To the Audit Committee, Plan Administrator,
and Chief Financial Officer
Firelands Regional Medical Center 403(b) Plan

We have audited the financial statements of Firelands Medical Center 403(b) Plan (the "Plan") as of and for the year ended December 31, 2016 and have issued our report thereon dated September 21, 2017. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Section I includes any deficiencies we observed in the Plan's accounting principles or internal control that we believe are significant. Current auditing standards require us to formally communicate annually matters we note about the Plan's accounting policies and internal control.

Section II includes information that current auditing standards require independent auditors to communicate to those individuals charged with governance. We will report this information annually to the audit committee and management of Firelands Regional Medical Center 403(b) Plan.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of the audit committee and management of Firelands Regional Medical Center 403(b) Plan and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications and we would be willing to discuss any of these or other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our limited scope audit of the financial statements of Firelands Regional Medical Center 403(b) Plan (the "Plan") as of and for the year ended December 31, 2016, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our limited scope audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. We considered internal control as a basis for designing our procedures to enable us to express an opinion as to whether the form and content of the information included in the financial statements, other than that derived from the certified information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

- **GAAP Departure** - As noted in the financial statements, the Plan has excluded from investments as of December 31, 2016 and 2015 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements. Management has concluded to exclude the assets to simplify recordkeeping. The GAAP departure is noted in the audit opinion and Note 3 to the financial statements.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 19, 2017, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. In addition, the Plan has excluded from investments in the statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the Plan's financial statements may have been affected by these conditions. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal control of Firelands Regional Medical Center 403(b) Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our letter about planning matters dated June 26, 2017.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Firelands Regional Medical Center 403(b) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016.

Section II - Required Communications with Those Charged with Governance (Continued)

The Plan has not maintained sufficient records and supporting documents relating to certain custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions. The amount of these excluded custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. As such, we did not express an opinion on the Plan's financial statements.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Section II - Required Communications with Those Charged with Governance (Continued)

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 21, 2017.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's 5500 filing and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Independent Auditor's Report

To the Plan Administrator
Firelands Regional Medical Center 403(b) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Firelands Regional Medical Center 403(b) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016 and 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Metropolitan Life Insurance Company (MetLife), on behalf of Reliance Trust Company (Reliance), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance holds certain of the Plan's investment assets and executes certain investment transactions. The plan administrator has obtained certifications from MetLife on behalf of Reliance as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the plan administrator is complete and accurate.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

To the Plan Administrator
Firelands Regional Medical Center 403(b) Plan

As described in Note 3, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MetLife on behalf of Reliance, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Firelands Regional Medical Center 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Firelands Regional Medical Center (the "Plan Sponsor" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions to the Plan are invested as directed by the participants in any one or more investment alternatives. The Plan provides for employee salary deferrals subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Notes Receivable - Prior to July 1, 2009, participants were able to borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Effective July 1, 2009, the Plan no longer allows participants to borrow from their accounts.

Participant Accounts - Each participant's account is credited with the participant's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the balance of a participant's account.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company (MetLife). MetLife is an agent for the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive guaranteed investment contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share or its equivalent, which are based on the fair value of the funds' underlying assets. The short-term deposit account is valued at fair value based on its outstanding balance. Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include investments in mutual funds and interest-bearing cash. All other investments are valued based on quoted market prices. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Plan Sponsor or the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 21, 2017, which is the date the financial statements were available to be issued.

Note 3 - Excluded Accounts

The Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2016 and 2015 and statement of changes in net assets available for benefits for the year ended December 31, 2016 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 4 - Unaudited Information

Reliance Trust Company (Reliance) holds certain of the Plan's investments and executes related transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than as noted below, are based solely on information certified by MetLife, acting as agent for Reliance. Other investments totaling $403,445 at December 31, 2016 and $391,626 at December 31, 2015 and the related investment income totaling $11,944 for the year ended December 31, 2016 are not certified by MetLife.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2016 and 2015 (see Note 3).

Note 5 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2016 and 2015 (see Note 3). The following tables present information about the included plan assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level 1	Level 2
Mutual funds	$ 42,354,071	$ 42,354,071	$ -
Self-directed brokerage accounts	701,154	701,154	-
Deposit account - Short term	155,527	-	155,527
Total	43,210,752	$ 43,055,225	$ 155,527
Pooled separate accounts measured at NAV:			
Equity (1)	2,190		
Balanced (2)	20,213		
Total investments at fair value	$ 43,233,155		

Note 6 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1	Level 2
Mutual funds	$ 38,847,307	$ 38,847,307	$ -
Self-directed brokerage accounts	63,635	63,635	-
Deposit account - Short term	150,268	-	150,268
Total	39,061,210	$ 38,910,942	$ 150,268
Pooled separate accounts measured at NAV:			
Equity (1)	2,016		
Balanced (2)	18,956		
Total investments at fair value	$ 39,082,182		

(1) This class represents an investment in an actively managed pooled separate account that invests primarily in equity securities, which may include common stocks, options, and futures. There were no unfunded commitments or redemption restrictions.

(2) This class represents an investment in an actively managed pooled separate account with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments or redemption restrictions.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 7 - Guaranteed Investment Contract

The Plan has a benefit-responsive guaranteed investment contract with Metropolitan Life Insurance Company (MetLife). MetLife maintains the Plan's contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Generally there are no events that could limit the ability of the Plan to transact at contract value with the insurance company.

The guaranteed investment contract permits the insurance company to terminate the contract if:

- The contract value of the contract is less than the termination amount
- The insurance company determines that the Plan or administration of the Plan is not in conformity with applicable law
- If the insurance company receives notice of plan termination

Note 7 - Guaranteed Investment Contract (Continued)

The terms of a guaranteed investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by the issuer. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by either party upon election and notice.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement for that portion of the net assets attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.
