NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Sorenson Lighted Controls, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, and any amendments thereto, for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all salaried employees of Sorenson Lighted Controls, Inc., Wes-Garde Components Group, Inc. and HMI Systems, LLC (collectively referred to as the "Company"). Employees who are at least twenty-one years of age may participate in the Plan effective on the 1st of the month following their date of hire or after attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Hourly employees may make salary deferral contributions, however, they are not eligible to receive an allocation of any discretionary profit sharing contributions. In addition, there is no service requirement for salary deferral contributions. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to management. The Plan's trustee is Reliance Trust Company and the recordkeeper is ADP Retirement Services (RS) 401K/Qualified Plan and Participant Recordkeeping Operations Services.

Contributions: Participants may elect to make salary deferral contributions to the plan up to 100% of eligible compensation, excluding bonus and commissions, subject to Internal Revenue Code ("IRC") limitations. Participants are eligible to make salary deferrals upon reaching the age of 21. Effective January 1, 2016, the Plan was amended to allow participants to make Roth contributions. Participants' who have attained the age of 50 within the plan year are permitted to make catch-up contributions in accordance with the IRC. Participants are automatically enrolled to defer 3% of compensation upon eligibility, and may stop their salary deferral contributions at any time.

The Company may, at its discretion, make matching or profit sharing contributions to the Plan. Participants are eligible for employer matching contributions upon reaching the age of 21. Participants are eligible to receive the employer profit sharing contributions if they (1) at least 21 years of age and (2) have completed more than 1,000 hours of service in the twelve-month period from hire date or twelve-month period on any anniversary of the hire date thereof. The Company did not make any matching or profit sharing contributions for the year ended 2016. The Plan is participant-directed and participants may change their investment options at any time. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contributions, including forfeitures (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, plus actual earnings thereon. In the event of termination due to death, total and permanent disability or retirement, participants shall become 100% vested in the Company contribution portion of their account. For all other participants, vesting in the Company contribution portion of their account is based on the credited years of service, as defined according to the following schedule:

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Year of service	Vested percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate, determined at the time of the loan, is set at the prime rate as published in The Wall Street Journal on the origination date of the note plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or for account balances greater than $5,000, annual installments over a period not exceeding the participant and beneficiary's life expectancy. For termination of service for other reasons and account balances less than $5,000, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Withdrawals from a participant's salary deferral and rollover accounts may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan.

Participants who are at least 59½ years of age may withdraw all or a portion of the balance in their account prior to termination for any reason.

Forfeited Accounts: Forfeitures or non-vested employer matching and profit sharing contributions are used to reduce Plan expenses or employer contributions. There was no forfeiture balance at December 31, 2016, and there was a forfeited balance of $849 at December 31, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Subsequent Events: Management has evaluated events and transactions occurring subsequent to December 31, 2016, for items that should be recognized in these financial statements. The evaluation was conducted through September 28, 2017, the date these financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standard Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	Assets at fair value as of December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 2,807,829	$ -	$ -	$ 2,807,829
Money market fund	492,292	-	-	492,292
Total	$ 3,300,121	$ -	$ -	$ 3,300,121

	Assets at fair value as of December 31, 2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 3,051,041	$ -	$ -	$ 3,051,041
Money market fund	446,726	-	-	446,726
Total	$ 3,497,767	$ -	$ -	$ 3,497,767

NOTE 4 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (UNAUDITED INFORMATION)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2016 and 2015, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2016, that are disclosed in the accompanying financial statements, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - INCOME TAX STATUS

According to IRS Announcement 2011-49, employers that adopt approved nonstandardized prototype plans and meet certain additional guidelines can rely on the prototype plan's opinion letter, dated July 16, 2014, rather than file for a new letter. The Sponsor has elected to rely on the prototype plan opinion letter in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

(Continued)

NOTE 5 - INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for investment management services are included in net depreciation in the fair value of investments. Expenses paid by the Plan to the trustee for administrative expenses amounted to $1,797 for the year ended December 31, 2016. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions. The Plan sponsor pays directly any other fees related to the Plan's operations.
