CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

1. Plan Description

The following description of the CAS Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, as restated and effective January 1, 2015, is a defined contribution plan covering all employees of CAS Inc. (the Company) except employees represented by a collective bargaining agreement. The plan administrator is Wyle Services Corporation (formerly known as Wyle Holdings Inc.), which has delegated authority to an Investment Committee to control and manage the operation and day-to-day administration of the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

On July 1, 2016, KBR Holdings LLC acquired the Company's parent, Wyle Inc., along with all of its subsidiaries, including the Company.

b. Contributions

Participants may contribute from 1 percent to 50 percent of pretax annual compensation, as defined in the plan document and allowed by law. The Plan provides for automatic election of deferrals at a rate of 3 percent of compensation for all new hires and rehired. Participants may affirmatively elect a different deferral percentage or elect not to defer into the Plan. Affected participants are provided with an annual notice that explains the automatic election and the participant's right to elect a different rate or to elect not to make deferrals. Participants may also contribute voluntary after-tax contributions from 1 percent to 10 percent of eligible compensation, as defined in the plan document.

The Company makes matching contributions equal to 100 percent of participant deferrals up to 4 percent of compensation for participants hired or rehired prior to October 1, 2016. Catch-up contributions are not matched. The Company, at its option, may make nonelective contributions equal to 4 percent of covered compensation, as defined in the plan document. The percentage of covered compensation to be contributed, should the Company elect to make nonelective contributions, may be determined at the discretion of the Company. Participants receive an allocation of nonelective contributions if they were employed on the last day of the plan year and hired before July 1 of that year. Participants that terminated employment during the year but were at least 59.5 years of age, became disabled, or died are also eligible to receive allocations of nonelective contributions.

Effective October 1, 2016, the Plan was amended to provide for Company matching contributions equal to 50 percent of participant deferrals up to 6 percent of compensation for employees who were hired or rehired on and after October 1, 2016.

Company contributions allocated to participants' accounts during 2016 totaled \$8,145,679, of which \$7,725,354 was contributed by the Company and \$420,325 was allocated from forfeitures.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

c. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and the Plan's earnings or losses. Certain transaction expenses are paid by the participant who incurred them. Each participant is entitled only to the benefits that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

d. Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Participants become 100 percent vested in Company contributions upon completing two years of service or in the event of normal retirement, disability, or death.

e. Distribution of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a fixed period annuity for any period of whole months, which is not less than 60 months and does not exceed the life expectancy of the participant, as defined by the plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also take a financial hardship withdrawal under certain circumstances.

f. Notes Receivable from Participants

The Plan allows for a minimum loan amount of \$1,000 to be made to participants subject to ERISA and plan guidelines. A participant may request a loan for up to the lesser of a) 50 percent of the participant's vested interest or b) a maximum of \$50,000 minus any outstanding loan balance(s) in the last 12 months. The loans are secured by the balance in the participant's account and bear an annual fixed interest rate ranging from 5.25 to 10.50 percent. Loan terms generally range from one to ten years. Principal and interest are paid ratably through biweekly payroll deductions.

g. Forfeited Accounts

Forfeitures are used to pay plan expenses or reduce Company contributions. Forfeitures of \$420,325 and \$250,965 were included in net assets available for plan benefits as of December 31, 2016 and 2015, respectively. During 2016, forfeited non-vested accounts were used to pay for \$660 of the Plan's administrative expenses.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, decided to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation in fair value of investments is reflected net of these fees.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

f. Net Appreciation in Fair Value of Investments

Realized gains and losses on investments are based on the market value of the asset at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day the investments are sold during the year. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value at the end of the year. Net realized and unrealized appreciation in fair value of investments is reflected in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

g. Subsequent Events

The Plan has evaluated the subsequent events through September 11, 2017, the date the financial statements were available to be issued.

h. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

i. New Accounting Pronouncements

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)*.

Among other things, ASU 2015-12 simplifies employee benefit plan reporting for fully benefit-responsive investment contracts and plan investment disclosures. The amendments to the Accounting Standards Codification (ASC) contained in ASU 2015-12 are effective for all plan years beginning after December 15, 2015.

The Plan has applied all applicable parts of ASU 2015-12 in the current period's financial statements. As required under ASU 2015-12, the changes have been applied retrospectively to all periods presented. Application of ASU 2015-12 does not change total net assets available for plan benefits.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

i. New Accounting Pronouncements (Continued)

The changes in accordance with ASU 2015-12 affect the presentation of the financial statements and the information contained in the financial statement disclosures as follows:

- Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation in fair value of investments by general type.
- Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to further disaggregate investments by nature, characteristics, and risks for purposes of the financial statement disclosures.
- Parts I and III are not applicable to the Plan.

The Plan has also adopted FASB ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments That Calculate Net Asset Value Per Share (or Its Equivalent) (a consensus of the Emerging Issues Task Force)*.

ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share (or its equivalent) as a practical expedient. The amendments to the ASC contained in ASU 2015-07 are effective for all plan years beginning after December 15, 2016; however, early application ASU 2015-07 is permitted.

The Plan has elected to apply ASU 2015-07 in the current period's financial statements. As required under ASU 2015-07, the changes have been applied retrospectively to all periods presented. Application of ASU 2015-07 does not change total net assets available for plan benefits.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common/Collective trust: Valued at the NAV of units held by the Plan at year-end, which is considered by plan management to be the best approximation of fair value. The unit values of these investments are calculated based on the collective fair values of the underlying investments. Funds held in common/collective trusts may generally be redeemed daily without restriction.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year-end, which is considered by plan management to be the best approximation of fair value. The unit values are calculated based on the collective values of the underlying investments. Funds held in pooled separate accounts may be redeemed daily without restriction.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CAS INC. 401(k) PLAN

Notes to Financial Statements
For the Year Ended December 31, 2016

4. Fair Value Measurement (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 143,233,735	\$ -	\$ -	\$ 143,233,735
Total assets in the fair value hierarchy	143,233,735	-	-	143,233,735
Investments measured at net asset value (1)	-	-	-	90,977,371
Investments, at fair value	\$ 143,233,735	\$ -	\$ -	\$ 234,211,106

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 137,966,295	\$ -	\$ -	\$ 137,966,295
Total assets in the fair value hierarchy	137,966,295	-	-	137,966,295
Investments measured at net asset value (1)	-	-	-	80,178,997
Investments, at fair value	\$ 137,966,295	\$ -	\$ -	\$ 218,145,292

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

5. Tax Exempt Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2012, or prior.

6. Summary of Unaudited Information
