NOTE 1: DESCRIPTION OF PLAN

The following description of the General Security, Inc., 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction contribution plan covering all employees of the Company who are twenty-one years old and have met the service requirements. Employees who have completed one year of eligibility service (1,000 hours of service during their first twelve (12) months of employment) are eligible to make elective deferral contributions. Employees who have completed the one year service requirements are eligible for employer matching contributions. The Plan was established on July 1, 2011, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 15% of pre-tax annual compensation, as defined in the Plan limited to the maximum $18,000 for 2016, ($24,000 if over 50) permitted by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans, if certain requirements are met. All amounts contributed to the Plan are put into a trust fund, which is administered by the trustees. Participants may direct their investments by choosing from various investment funds offered by the trustees. Employer matching contribution may be contributed at the discretion of the Employer.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. The loan agreement shall provide for the payment of principal and interest not less frequently than quarterly. All loans other than those used to purchase a principal residence must be repaid within five years.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or participant beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or if the vested account balance exceeds the threshold amount (as defined), in annual installments not to extend beyond the joint life expectancy of the participant and his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 3: UNAUDITED FINANCIAL INFORMATION CERTIFIED BY STATE STREET BANK & TRUST COMPANY.

The following represents investments at December 31, 2016 and 2015 of the Plan at fair value which was furnished to the Plan administrator by State Street Bank & Trust Company (See Attached Supplementary Schedule) and certifies to be complete and accurate.

2016	2015
$2,655,557	$2,629,264

NOTE 4: RELATED – PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank & Trust Company. State Street Bank & Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $0 for the year ended December 31, 2016.

The Accompanying Notes and Auditor's Report are an integral part of this Financial Statement.

NOTE 5: TAX STATUS

The Internal Revenue Service has not determined, and informed the Company by a determination letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code as of the Financial Statement date.

NOTE 6: NON-DISCRIMINATION

The Internal Revenue Code requires that an ADP Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 8: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

NOTE 8: FAIR VALUE MEASUREMENTS (continued)

Mutual funds:
Valued at the net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices determined in an active market.

Common stocks:
Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts:
Valued at net asset value (NAV) as provided by the administrator of the trust.

Money market funds:
Valued at the closing price of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,136,501	$ -	$ -	$ 2,136,501
Common collective Trust	-	363,610		363,610

Total Asset at Fair Value	$ 2,136,501	$ 519,056	$ -	$ 2,655,557

NOTE 8: FAIR VALUE MEASURMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $114,261.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 20, 2017, the date the financial statements were available to be issued.

Subsequent events have been evaluated for recognition in the December 31, 2016 financial statements through September 20, 217 the date on which the financial statements were available to be issued.
