1. DESCRIPTION OF PLAN

General

The following plan description of the Intercept Interactive Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective October 1, 2002, Intercept Interactive Inc. (dba Undertone Inc., the "Employer" or the "Company") established the Plan. The Plan is a defined contribution 401(k) plan covering substantially all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Acquisition of the Sponsor

In December 2015, the Company was acquired by an unrelated entity (the "Parent'). In connection with the acquisition, the retirement plan of the Parent was merged into this Plan and the other subsidiaries of the Parent adopted this Plan. On July 15, 2016, the assets of the other plan, totaling $2,174,127, were received into this Plan. Pursuant to this transaction, effective January 1, 2016 the Plan was amended for employer contributions and vesting (see below).

Eligibility

Employees must be twenty-one years of age or more and complete one month of service to be eligible to participate in elective deferrals. Employees who meet those requirements and are enrolled in the Plan become eligible to receive Employer matching contributions and non-elective discretionary contributions after a one year service requirement. Non-resident aliens and part-time/temporary/seasonal employees, as defined, are excluded from participation. However, any part-time/temporary/seasonal employees who work more than 1,000 hours or more during any year will be eligible to participate in the Plan.

Elective Deferral Contributions

In prior years the Plan allowed each participant to contribute in any amount up to the maximum annual contribution as determined by law. Effective January 1, 2016 the Plan was amended to allow participants to contribute up to 75% of their compensation, as defined in the Plan document, up to the maximum amount allowed by law. After-tax contributions, rollovers from other qualified plans, and catch-up contributions are allowed.

Employer Contributions

The Employer, at its discretion, may make a matching contribution. For the year ended December 31, 2015, the discretionary matching contribution was calculated to be one-half of the amount of elective deferrals, up to a maximum of 1% of compensation. Qualified non-elective contributions ("QNEC") may be made at the discretion of the Employer. Qualified matching contributions are not allowed.

Effective January 1, 2016, the discretionary contribution is calculated at 100% of the first 3% of elective deferrals and 50% of the next 2%. For the year ended December 31, 2016, the Employer contributed $1,011,696, of which $111,407 was recorded as a receivable at December 31, 2016 and received by the Plan in March 2017.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' accounts are credited with participant contributions, Employer contributions and rollovers. Plan earnings and administrative expenses are allocated based upon a participant's account balance in proportion to the balances of all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always 100% vested in their elective deferrals, rollovers, catch-up contributions, after-tax contributions and QNEC's, plus actual earnings thereon. In prior years the Company's discretionary contributions vested over a period of five years, at 20% per year starting after one year of credited service, and ending with 100% vesting after five years of service. Effective January 1, 2016 the balance of each participant's discretionary contribution account vests 100% after one full year of service.

Participants who reach the normal retirement age, as defined by the Internal Revenue Code (the "IRC"), and who are still employed with the Company at that time, become 100% vested in their account balance. In addition, participants who die or become disabled while still employed with the Company become 100% vested in their account balance.

Investment Options

Contributions are invested by Voya Retirement Life Insurance and Annuity Company ("Voya") according to the options elected by the participants. All participant and Employer contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived. At December 31, 2016, the Plan offers investment options in a fixed income fund (a group annuity contract), and a separate account, which permits participants to select among thirty-five underlying publicly traded mutual funds, eleven target date retirement funds and one money market fund.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 not to exceed a maximum of $50,000 or 50% of the participant's vested account balance, whichever is less. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years The interest rates for notes outstanding as of December 31, 2016 were between 4.25% and 4.50%. The fixed interest rate is based on the prime rate plus 1% at the time of the loan. Principal and interest are paid ratably through payroll deductions made on a semi-monthly basis. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement, disability, financial hardship or death. On termination of service, for reasons other than normal retirement, death or disability, a participant will receive a lump-sum payment equal to the value of his or her account. Hardship withdrawals are available, as are in-service distributions to participants who have attained the age of 59½. Corrective distributions are made, returning contributions to participants, in order to comply with the Department of Labor regulations. If a participant employment terminates with the Employer, the Plan permits distribution of the participant's account, not in excess of $5,000, to be cashed out or transferred to an IRA without the participant's additional consent.

