GAUMER CO INC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The Plan provides retirement savings benefits to eligible employees of Gaumer Company Inc. ("Company" or "Employer"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax voluntary contributions by employees and discretionary contributions by the Company. The Plan, which commenced effective January 1, 2002, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended and restated on November 11, 2015 to comply with the latest rules and regulations.

Plan Custodian and Trustee – Mid Atlantic Trust Company ("Custodian") serves as Plan Custodian, and effective January 1, 2015, as the Trustee of the Plan. Paychex Retirement Services ("Record-keeper") serves as the record-keeper. Certain officers of the Company served as Trustees of the Plan prior to January 1, 2015.

Eligibility – The Plan covers all employees except union employees, non-resident aliens, and employees who become employees as a result of a Code Section 410(b)(6)(c) transaction. Covered employees who have attained the age of 21 and completed three months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the date the eligibility requirements are met.

Contributions – Participants may elect to contribute up to 96% of their annual eligible compensation, as defined by the Plan Document. Participants may contribute on a pre-tax and/or after-tax Roth basis up to the maximum dollar amount allowed by law, which is \$18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,000 in accordance with IRC guidelines for 2016. The pre-tax amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or contribution plans.

The Company makes matching contributions of 50% of the participant's contributions not to exceed 10% of the participant's annual eligible compensation.

The Company may also make discretionary profit sharing contributions for employees who complete one year of service and are employed as of the last day of the Plan year. No discretionary profit sharing contributions were made during the year ended December 31, 2016.

Participants' Accounts – Each participant's account is credited with the participant's contributions and any Company contributions, as well as allocations of administrative expenses and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. These investment options include mutual funds and a money market fund. Participants may transfer account balances among investment options.

GAUMER CO INC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participant contributions and all earnings on those contributions vest immediately. Employer matching and discretionary profit sharing contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years Of Vesting	Percentage of Vested Interest
Less than 1	0
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance of all loans in the previous 12 months or 95% of half of participant's vested account balance. The minimum loan amount is \$1,000. Loan terms range from one to four and a half years, except for loans used for the purchase of a principal residence, which may be repaid over ten years. The maximum number of loans that a participant may have outstanding at any one time is one. The interest charged on loans is based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Loans are secured by the balance in the participant's account and bear interest at 4.25 to 8.25%.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal, or installment payments. Vested account balances of less than \$5,000 are immediately distributable in a lump sum under the terms of the Plan without the participant's consent. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts – At December 31, 2016 and 2015, forfeited, non-vested accounts totaled \$9,764 and \$7,093, respectively. These accounts will be used to reduce future employer contributions or be reallocated to participants. Forfeitures of \$7,093 were allocated among active participants based upon compensation.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

GAUMER CO INC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES – continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Loan origination fees associated with notes receivable from participants, check fees associated with distributions, and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net depreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*. The scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. This guidance requires retrospective application. The Plan adopted this guidance effective January 1, 2016. The adoption of this guidance did not have an impact on the Plan because all investments measured at fair value in the Plan have readily determinable fair value.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end (Part III). The amendments in Parts I and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. The amendments within Parts I and II require retrospective application. The Plan elected to early adopt provisions of Part II of this new standard in 2015. Accordingly, these provisions were retrospectively applied in 2015.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES – continued

Subsequent Events – The Plan has evaluated all events and transactions that occurred through September 28, 2017, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB Accounting Standards Codification (“ASC”) 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016, and 2015.

- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified in level 1 of the valuation hierarchy.
- **Money market fund:** This investment is recorded at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,238,741			\$ 4,238,741

NOTE 4 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Paychex Inc. The IRS has determined and informed Paychex Inc. by letter dated April 10, 2014 that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

<u>December 31,</u>	<u>2016</u>
Investments, at fair value	\$ 4,969,029
<u>Year Ended December 31,</u>	<u>2016</u>

Dividends	274,108

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The Plan provides retirement savings benefits to eligible employees of Gaumer Company Inc. ("Company" or "Employer"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax voluntary contributions by employees and discretionary contributions by the Company. The Plan, which commenced effective January 1, 2002, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended and restated on November 11, 2015 to comply with the latest rules and regulations.

