401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Stock Equipment Company (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participant Contributions and Employer Matching Contributions:

Each year, participants may contribute from 1 to 80 percent of pretax annual compensation, as defined in the Plan, subject to certain limitations imposed by the Internal Revenue Service ("IRS"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also self-direct their accounts as a Plan option, subject to certain restrictions. There were no accounts under self-direction by participants at December 31, 2016 or 2015. The Company makes a safe harbor matching contribution equal to 100 percent of a participant's elective deferral, not to exceed 5 percent of the employee's eligible earnings, subject to IRS limitations. Employees must make elective deferrals in order to receive the safe harbor matching contribution.

Non-Elective Contributions:

The Company may decide to make a non-elective contribution to the Plan, although it is not required to do so. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. The allocation is integrated with the Company's Social Security contributions. As such, a certain amount is contributed to the Plan based upon wages not in excess of the taxable wage base under Social Security, and a certain amount is contributed to the Plan, based upon wages in excess of the taxable wage base. There was no non-elective contribution made to the Plan for the year ended December 31, 2016.

Participant Accounts:

Each participant's account is credited with the participant's contribution, any Company contributions and the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

All funds in a participant's account are fully vested and nonforfeitable at all times.

STOCK EQUIPMENT COMPANY
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Notes Receivable From Participants:

The Plan permits limited borrowing by a participant to the lesser of \$50,000 or 50 percent of his or her vested aggregate account balance with a minimum loan of \$1,000. The loans bear a reasonable rate of interest, generally based on the prime rate, and are repaid through payroll deductions generally over a five year period. In certain cases, the loan repayment period would be 30 years or such term as would normally be required by local banks for a similar residential loan. Loans are secured by the participants' vested aggregate account balance.

Payment of Benefits:

A participant or his or her beneficiary, upon termination, death or retirement, may receive the vested interest in his or her account in the form of a lump sum payment or periodic installments. Additionally, the Plan has provisions for an active participant to make withdrawals from his or her voluntary contribution account, subject to limitations and restrictions.

The Plan requires mandatory distributions greater than \$1,000, but less than \$5,000, for which a participant did not make a distribution election, to be rolled over to an individual retirement plan designated by the plan administrator.

Note 2. Summary of Accounting Policies

- A. Basis of Accounting – The financial statements are prepared on the accrual basis of accounting, which recognizes income in the period it is earned and expenses in the period they are incurred.
- B. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividends are recorded when received. There is no material difference between the cash and accrual basis relative to the Plan's investment holdings at December 31, 2016 and 2015. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- C. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Accounting Policies (Continued)

- D. Payment of Benefits – Benefits are recorded when paid.
- E. Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.
- F. Administrative Expenses – Expenses of the Plan are paid by the Company or the Plan at the option of the Company. Administrative expenses may be offset with funds made available by the Plan trustees from fees they receive from investment managers.
- G. Subsequent Events – The Plan has evaluated subsequent events through September 18, 2017, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan from January 1, 2016 through December 31, 2016, and State Street Bank & Trust Company, the trustee of the Plan from January 1, 2015 through December 31, 2015, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2016 and 2015, the supplemental schedule at December 31, 2016, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

STOCK EQUIPMENT COMPANY
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The investments in the common/collective trust funds are held by Reliance Trust Company and managed by State Street Global Advisors. The fair value of investments held in these accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments, and is classified as Level 2.
- The fair value of registered investment companies is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2015 to 2016. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will receive a total distribution of their accounts.

Note 6. Federal Income Tax Status

The Plan adopted a prototype profit sharing plan which received a favorable determination letter from the Internal Revenue Service on July 16, 2014 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The prototype plan has been amended and restated to comply with newly enacted laws and regulations since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

Administrative expenses paid to ADP, the plan administrator, from the Plan amounted to \$22,952 in 2016.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