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions or to pay Plan expenses. During the year ended December 31, 2016, $349 was forfeited by a withdrawing participant, the forfeiture account earned $44 and $393 was used to pay plan expenses. There was no balance in the forfeiture account at December 31, 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. During the year ended December 31, 2016, a deemed distribution of a note receivable from a participant totaling $5,136 was recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments in the separate account, which is a common collective trust, are valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by Voya, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation/depreciation in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation/depreciation on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The codification establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about inputs market participants would use at the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 – Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuation based on quoted prices for similar assets or liabilities in active markets; for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the financial instrument has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 – Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

Level 3 assets and liabilities are measured at fair value based on one or more of three approaches noted in accounting pronouncements. The three approaches are as follows:

- Market approach - Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (i.e. current replacement cost); and
- Income approach – Uses valuation techniques to convert future amounts to a single present discounted amount based on market expectations about those future amounts (including present value techniques, option-pricing models, and lattice models).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation/depreciation in fair value of investments.

Administrative Expenses

The Employer has elected to pay administrative expenses incurred by the Plan except for certain transaction fees such as loan and distribution requests, which are paid by the Plan. The Plan recognized direct expenses totaling $3,430 for the year ended December 31, 2016.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2017, which is the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

In May 2015, the FASB issued accounting standards update ("ASU") 2015-07 which amends the requirements for disclosures for investments in certain entities that calculate NAV per share (or its equivalent). This update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The update is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan is currently evaluating the effect the update will have on its financial statements.

3. INVESTMENTS

Voya, the trustee of the Plan, certified as to the completeness and accuracy of the investment transactions, income and expenses, and schedules of investment assets as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

The Voya Fixed Account is considered non-benefit responsive. The interest rate credited to the account, guaranteed not to fall below 3%, was 3% for each of the years 2016 and 2015.

The following information, included in the accompanying financial statements and supplemental schedule at December 31, 2016 and 2015, was obtained from data that has been prepared and certified by Voya.

	December 31, 2016	December 31, 2015
Investments, at fair value:		
Fixed income fund	$ 156,509	$ 69,616
Separate account	10,772,137	5,721,695
Total investments, at fair value	10,928,646	5,791,311
Notes receivable from participants	70,374	100,238
Total	$ 10,999,020	$ 5,891,549

	Year Ended December 31, 2016
Investment income:	
Net appreciation in fair value of investments	$ 738,932
Interest income on notes receivable from participants	7,254
Interest income on fixed income fund	1,178
Total	$ 747,364

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2016 and 2015. In accordance with FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. There have been no changes to the valuation methodologies used at December 31, 2016 and 2015.

3. INVESTMENTS (CONTINUED)

	Fair Value Measurements at December 31, 2016			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fixed income fund	$ 156,509	$ -	$ -	$ 156,509
Separate account	10,772,137	-	10,772,137	-
	$ 10,928,646	$ -	$ 10,772,137	$ 156,509

	Fair Value Measurements at December 31, 2015			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fixed income fund	$ 69,616	$ -	$ -	$ 69,616
Separate account	5,721,695	-	5,721,695	-
	$ 5,791,311	$ -	$ 5,721,695	$ 69,616

Separate accounts are valued at the NAV of units held by the Plan at year end as reported by the trustee on the last day of the Plan year. The fund's net asset value is determined by the trustee sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

The fixed income fund is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the user.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent):

December 31, 2016

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Separate account	$ 10,772,137	$ -	Daily	None to 30 days

December 31, 2015

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Separate account	$ 5,721,695	$ -	Daily	None to 30 days

3. INVESTMENTS (CONTINUED)

The separate account was established to support the operations of variable annuity contracts, with holdings of 8 lifestyle funds and 2,104 investment divisions (1,709 of which invest in independently managed mutual funds and 395 of which invest in mutual funds managed by an affiliate of Voya) at December 31, 2016. The account provides for variable accumulation and benefits under the contracts by crediting annuity considerations to one or more divisions within the account as directed by the contract owners who bear the investment risk.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2016.

