WESTERN MANAGEMENT, LLC 401(k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Western Management, LLC 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General* -** The Plan is a defined contribution plan that was established on February 1, 2011 by Western Management, LLC ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Mid Atlantic Trust Company ("MATC") to act as trustee and custodian. A third-party administrator processes and maintains records of participant data. A company officer serves as the Plan's limited trustee.

In January 1, 2016, the Plan was amended and restated for certain legislative and regulatory changes. Participants should refer to Plan documents for specific changes made to the Plan.

***Contributions* -** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for automatic enrollment for eligible new hires with a deferral rate of 2% of compensation**,** unless the eligible employee elects differently. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer matching contribution and/or a discretionary employer profit sharing contribution, subject to certain eligibility requirements. The employer matching contribution is equal to 100% of a participant's deferral contribution up to a maximum of 2% of eligible compensation. For the year ended December 31, 2016, the matching contribution was $49,215 of which $7,108 was funded by forfeitures and $1,803 was a receivable as of December 31, 2016 and was paid in 2017. No discretionary profit sharing contribution was made for 2016.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the discretionary profit sharing contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the discretionary profit sharing contribution are based on participant compensation. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting **-** Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Participants are fully vested in matching contribution and discretionary profit sharing contribution after three years of credited service. Participants become fully vested in the event of death, disability, normal retirement age or plan termination.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000. The maximum amount of a note cannot exceed the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the ROTH elective deferral balance. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2016 and 2015 carry interest rates which range from 4.25% to 5.25%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a period of 4.5 years, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions.

Forfeited Accounts - Forfeited non-vested employer contribution accounts can be used to pay plan expenses, reduce employer contributions or reallocated to eligible participants. The forfeited account balance was $1,829 and $6,223 as of December 31, 2016 and 2015, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by MATC. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2016 and 2015 there were no excess contributions payable.

***Plan Expenses* -** In 2016, some fees to administer the Plan were paid by the Company and these amounts are excluded from the Plan's financial statements. Distribution and participant note fees are paid by the participants and charged to their accounts as applicable. A trustee fee is paid annually to MATC and the fee is allocated to participants and charged to their accounts. Investment management services and fund fees are recorded as a reduction of the return earned on each investment fund and charged to participants as applicable.

***Payment of Benefits* -** Benefits are recorded when paid.

***Accounting Change* -** The Plan elected to implement certain provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015. Under FASB ASU 2015-12, employee benefit plans are allowed to simplify certain disclosures about plan investments. The early adoption of ASU 2015-12 removed the requirement to disclose individual investments held which exceed 5% of net assets available for benefits, removed the requirement to disclose net depreciation in fair value of investments by type of investment held, and removed the requirement to disaggregate investments reported in the fair value hierarchy table by class of investment.

The Plan elected to adopt FASB ASU 2015-12 for the 2016 plan year; however, the retrospective approach requires that the prior year be presented in accordance with FASB ASU 2015-12 as applicable.

***Subsequent Events* -** The Plan has evaluated subsequent events through September 27, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by

MATC regarding the current value of assets held as of December 31, 2016 and 2015, and transactions entered into during the year ended December 31, 2016, was used in the preparation of the accompanying financial statements and supplemental schedule. Notes receivable from participants and related interest income were not certified as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S.

Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016, and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$674,488	$ -	$ -	$ 674,488
Investments at fair value	$674,488	$ -	$ -	$ 674,488

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$534,715	$ -	$ -	$ 534,715
Investments at fair value	$534,715	$ -	$ -	$ 534,715

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain plan investments are held by MATC, the trustee and custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair value. MATC is paid a trustee fee. Fund fees are paid by participants. A financial advisor firm receives a fee for plan services. The third-party administrator receives a record-keeping fee paid by the Company. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated April 10, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
