1. DESCRIPTION OF PLAN

The following description of the Industrial Insulation Group, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General —Industrial Insulation Group operates as a standalone LLC that is wholly owned by Johns Manville, a Berkshire Hathaway company. The Plan is a defined contribution plan covering employees of Industrial Insulation Group, LLC and its wholly owned domestic subsidiaries (the "Company") who have one month of service and who are not leased employees or members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments — Participants direct the investment of their contributions into the various funds offered by the Plan.

Contributions — Each year, participants contribute to the Plan through a reduction in salary on a pretax basis or Roth deferral contributions from 1% to 75% of eligible salary for the year ended December 31, 2016, as defined in the Plan, not to exceed the maximum dollar limit prescribed each year by law. Participants may also contribute amounts representing distributions from other qualified plans.

Company Contributions —The Company will make matching contributions of 50% of each eligible Participant's total deferral up to the first 8% of compensation. The Company may also make an additional matching contribution each year at its discretion. No additional contributions were made during 2016.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility — Employees are eligible to participate as of their date of hire

Vesting— Participants are fully vested in their employee rollover accounts, their salary deferrals, and actual earnings thereon. Vesting in the Company's matching contribution account and actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited Plan service.

Withdrawals and Notes Receivable from Participants —If a participant's employment is terminated for reasons other than death, disability, or retirement, the participant forfeits any unvested Company contributions and applicable earnings. Participants with vested balances (excluding rollover contributions) greater than $5,000 can elect to defer distribution of their account until the minimum required distribution rules apply. All other participants are subject to a lump sum payout or rollover to Fidelity Individual Retirement account. If the participant dies before receiving a full distribution of their account, the vested portion must be distributed to the designated beneficiary no later than December 31 of the calendar year containing the fifth anniversary of the participant's death. The Plan distributes Required Minimum Distributions following Plan documents and in accordance with federal law.

In-service hardship withdrawals are available and are subject to six months suspension of participant contributions.

The Plan's loan provisions allow participants to borrow up to 50% of the value of their vested account balances; however, in no event within the previous 12-month period can the participant's aggregate loan balance exceed $50,000. All loans are collateralized by the participant's account balances and bear interest at 1% over the prime rate as of the last day of the month preceding the loan withdrawal. Interest rates on participant loans range from 4.25% to 4.50% and have maturity dates through 2023. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to be allocated among participants or to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. There were no forfeitures allocated to participants during 2016. At December 31, 2016 and 2015 forfeited non-vested accounts totaled $7,823 and $5,707 respectively. During 2016, administrative expenses were reduced by $17,367 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the Plan document. Management fees and operating expenses charged to the Plan for

investments are deducted from income earned from such investments on a daily basis and are not separately reflected.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts payable to participants at December 31, 2016 and 2015 that requested a distribution prior to the Plan year-end, but had not yet been paid.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

Subsequent Events — Subsequent events were evaluated through September 29th 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedule. The summary was derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits	**2016**	**2015**
Investments at fair value:		
Participant-directed investments	$13,361,696	$11,889,046
Notes receivable from participants	630,189	641,984

Statement of Changes in Net Assets Available for Benefits	
Net appreciation in fair value of investments	616,464
Dividends and interest	416,793
Interest income on notes receivable from participants	32,982

Supplemental schedule: All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year)

Note 8: All investment balances and investment information included in the notes, excluding the classification and level of investments in Note 8, Fair Value Measurements.

4. FEDERAL INCOME TAX STATUS

Effective January 2014, the Plan uses a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. During the 2015 Plan year, the Plan had certain operational and administrative issues occur. In order to prevent the Plan from incurring a qualification defect, the Plan's sponsor has taken the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS); the final corrections

were posted in the beginning of the 2016 Plan year. The Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may discontinue its contributions at any time and may also terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants' accounts become fully vested.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

For plan year 2016, certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

For plan year 2016, the Company remitted participant contributions of $14,454 and loan payments of $7,673 to the trustee on dates later than required by DOL Regulation 2510.3-102. For plan year 2015, the Company remitted participant contributions of $25,032 and loan payments of $6,555 to the trustee on dates later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company has filed form 5330's with the IRS and paid the required excise tax on the transaction. In addition, participant accounts have been credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

8. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2016 and 2015:

Fair Value Measurements as of December 31, 2016, Using

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$13,361,696	$ -	$ -	$13,361,696
Total	$13,361,696	$ -	$ -	$13,361,696

Fair Value Measurements as of December 31, 2015, Using

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$11,889,046	$ -	$ -	$11,889,046
Total	$11,889,046	$ -	$ -	$11,889,046

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. For the year ended December 31, 2016, there were no transfers between levels.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2016 and 2015, and the increase in net assets per the financial statements to the net gain per the Form 5500 for the year ended December 31, 2016, is as follows:

	2016	2015
Net assets available for benefits per the financial statements	$13,960,747	$12,516,178
Plus excess contributions payable	31,138	14,852
