INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Hayner Hoyt Corporation 401(k) Plan
Syracuse, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Hayner Hoyt Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified or provided by Principal Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

An Independently Owned Member, RSM US Alliance

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter

As discussed in Note B to the financial statements, in 2016, the Plan adopted new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent. Prior year disclosures have also been revised to reflect the retrospective application of adopting this change in accounting. Our disclaimer opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

THE HAYNER HOYT CORPORATION 401(k) PLAN

December 31, 2016 and 2015

NOTE A--DESCRIPTION OF THE PLAN

The following description of The Hayner Hoyt Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of The Hayner Hoyt Corporation, Doyner, Inc. and LeMoyne Interiors, Inc. (collectively referred to hereinafter as "the Company" or "the Companies") who have completed thirty days of service. Effective July 1, 2015, any part time, temporary or seasonal employees of the Company must complete 1,000 hours of service to become eligible to participate in the Plan. An employee is eligible to participate in the salary reduction feature and the employer matching portion of the Plan on the first day of the month following the date the eligibility requirements are met. For purposes of wage rate contributions (see description below), an employee is eligible for these contributions on commencement of employment. In addition, employees who meet the Plan's eligibility requirements and are employed on the last day of the Plan year, are eligible to share in the allocation of discretionary employer contributions. The Plan is subject to the provisions of ERISA. The Board of Directors is responsible for the oversight of the Plan, for determining the appropriateness of the Plan's investment offerings and for monitoring investment performance.

Contributions: Each year, participants may contribute the lesser of 100% of pretax annual compensation ("elective deferral contributions"), or $18,000 for the years ended December 31, 2016 and 2015. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund, which is based on the participant's expected retirement date, until changed by the participant.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Contributions--Continued: The Companies may contribute to the Plan a discretionary matching contribution for all eligible participants. The discretionary matching contributions equaled 25% of employee pre-tax contributions (including catch-up contributions) up to 12% of eligible compensation that a participant contributed to the Plan for 2016 and 2015 and totaled $148,651 and $142,759, respectively. The Companies also make contributions ("wage rate contributions") for participants working on projects covered by prevailing wage rate schedules of the U.S. Department of Labor, New York State Department of Labor and/or any other state department of labor. The wage rate contribution is equal to the fringe benefit pension rate determined for the participant multiplied by the number of hours worked. Wage rate contributions for 2016 and 2015 were $6,905 and $36,681, respectively. Additional discretionary amounts may be contributed at the option of the Companies' boards of directors. No additional discretionary amounts were contributed in 2016 and 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Companies' discretionary matching and wage rate contributions and allocations of (a) the Companies' discretionary contributions and (b) Plan earnings and losses. Allocation of discretionary contributions is based on participants' compensation. However, discretionary contributions allocated to a participant are reduced by the amount of wage rate contributions made for such participant during the Plan year. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants have full and immediate vesting in all of their account balances.

Receivables--Notes From Participants: Participants are permitted to borrow from their accounts. Loans are subject to a minimum of $1,000 and to a maximum equal to the lesser of $50,000 or 50 percent of the participant's account balance. Terms of the loans require repayment over a period not extending beyond five years from the date of the loan. Loans are secured by the balance in the participant's account and bear reasonable rates of interest as determined by the Plan Administrator. Interest rates are currently 8 percent. Principal and interest are paid ratably through weekly payroll deductions.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account, one of several forms of annuity options, or a series of installments chosen by the participant. For termination of service for other reasons, a participant may receive the value of his or her account as a lump-sum distribution. If a participant's vested account balance is between $1,000 and $5,000, and they fail to make a distribution election, a lump-sum amount will be rolled over to an individual retirement account without their consent. If a participant's vested account balance is $1,000 or less, and they fail to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

Forfeited Accounts: There are no forfeited accounts in the Plan as all participant account balances are fully vested and nonforfeitable.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments in pooled separate accounts and the collective trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the custodian. See Note C for discussion of fair value measurements. The Plan's investments in the insurance company general account are reported at contract value (see Note E).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Receivables--Notes From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Contributions to the Plan in excess of amounts allowed by the IRS were $5,517 and $16,259 for 2016 and 2015, respectively. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Fees relating to the administration of receivables--notes from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "Fair Value Measurement" (Topic 820): "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)". The amendments in the ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this ASU for the 2016 Plan year, and it was retrospectively applied to the Plan year ended December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this ASU. The impact of adopting this ASU is reflected in Note C.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Events Occurring After Reporting Date: The Plan's management has evaluated events and transactions that occurred between December 31, 2016 and September 20, 2017, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C--FAIR VALUE MEASUREMENTS--Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Valued at the net asset value (NAV) of the pooled separate accounts. Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or single mutual funds. The NAV is used as a practical expedient to determine the fair value for these accounts.

Collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the custodian reserves the right to temporarily withdraw from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value	Unfunded Commitments	Participant Redemption Frequency (if currently eligible)	Plan Redemption Notice Period
	December 31, 2016			
Pooled separate accounts	$ 10,346,091	n/a	Daily	30 days
Collective trust	209,376	n/a	Daily	12 months

NOTE C--FAIR VALUE MEASUREMENTS--Continued

Investment	Fair Value	Unfunded Commitments	Participant Redemption Frequency (if currently eligible)	Plan Redemption Notice Period
	December 31, 2015			
Pooled separate accounts	$ 10,447,442	n/a	Daily	30 days

NOTE D--INFORMATION CERTIFIED AND PROVIDED BY PRINCIPAL LIFE INSURANCE COMPANY (UNAUDITED)

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2016 and 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Principal Life Insurance Company ("Principal"), the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2016	2015
Participant directed investments:		
At fair value:		
Pooled separate accounts	$ 10,346,091	$ 10,447,442
Collective trust	209,376	-0-
At contract value:		
Insurance company general account	1,860,117	1,952,494
Total participant directed investments	$ 12,415,584	$ 12,399,936

NOTE D--INFORMATION CERTIFIED AND PROVIDED BY PRINCIPAL LIFE INSURANCE COMPANY (UNAUDITED)--Continued

Principal certified to the completeness and accuracy of $701,722 and $43,669 of net appreciation in fair value of investments and $16,372 and $15,710 of interest earned in the Plan's guaranteed interest accounts for the years ended December 31, 2016 and 2015, respectively.

NOTE E--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investment contract with Principal is fully benefit-responsive. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Therefore, related transactions qualify as party in interest transactions. Principal is the Plan service provider and custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management and contract administrative services amounted to $5,578 and $5,568 for the years ended December 31, 2016 and 2015, respectively, and are included in administrative expenses on the statements of changes in net assets for the years ended December 31, 2016 and 2015, respectively. Administrative expenses for auditing services is provided by a party in interest and is paid directly by the Company.

Principal provides certain administrative services to the Plan pursuant to a Service and Expense Agreement between the Company and Principal. Principal receives revenue from the pooled separate accounts, stable value fund and insurance company general account service providers for services Principal provides to these funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan.

The Plan Administrator believes all party in interest transactions qualify for either statutory or administrative exemption from the prohibited transaction rules under ERISA.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies' have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants maintain their 100% nonforfeitable interest in their account balances.

NOTE H--TAX STATUS

The IRS has determined by a letter dated May 24, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

NOTE H--TAX STATUS--Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE I--RISKS AND UNCERTAINTIES

The Plan invests in pooled separate accounts, a collective trust, and an insurance company general account. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
