Good Start Genetics, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Good Start Genetics, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Good Start Genetics, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan originally established by Good Start Genetics, Inc. (the "Company", "Employer" or "Plan Sponsor") on January 1, 2010. Voya Retirement Insurance and Annuity Company ("Voya") serves as the current trustee of the Plan. AFC Pensions administers the Plan. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the "Code") and the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: The Plan covers all employees of the Company. An employee is eligible to be enrolled into the Plan on the date of hire.

Contributions: Each year, participants may contribute to the Plan an amount up to 100% of their pre or post tax annual eligible compensation as defined by the Plan, subject to certain Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover") provided such contributions do not impact the tax status of the Plan. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to Code limitations.

The Company may make employer discretionary matching and qualified nonelective employer contributions as declared by its trustees. For the year ended December 31, 2016, the Company's employer discretionary matching contributions were 25% of the first 6% of eligible compensation, as defined by the Plan. Employer discretionary matching contributions are subject to certain limitations under the Code. For the year ended December 31, 2016, there were no qualified nonelective employer contributions.

Participant accounts: Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and any employer discretionary matching contributions and allocations of any qualified nonelective employer contributions, Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed.

Vesting: Participants are vested immediately in participant, rollover and qualified employer contributions plus actual earnings thereon. Participants are vested in the Company's employer nonelective and matching contributions plus actual earnings thereon based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

A year of service is defined as a Plan year in which an employee has worked at least 1000 hours. A participant becomes fully vested in the event of normal retirement, total and permanent disability or death while still employed.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: Forfeitures resulting from non-vested portions of terminated participants' account balances shall be used to pay administrative expenses with any excess to be used to reduce employer contributions. Forfeitures were utilized to pay administrative expenses of \$4,122 and to offset the employer matching contributions of \$17,966. The Plan had forfeitures generated of \$20,547 and forfeiture income of \$13. As of December 31, 2016 and 2015, unallocated forfeiture amounts available were \$2,594 and \$4,122, respectively. Accumulated forfeitures will be applied to pay administrative expenses and reduce employer contributions in 2017.

Investment options: Upon enrollment in the Plan, participants must direct their contributions into selected investment options as made available and determined by the person who is responsible for the management of the Plan ("Plan Administrator"). The Plan allows investments in various pooled separate accounts and a guaranteed income fund. Participants may change their investment options daily.

Payment of benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum or partial distribution amount up to the value of the vested interest in his or her account. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining administrative expenses of the Plan may be paid from assets of the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB") and are prepared on the accrual basis of accounting. The FASB sets U.S. generally accepted accounting principles ("GAAP") to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value - See Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Voya or its investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation within the statement of changes in net assets available for plan benefits includes interest income, dividends and the Plan's gains and losses on investments bought, sold and held during the year.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Fair value measurements: FASB ASC 820 – *Fair Value Measurements and Disclosures* (“FASB ASC 820”), defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability; either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used as of December 31, 2016 and 2015.

Pooled separate accounts: Unit value is calculated based on the net assets of the underlying pool of securities, which value their investment securities at fair value. The pooled separate accounts are valued daily based on the net asset value (“NAV”) of shares of the underlying funds. The Plan has no specific intentions to sell investments at amounts other than NAV. These investments can be redeemed on a daily basis and have no lockup or funding commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of benefits: Benefits are recorded when paid.

Good Start Genetics, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Plan management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2013.

Note 3. Information Prepared and Certified by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015 and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Voya that the information provided to the Plan Administrator by Voya related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	December 31,	
	2016	2015
Assets at fair value, using NAV per share:		
Pooled separate accounts	\$ 4,306,422	\$ 3,808,377
Assets at contract value:		
Guaranteed income fund	92,829	132,615
	<u>\$ 4,399,251</u>	<u>\$ 3,940,992</u>

Voya certified to the completeness and accuracy of \$330,149 of net appreciation in fair value of investments, \$2,060 of interest income and \$2,238 of interest income on notes receivable from participants for the year ended December 31, 2016.

Notes to Financial Statements

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Other investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 4,306,422
Total investments at fair value	\$ -	\$ -	\$ -	\$ 4,306,422

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Other investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 3,808,377
Total investments at fair value	\$ -	\$ -	\$ -	\$ 3,808,377

- (a) In accordance with FASB ASC 820, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

The following tables set forth additional disclosures of investments of the Plan whose fair value is estimated using NAV per share (or its equivalent).

	Fair Value Estimated Using NAV Per Share December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 4,306,422	\$ -	Immediate	None

	Fair Value Estimated Using NAV Per Share December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 3,808,377	\$ -	Immediate	None

Good Start Genetics, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Guaranteed Income Fund

The Plan's guaranteed income fund is an investment contract with an insurance company, which is renewed annually. The issuing insurance company is Voya. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged with plan withdrawals and administrative expenses. The guaranteed income fund, Voya Fixed Account, has no stated maturity and has a contract value of \$92,829 and \$132,615 as of December 31, 2016 and 2015, respectively. Interest rates are reset at least annually, during which a new interest rate is applied daily to the total outstanding balance of the investment.

The guaranteed income fund issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan. As the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the formula agreed upon with the issuer. Such interest rates are reviewed at least annually for resetting.

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination, merger with another plan or premature termination of the contract by the Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract does not have the option to be terminated by the issuer at an amount less than contract value.

Note 6. Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan is designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving this opinion letter, however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and tax exempt.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Good Start Genetics, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 8. Party-in-Interest Transactions

Certain of the Plan's investments are managed by Voya, which qualifies as an exempt party-in-interest transaction, as defined by ERISA. The Plan Sponsor paid certain administrative expenses of the Plan, which qualifies as an exempt party-in-interest transaction, as defined by ERISA. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' account. These transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through September 27, 2017, the date on which the financial statements were available to be issued.

The Plan Sponsor was acquired in a transaction during July 2017. The Plan Sponsor is evaluating the impact of this transaction on the Plan as of September 27, 2017.