Plan Custodian and Trustee – Mid Atlantic Trust Company ("Custodian") serves as Plan Custodian, and effective January 1, 2015, as the Trustee of the Plan. Paychex Retirement Services ("Record-keeper") serves as the record-keeper. Certain officers of the Company served as Trustees of the Plan prior to January 1, 2015.

Eligibility – The Plan covers all employees except union employees, non-resident aliens, and employees who become employees as a result of a Code Section 410(b)(6)(c) transaction. Covered employees who have attained the age of 21 and completed three months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the date the eligibility requirements are met.

Contributions – Participants may elect to contribute up to 96% of their annual eligible compensation, as defined by the Plan Document. Participants may contribute on a pre-tax and/or after-tax Roth basis up to the maximum dollar amount allowed by law, which is \$18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,000 in accordance with IRC guidelines for 2016. The pre-tax amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or contribution plans.

The Company makes matching contributions of 50% of the participant's contributions not to exceed 10% of the participant's annual eligible compensation.

The Company may also make discretionary profit sharing contributions for employees who complete one year of service and are employed as of the last day of the Plan year. No discretionary profit sharing contributions were made during the year ended December 31, 2016.

Participants' Accounts – Each participant's account is credited with the participant's contributions and any Company contributions, as well as allocations of administrative expenses and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. These investment options include mutual funds and a money market fund. Participants may transfer account balances among investment options.

GAUMER CO INC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participant contributions and all earnings on those contributions vest immediately. Employer matching and discretionary profit sharing contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years Of Vesting	Percentage of Vested Interest
Less than 1	0
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance of all loans in the previous 12 months or 95% of half of participant's vested account balance. The minimum loan amount is \$1,000. Loan terms range from one to four and a half years, except for loans used for the purchase of a principal residence, which may be repaid over ten years. The maximum number of loans that a participant may have outstanding at any one time is one. The interest charged on loans is based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Loans are secured by the balance in the participant's account and bear interest at 4.25 to 8.25%.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal, or installment payments. Vested account balances of less than \$5,000 are immediately distributable in a lump sum under the terms of the Plan without the participant's consent. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts – At December 31, 2016 and 2015, forfeited, non-vested accounts totaled \$9,764 and \$7,093, respectively. These accounts will be used to reduce future employer contributions or be reallocated to participants. Forfeitures of \$7,093 were allocated among active participants based upon compensation.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES – continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Loan origination fees associated with notes receivable from participants, check fees associated with distributions, and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net depreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*. The scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. This guidance requires retrospective application. The Plan adopted this guidance effective January 1, 2016. The adoption of this guidance did not have an impact on the Plan because all investments measured at fair value in the Plan have readily determinable fair value.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end (Part III). The amendments in Parts I and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. The amendments within Parts I and II require retrospective application. The Plan elected to early adopt provisions of Part II of this new standard in 2015. Accordingly, these provisions were retrospectively applied in 2015.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES – continued

Subsequent Events – The Plan has evaluated all events and transactions that occurred through September 28, 2017, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB Accounting Standards Codification (“ASC”) 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016, and 2015.

- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified in level 1 of the valuation hierarchy.
- **Money market fund:** This investment is recorded at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,238,741			\$ 4,238,741
Money market	730,288			730,288
Investments at fair value	<u>\$ 4,969,029</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,969,029</u>

NOTE 4 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Paychex Inc. The IRS has determined and informed Paychex Inc. by letter dated April 10, 2014 that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

<u>December 31,</u>	<u>2016</u>

<u>Year Ended December 31,</u>	<u>2016</u>

Dividends	274,108

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.
