, 2016, and for the year then ended, present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as listed in the accompanying table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the 2015 financial statements, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2016

Note 1 - Plan Description

The following description of the Northwest Regional Hospital Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established effective January 1, 1994, for the benefit of the employees of the Northwest Regional Hospital (Plan Sponsor). The Plan is intended to be a plan that meets the requirements under Section 403(b) of the Internal Revenue Code (IRC). All employees are eligible to participate in the Plan immediately upon employment. Employees that otherwise would be eligible to participate in the plan and/or receive certain employer contributed benefits can elect to receive additional per diem compensation in lieu of certain other benefits, including participation in this retirement plan.

Plan Merger - Effective January 1, 2017, the Plan was merged with the CHI Franciscan Retirement Savings Plan (the CHI Plan) and legal control of the Plan's assets transferred to the CHI Plan at that time. As part of this merger, investments totaling \$12,179,310 held by Variable Annuity Life Insurance Company (VALIC), the Plan's custodian, were transferred to Fidelity Management Trust Company (Fidelity), the custodian of the CHI Plan, in December 2016. As the effective date of the merger is January 1, 2017, the assets transferred to Fidelity prior to year end are reported as assets of the Plan in the accompanying financial statements.

Contributions - Participants may contribute to the Plan through pre-tax voluntary deferrals or Roth deferrals of earned compensation. Eligible employees may contribute from 1% to 100% of their compensation to the Plan, not to exceed annual limitations prescribed by the IRC. All Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions. Participants are eligible for employer matching and discretionary contributions after reaching the age of 18 and service of at least 1,000 hours per year over the first 24 consecutive months of employment, with plan entry dates restricted to the earlier of (i) the first day of the plan year, or (ii) the first day of the seventh month of the plan year. The Plan Sponsor makes discretionary matching contributions equal to 100% of the voluntary deferrals of each participant who is eligible for employer contributions up to 2% of compensation. The Plan Sponsor further contributes a discretionary contribution equal to 5% of compensation for each employee who is eligible for the discretionary contributions.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited, or debited, with any contributions made to the account, increases or decreases in the market value of investments, any loans and loan repayments, withdrawals, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation Provisions - Dividend income, interest income, and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in his or her investment account.

Vesting - Participants are immediately vested in their salary deferral contributions and all employer contributions plus actual earnings thereon.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant may elect to receive a distribution of his or her vested account balance or roll their funds into another qualified account. The distribution may be in the form of a lump-sum payment, installment payments, or an annuity. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2016

Note 1 - Continued

Notes Receivable From Participants - The Plan allows participants to borrow from their accounts using their employee deferral balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or \$50,000. The minimum amount allowed to be borrowed is \$1,000. Loan terms range from one to five years unless the loan proceeds are used to acquire a principal residence, in which case the term is up to 10 years.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts are recorded at their contract value. However, investment contracts that are not fully benefit-responsive are required to be reported at fair value. Reporting the Plan's nonbenefit-responsive investment contracts at fair value would not have a material effect on the Plan's financial statements as interest rates are periodically adjusted to market. Accordingly, contract value, which represents accumulated contributions plus interest, less any withdrawals, approximates fair value.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants - Benefits paid to participants are recognized when they are paid. No amounts had been allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2016 or 2015.

Administrative Expenses - The Plan's investment options are subject to investment and administrative fees based on a percentage of invested assets. All such fees are charged directly against investment performance and are not separately disclosed in the accompanying financial statements. Certain fees and expenses of the Plan for legal, accounting, and other administrative services are paid directly by the Plan Sponsor on behalf of the Plan.

Subsequent Events - The Plan has evaluated subsequent events through September 22, 2017, which is the date the financial statements are available to be issued.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2016

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2016 and 2015.

Money Market - Valued at cost plus accrued interest, which approximated fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Accounts - Variable annuity accounts are valued at the NAV per share at the close of each business day as reported by each fund, which is then adjusted for dividends and separate account fees. Fair values of the Plan's variable annuities are estimated using the value of underlying mutual fund investments. Participants may transfer all or a portion of their account value among the Plan's variable annuities. Participants eligible to receive benefit payments may withdraw the value of their variable annuities, in whole or in part, at any time, but will be assessed surrender charges.

Fixed Annuity Contracts - Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (e.g. swap curve rate).

Investments measured at NAV ^(a)				284,759
Total Investments at Fair Value				\$ 12,509,485

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

A reconciliation of the beginning and ending balances for fair value measurements made using significant unobservable inputs (Level 3) is as follows for the year ended December 31, 2016:

Balance as of January 1, 2016	\$ 4,680,872
Interest income	99,479
Purchases and other additions	759,179

The investment strategies of these investments are included in the fund names for all variable annuities presented in the Schedule of Assets Held included as supplementary information.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2016

Note 4 - Fixed Annuity Contracts

The Plan's fixed annuity contracts with VALIC are measured at fair value. Because contract value would be used if plan participants initiated transactions with the Plan, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates on the investment contracts are based on a formula agreed upon with the issuer. Interest rates are reviewed on a monthly basis for resetting. The average yield for the guaranteed interest account was 2.25% for the year ended December 31, 2016.

Crediting interest rates vary over time and are announced by VALIC for each year in advance. The rate in effect at December 31, 2016 and 2015 was 2.00% and 2.15%, respectively. The annual effective yield and crediting interest rate ranged from 2.00% - 2.15% during the year ended December 31, 2016.

Note 5 - Certified Investments

The Plan's management elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act (ERISA) as of December 31, 2015. Under this provision of ERISA, certain information certified by qualified asset custodians need not be subjected to independent audits. The Plan's management has obtained certifications as of December 31, 2015 from certain custodians, VALIC and Lincoln National Life Insurance Company (Lincoln), that the following information provided by the custodians and included in the Plan's financial statements and supplementary information is complete and accurate. One of the Plan's asset custodians, American Century (American), provided asset trust reporting for the period noted, but was unable or unwilling to provide a certification that would allow the Plan administrator to direct the Plan's independent auditors to perform limited scope audits with respect to such information.

	Investment and Notes Receivable From Participants			
	VALIC (Certified)	Lincoln (Certified)	American (Not Certified)	Total
2015	\$ 12,431,892	\$ 161,952	\$ 158,167	\$ 12,752,011

Note 6 - Plan Termination

As described in Note 1, the Plan was merged into the CHI Plan on January 1, 2017.

Note 7 - Federal Income Taxes

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Management believes it has operated the Plan in a manner that did not jeopardize the tax benefits associated with these arrangements.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2016

Note 7 - Continued

The Plan is subject to audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

VALIC, Lincoln, and American served as the custodians and record-keepers for the Plan. As a result, transactions involving these service providers qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2016, consisted of \$24,553 paid to VALIC, \$75 paid to Lincoln, and \$32 paid to American.

Note 9 - Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the fixed annuity contracts issued by VALIC. This investment represents approximately 32% and 37% of total Plan investments at December 31, 2016 and 2015. The Plan's management seeks to limit its credit exposure by placing its contracts with high-credit quality institutions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 to the Form 5500:
