Report on Financial Statements

We were engaged to audit the accompanying financial statements of Schneider Electric Telvent 401(k) Plan (formerly Schneider Electric Telvent USA 401(k) Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2016 and 2015, and for the year ended December 31, 2016, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2016

1. Description of Plan

The following description of the Schneider Electric Telvent 401(k) Plan (formerly Schneider Electric Telvent USA 401(k) Plan) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, formed March 4, 2003, is designed as a defined contribution plan under Section 401(a) of the Internal Revenue Code (the Code) with a cash or deferred arrangement under Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2016, the Plan's name was changed to Schneider Electric Telvent 401(k) Plan.

The Plan was established to provide certain employees of Telvent USA, Inc. and Televent DTN, LLC (the Company) a formal plan to save for retirement.

Effective close of business December 31, 2016, the Plan merged into the Schneider Electric 401(k) Plan. All transfers related to this merger were recognized in 2016. Final assets totaling \$135,598,131 are included in transfers to affiliated plan on the statement of changes in net assets available for benefits.

Eligibility and Vesting

All Telvent USA and Telvent DTN employees who have attained the age of 18 years are eligible to participate in the Plan immediately upon employment. Effective January 1, 2014, participants are 100% vested at all times. Prior to January 1, 2014, participants vested gradually over time with full vesting after four years of service.

1. Description of Plan (continued)

Contributions

Each year, participants may contribute to the Plan 1% to 75% of their eligible gross earnings (as defined by the Plan), subject to limitations set by the Code. Contributions may be made on a pre-tax or Roth after-tax basis or a combination thereof. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. Participants age 50 or more are eligible to make additional catch-up contributions of up to \$6,000 in 2016. Effective January 1, 2016, the Company's matching contributions to participants' accounts are based on their employee contributions in an amount equal to 100% of the first 4% of their compensation contributed to the Plan and 50% of the next 2%. Prior to January 1, 2016, the Company made matching contributions in the amount of 100% of the first 3% of their compensation contributed to the Plan and 50% of the next 3%.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the company matching contribution, and allocations of the Plan's earnings and is charged with an allocation of plan investment losses and any applicable administrative expenses. Plan earnings are allocated based on the participants' share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeitures of unvested account balances of terminated participants are used to offset future employer contributions. Unallocated forfeiture balances as of December 31, 2016 and 2015, totaled \$43,992 and \$34,738, respectively, and forfeitures of \$32,877 were used to offset 2016 employer contributions. The December 31, 2016 balance was included in the assets transferred to the Schneider Electric 401(k) Plan.

1. Description of Plan (continued)

Distributions

Distributions are available in the event of separation from service for any reason, at age 59½, or in situations involving financial hardship. Terminated employees may choose to leave their vested balance in the Plan if in excess of specified dollar amounts, as defined by the Plan. The form of payment is typically a lump-sum distribution; however, participants may elect to receive partial or installment payments. If the value of an individual participant's account does not exceed \$5,000, distribution from the Plan shall be made to the participant in a single lump sum in lieu of all other forms of distribution.

Loans to Participants

The Plan allows participants to take out loans secured by their vested account balances. Participants may borrow a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans will be charged a reasonable rate of interest, will be for a minimum one-year term, and must be repaid through payroll deductions within five years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses incurred by the Plan are paid by the Company and participants.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

Certain information related to investments held and notes receivable from participants disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan:

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trust fund: Valued at the NAV provided by the administrator of the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 81,461,506	\$ —	\$ —	\$ 81,461,506
Common/collective trusts measured at net asset value as a practical expedient:				
Stable value fixed income ^(a)				13,422,506
Balanced ^(b)				32,126,768
				<u>\$ 127,010,780</u>

^(a) This common/collective trust fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Redemptions are permitted by participants on any business day and by the Plan within 12 months of written notice.

^(b) This category seeks to provide capital appreciation and current income consistent with its current asset location. These funds use an asset allocation strategy, designed for investors planning to retire based on the investor's target year. The trusts' asset allocation will become more conservative over time. There are no redemption restrictions on these funds.

5. Tax Status

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (the IRS) dated May 28, 2014, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2016-6 and 2015-36, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported on the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants remain 100% vested in their account balances.

(formerly Schneider Electric Telvent USA 401(k) Plan)

Notes to Financial Statements (continued)

8. Related-Party and Party-in-Interest Transactions

The Plan holds shares of mutual funds and units of common/collective trust funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.