Fair Value Measurements Using Significant Other Observable Inputs (Level 3)

	Year Ended December 31, 2016
Beginning Balance	$ 69,616
Purchases and transfers-in	90,148
Sales	(4,433)
Earnings	1,178
Ending Balance	$ 156,509
Interest income on fixed income fund	$ 1,178

4. TAX STATUS

The Plan obtained the latest determination letter for the prototype plan it has adopted on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a fixed income fund and a separate investment account that invests in publicly traded mutual funds. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the trustee and third party administrator written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become fully vested.

7. RELATED PARTY/PARTY-IN-INTEREST

Certain Plan investments are managed by Voya. Voya is the trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation/depreciation in fair value of investments, as they are deducted from income earned rather than direct payment.

8. ACCRUED EXPENSES

Accrued expenses represents deferrals on bonus payments made in connection with the acquisition of the Company in December 2015, which should not have been withheld from participant's payroll. These amounts were removed from contributions and recorded as an accrued expense. These amounts were returned to the participants in the subsequent period.

9. PROHIBITED TRANSACTION

During 2016 the Company was not able to remit employee salary deferred contributions, totaling $145,519, in a timely manner as required by U.S. DOL regulations.

In 2016, the Company self-corrected these late remittances by contributing a total of $135 in lost earnings to the Plan. The lost earnings include the amount the participants would have earned from the date the deferred contributions should have been made, through the date of correction.

The Plan sponsor has not estimated the amount of additional potential fines or penalties related to this prohibited transaction.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

Investment Expenses and Indirect Compensation

The chart below shows the components of the investment expenses for the non-fixed interest funds available under your plan as well as the revenue paid to Voya Financial, Inc. (Voya) from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. The revenue received by Voya from the fund is paid by the fund itself or a related party (e.g. the fund's investment manager) and is not an additional expense above the fund fees. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate your advisor. Amounts shown below are based on charges in effect as of the date above and are subject to change.

Please refer to the Appendix for a description of the services provided in connection with the following fees paid by the Funds to Voya:

Fund Notes

DFA Global Real Estate Securities Portfolio - Institutional Class: "Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement" has been adjusted to reflect an amendment to the Fee Waiver and Expense Assumption Agreement for the Portfolio with the Advisor effective as of February 28, 2015, which reduced the expense limitation amount for the Portfolio. The "Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement" for the fiscal year ended October 31, 2015 was 0.27%. The Advisor has agreed to waive certain fees and in certain instances, assume certain expenses of the Portfolio. The Fee Waiver and Expense Assumption Agreement for the Portfolio will remain in effect through February 28, 2017, and may only be terminated by the Fund's Board of Directors prior to that date. Under certain circumstances, the Advisor retains the right to seek reimbursement for any fees previously waived and/or expenses previously assumed up to thirty-six months after such fee waiver and/or expense assumption.

JPMorgan Equity Income Fund - Class R6 Shares: The Fund's adviser and/or its affiliates have contractually agreed to waive fees and/or reimburse expenses to the extent Total Annual Fund Operating Expenses (excluding acquired fund fees and expenses other than certain money market fund fees as described below, dividend and interest expenses related to short sales, interest, taxes, expenses related to litigation and potential litigation, and extraordinary expenses) exceed 0.54%, respectively, of their average daily net assets. The Fund may invest in one or more money market funds advised by the Adviser or its affiliates (affiliated money market funds). The Fund's adviser, shareholder servicing agent and/or administrator have contractually agreed to waive fees and/or reimburse expenses in an amount sufficient to offset the respective net fees each collects from the affiliated money market funds on the Fund's investment in such money market funds. These waivers are in effect through 10/31/16, at which time the adviser and/or its affiliates will determine whether to renew or revise them.

Voya Intermediate Bond Fund - Class R6: The adviser is contractually obligated to limit expenses to 0.50% through August 1, 2015. The limitation does not extend to interest, taxes, brokerage commissions, extraordinary expenses, and Acquired Fund Fees and Expenses. This limitation is subject to possible recoupment by the adviser within 36 months of the waiver or reimbursement. Termination or modification of this obligation requires approval by the Fund's board.

Other Indirect Compensation

Float
Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:
Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:
Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors
Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing
In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support
Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2016 such amount was approximately $0.48 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

Plan Name: INTERCEPT INTERACTIVE RETIREMENT PLAN
Plan ID: 811508

- **Total Net Fund Expense**: The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge**: The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.

- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.
