ALUMINUM PRECISION PRODUCTS, INC.
EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan:

The following description of the Aluminum Precision Products, Inc. (the "Company") Employee Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed 1,000 hours of service in a Plan year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2015, employees of Aluminum Precision Products three cylinders divisions were moved to a wholly owned subsidiary named Catalina Cylinders, Inc. On February 13, 2015, the assets and liabilities of Catalina Cylinders, Inc. were legally split off from Aluminum Precision Products. Both Aluminum Precision Products, Inc. and Catalina Cylinders, Inc. are now entities under common control. The Board of Directors of Catalina Cylinders, Inc. elected to continue all benefit plans in place at Aluminum Precision Products, Inc. including this Employee Savings and Profit Sharing Plan. Therefore, employees of Catalina Cylinders, Inc. continue to make contributions to this Plan under the same terms as described below.

Contributions:

Each year, participants are entitled to make contributions up to a maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for a Company safe harbor contribution equal to 3% of a participant's eligible compensation, regardless of any employee deferral contributions that are made. The safe harbor contribution is made to the Aluminum Precision Products, Inc. Employee Stock Ownership Plan, which is another plan sponsored by the Company. The Company may also make a profit sharing contribution as determined by the Board of Directors on an annual basis. For the Plan years ended December 31, 2016 and 2015, the Board of Directors did not authorize any profit sharing contributions.

Participant Accounts:

Each participant's account is credited with the participant's contributions, and allocations of the employer's contributions and Plan earnings, net of certain investment management fees. Participant contributions are based on the participant's deferral election. Employer contributions are credited to the participant's account according to the formula defined in the Plan document and allocated according to the participant's deferral elections. Plan earnings are allocated based on account balances in the investment options selected by the participant.

Note 1. Description of the Plan: (continued)

Vesting:

Participants are immediately vested in their voluntary contributions and employer contributions, plus actual earnings thereon.

Participant Loans:

Participants may borrow a minimum of $500 up to a maximum of the lesser of $50,000 or 50% of their account balance. Each loan is collateralized by the participant's account balance and bears an interest rate commensurate with local prevailing rates as determined by the Administrative Committee. Principal and interest are paid ratably by payroll deductions over a period of up to five years unless the loan is used to purchase a primary residence. Loans used to purchase a primary residence must be repaid within 25 years.

Payment of Benefits:

Upon termination of service due to death, disability or retirement, a participant may receive an amount equal to the value of his or her account as a lump sum distribution.

Note 2. Summary of Significant Accounting Policies:

Date of Management's Review:

Subsequent events were evaluated through October 2, 2017, which is the date the financial statements were available to be issued.

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Notes Receivable from Participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2. Summary of Significant Accounting Policies: (continued)

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Use of Estimates:

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties:

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses:

Administrative expenses of the Plan were paid by the Company or the Plan in accordance with Plan provisions.

Note 3. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all the significant inputs are observable, either directly, or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The mutual funds held by the Plan are reported at fair value based on quoted market prices.

Common collective trust: The common collective trust fund held by the Plan is reported at the net asset value per share reported by the trust manager as of the financial statement date. Participant directed redemptions have no restrictions. The fund requires a reasonable amount of time to liquidate the Plan's share of the fund.

Pooled separate accounts: The Plan had investments in participation units held in pooled separate accounts through sub-accounts of John Hancock Life Insurance Company ("John Hancock") at December 31, 2015. The pooled separate accounts are reported using the net asset value of units held by the Plan at December 31, 2015, as provided by John Hancock. The Plan has concluded that the net asset value as reported by John Hancock denotes readily determinable fair value.

Note 3. Fair Value Measurements: (continued)

There have been no changes in the methodologies used at December 31, 2016 and 2015.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2016 and 2015:

December 31, 2016	Level 1	Level 2	Total
Mutual funds	$42,181,331	$ -----	$42,181,331
Total assets in fair value hierarchy	42,181,331	-----	42,181,331
Common collective trust measured at net asset value (a)	-----	-----	10,776,206
Total fair value of investments	$42,181,331	$ -----	$52,957,537

(a) Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amount presented in the table is intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

December 31, 2015	Level 1	Level 2	Total
Pooled separate accounts	$ -----	$51,767,480	$51,767,480
Total	$ -----	$51,767,480	$51,767,480

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2016 and 2015, there were no transfers in or out of Levels 1, 2, or 3.

Note 4. Unaudited Information Certified by the Custodian and the Trustee:

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian and the trustee have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2016 and 2015.
- Investment income and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information in the financial statements and supplemental schedule.

Note 5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status:

The Internal Revenue Service ("IRS") has issued a favorable determination letter, dated June 19, 2014, stating that the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC"). As a result, no provision for federal or state income taxes is recorded in the financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.
