GOODWILL INDUSTRIES OF ERIE, HURON, OTTAWA AND SANDUSKY COUNTIES, INC. 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of Goodwill Industries of Erie, Huron, Ottawa and Sandusky Counties, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Goodwill Industries of Erie, Huron, Ottawa and Sandusky Counties, Inc. (the Organization, Plan Sponsor, and Plan Administrator) who have completed one year of service, are at least 21 years old, and who are not represented by a collective bargaining unit as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Organization.

Contributions

Participants may elect to defer up to 100% of their compensation as defined by the Plan on either a pre-tax or after-tax basis, subject to the maximum contribution allowable by law. The Plan provides for a discretionary employer matching contribution to each participant, which was 100% of the first 2% of compensation that a participant contributed to the Plan for the year ended December 31, 2016. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Organization's contributions and an allocation of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based upon participant account earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Organization's discretionary contribution portion of their accounts plus actual earnings thereon vest based on years of continuous service after one year at a rate of 20% per year. A participant is 100% vested after five years of credited service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Benefits are payable to participants upon attaining age 59½, termination, or disability. Participants may elect to receive a lump-sum amount equal to the value of the participant's vested account, or partial payments based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to the participant without the participant's consent.

Active participants may make hardship withdrawals of their elective deferral account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures may be used to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2016 were \$677. In 2016, no forfeitures were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Dividends are recorded on the ex-dividend date.

GOODWILL INDUSTRIES OF ERIE, HURON, OTTAWA AND SANDUSKY COUNTIES, INC. 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the trustee from the Organization. Any contributions attributable to the Plan year but not received by the trustee by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Plan adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through September 19, 2017, the date which the financial statements were available to be issued.

GOODWILL INDUSTRIES OF ERIE, HURON, OTTAWA AND SANDUSKY COUNTIES, INC. 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016, and net appreciation in the fair value of investments and dividends for the year ended December 31, 2016 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Money market fund	\$ 704	\$ 704
Mutual funds	<u>99,073</u>	<u>99,073</u>
	<u>\$ 99,777</u>	<u>\$ 99,777</u>

GOODWILL INDUSTRIES OF ERIE, HURON, OTTAWA AND SANDUSKY COUNTIES, INC. 401(K) PLAN

Notes to Financial Statements Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016.

The money market fund and mutual funds are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the trustee of the Plan, and the related dividend income and payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
