NOTE 1 – DESCRIPTION OF PLAN

CIMA 401(k) Plan (the Plan) is a qualified retirement plan covering employees of CIMA Services Management, Inc. (the Company) to provide them with the opportunity to save for retirement on a tax-advantaged basis. The Plan was formed on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – Employees (except for union employees and certain nonresident aliens) who have attained the age of 18 and completed 60 days of service are eligible to participate in the Plan. The entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants may modify or revoke their salary deferrals at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of participant salary deferrals. During 2016, the Company made matching contributions equal to 50% of participants' deferral contributions up to 6% of compensation.

Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollovers, and actual investment earnings thereon. Vesting in the employer contribution portion of their accounts plus actual investment earnings thereon is based on vesting years of service. Participants vest as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Investment Options – Participants direct the investment of their entire interest in the Plan into investment securities offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, disability, or death. If the vested account does not exceed $5,000, then the vested account balance is distributed to the participant in a single lump-sum payment. If the vested account balance exceeds $5,000, the participant must consent to any distribution before it is made and elect to receive the distribution in a single lump-sum payment or partial withdrawals.

Participants may also receive a distribution from the Plan from certain account prior to termination of employment provided they have attained age 59½. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant has.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or reduce employer contributions. At December 31, 2016, forfeited non-vested accounts totaled $1,071. Also, in 2016, employer contributions were reduced by $1,947 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of instruments.

Subsequent Events – The Plan has evaluated subsequent events through September 25, 2017, the date the financial statements were available to be issued.

Recent Accounting Pronouncements – In May 2015, FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value (NAV) per share as a practical expedient and also removes the requirement to make certain disclosures. This update is effective for fiscal years beginning after December 15, 2015 (public entities) and 2016 (other entities) and must be applied retrospectively, with early adoption permitted. The Company has elected to early adopt the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting*. This three-part ASU simplifies current benefit plan accounting and, among other things, calls for plans to (i) disaggregate their investments measured using fair value by general type; (ii) present the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type; and (iii) removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. The standard is effective retrospectively for fiscal years beginning after December 15, 2015. The Company has adopted the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract – Valued at fair value by the custodian. The credited rate is communicated to the Plan and credited daily. Any market value adjustment or contract surrender charge will be based on the formulas and schedules in the contract. The credited interest rate, account balance, and formulas upon which payments are based are observable through the contract and related communications. Fund balances are published on statements and the custodian's website.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 561,844**	**$ -**	**$ -**	**$ 561,844**
Guaranteed investment contract	**-**	**12,722**	**-**	**12,722**
Investments at fair value	**$ 561,844**	**$ 12,722**	**$ -**	**$ 574,566**

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 113,419	$ -	$ -	$ 113,419
Guaranteed investment contract	-	1,281	-	1,281
Investments at fair value	$ 113,419	$ 1,281	$ -	$ 114,700

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments at December 31, 2016 and 2015, and net appreciation in fair value of investments and other income for the year ended December 31, 2016, that was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya. Voya is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distributions of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

On March 31, 2014, the IRS stated the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2016 and 2015, the Company failed to remit to the Plan's custodian certain participant contributions totaling $269,930 and $54,064, respectively, within the period prescribed by the Department of Labor's regulations. Delays in remitting contributions to the custodian were due to administrative errors. The Company intends to compensate participants for any lost interest resulting from the delays.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016, to Form 5500:
