Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated June 7, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Teamwork Services 401 (k) & Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Your estimate of the fair value measurement of Plan Assets, particularly investments, is based on information provided and certified by the Plan Administrator and trustee of the Plan, Reliance Trust Company. See Note 5 of the Notes to the financial statements. We evaluated the key factors and assumptions used to develop the fair value measurements in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of management of Teamwork Services 401 (k) & Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

TEAMWORK SERVICES 401(k) & PROFIT SHARING PLAN
YEARS ENDED DECEMBER 31, 2016 AND 2015
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the Teamwork Services (the “Company”) 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan available to all eligible employees of the various employers that have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by the plan sponsor, Teamwork Services, Inc.

Eligibility. Employees are eligible to participate in the Plan upon meeting the criteria established by the adopting employer. Non-resident aliens and employees who are members of a union who bargained for retirement benefits during negotiations are not covered by the plan.

Employee Contributions. Participants are permitted to make pretax contributions, after tax contributions or Roth deferrals from their annual compensation to the Plan, as defined by the plan document and current tax law. In some cases, transfers from qualified plans are allowed. Additional voluntary contributions are not allowed. Adopting employers may make discretionary matching contributions.

Participation Accounts. Each participant’s account is credited with the participant’s contribution, and allocations of (a) the Company’s contribution, and (b) plan earnings, and charged with an allocable portion of administrative expenses. Allocations are based upon participant earnings or account balances, as defined.

Vesting. Participants are immediately vested in their contributions plus earnings thereon. Vesting in the employer’s matching contribution portion of their accounts plus earnings thereon is based on years of credited service and vary for each adopting employer.

Investment Options. The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant. There are twenty eight investment options consisting of various mutual funds and a fully benefit-responsive investment contract. Participants may change their investment options online as desired.

Loans. Loans are available to all Plan participants on a nondiscriminatory basis. Under the terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants’ account and bear an interest rate of the prime interest rate plus one (1%) percentage point. A participant may not have more than one loan outstanding at any time. Loan interest is recognized on the accrual basis using the compound method.

TEAMWORK SERVICES 401(k) & PROFIT SHARING PLAN
YEARS ENDED DECEMBER 31, 2016 AND 2015
NOTES TO FINANCIAL STATEMENTS

Loan Policy. A participant loan becomes due and payable in full immediately upon the participant's termination of employment. Upon a participant's termination, the participant may repay the entire outstanding balance of the loan (including any accrued interest) within a reasonable period following termination of employment pursuant to the administrative procedures adopted by the employer. If the participant does not repay the entire outstanding loan balance, the participant's vested account balance will be reduced by the remaining outstanding balance of the loan to the extent such account balance is available as security on the loan and the remaining vested account balance will be distributed in accordance with the distribution provisions under Section 8, *Plan Distributions*, of the Plan. If the outstanding loan balance of a deceased participant is not repaid, the outstanding loan balance shall be treated as a distribution to the participant and shall reduce the death benefit amount payable to the beneficiary. Upon termination of employment, a participant may not request a direct rollover of the loan note.

A participant is considered to be in default if any scheduled repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. If a participant defaults on a participant loan, the Plan may not offset the participant's account balance until the participant is otherwise entitled to an immediate distribution of the portion of the account balance which will be offset and such amount being offset is available as security on the loan. Pending the offset of a participant's account balance following a defaulted loan, interest continues to accrue on the amount in default until the time of the loan offset, or, if earlier, the date the loan repayments are made current or the amount is satisfied with other collateral.

Payment of Benefits. The normal form of benefit under the Plan is a lump sum distribution. It is payable upon retirement, death, disability, or termination of employment. The normal retirement age is 65 and there is no early retirement. A life annuity is available to a participant's beneficiary if the participant's death occurs before a retirement payment is made.

Forfeitures. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$8,466 and \$14,409, respectively. Forfeitures in the amount of \$1,575 were used in 2016 to reduce the 2016 employer contributions.

Significant changes to the Plan document during the year. For 2016, there were no significant changes in the Basic Plan document. Changes to eligibility requirements, employer matching, vesting schedules or other information is at the discretion of the employer and documented in the Adoption Agreement for the employer.

Note 2 – Summaries of Significant Accounting Policies

Basis of Presentation. The accompanying financial statements have been prepared on the accrual basis of accounting.

TEAMWORK SERVICES 401(k) & PROFIT SHARING PLAN
YEARS ENDED DECEMBER 31, 2016 AND 2015
NOTES TO FINANCIAL STATEMENTS

Investments. The investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires plan management to make estimates and assumptions that affect the reported amounts of plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan participants utilize information provided by the investment advisers, custodians and insurance company. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Early Adoption of Accounting Standards Update (ASU) No. 2015-12 issued by the Financial Accounting Standards Board (FASB). In July of 2015, the Plan adopted ASU No. 2015-12 that modifies the Accounting Standards Codification Topic 962, *Defined Contribution Pension Plans*. FASB issued ASU No. 2015-12 as part of its simplification initiative to reduce cost and complexity for practitioners, while preserving or enhancing the usefulness of information for financial statement users. The ASU is divided into three parts, which (i) requires fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements required by Topics 820, *Fair Value Measurements*, and (iii)

TEAMWORK SERVICES 401(k) & PROFIT SHARING PLAN
YEARS ENDED DECEMBER 31, 2016 AND 2015
NOTES TO FINANCIAL STATEMENTS

provide a measurement date practical expedient for employee benefit plans. Parts I and II of the ASU were applied retrospectively, while Part III will be applied prospectively.

The ASU No. 2015-12 is effective for fiscal years beginning after December 15, 2015, but early adoption is permitted for all three parts individually or in the aggregate.

Note 3 – Concentration of Credit Risk

Concentrations of credit risk with respect to loan receivables are limited due to the loan restrictions established by the Plan document. Loans are secured by the vested portion of the participants account balance and must be paid before the participant's vested account balance is rolled to another plan or fully distributed.

Note 4 – Plan Termination

Although it has not expressed any intention to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 5 – Certified Investments

Certain information related to the investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust. State Street Bank and Trust served as trustee of the plan from December 1, 2013 until September 30, 2015. Effective October 1, 2015, Reliance Trust Company was appointed as trustee of the Plan. Reliance Trust Company, as directed trustee, contracted with State Street Bank and Trust for custody services. State Street Bank and Trust certified investment information supplied to the plan administrator as complete and accurate on behalf of Reliance Trust Company, the directed trustee of the Plan for the period October 1, 2015 through December 31, 2015. Reliance Trust Company certified the plan assets held by Reliance in a separate trust or custodial account were complete and accurate for the year 2016.

Note 6 – Fair Value Measurements

Accounting principles generally accepted in the United States of America define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level fair value hierarchy.

TEAMWORK SERVICES 401(k) & PROFIT SHARING PLAN
YEARS ENDED DECEMBER 31, 2016 AND 2015
NOTES TO FINANCIAL STATEMENTS

This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the Plan's recurring fair value measurement as of December 31, 2016 and 2015:

	December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual Funds	<u>\$ 16,727,503</u>	<u>\$ 16,727,503</u>	<u></u>	<u></u>

Note 7 – Fully Benefit-Responsive Investment Contract

Since Plan Assets were transferred to Massachusetts Mutual Life Insurance Company in December 1, 2013, Mass Mutual Retirement Services (MMRS) offers participants of the Plan with a general investment account investment option as a Guaranteed Interest Account (GIA). This Guaranteed Interest Account is provided through a group annuity contract. Under the terms of this contract, a credit rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. MMRS considers this investment option to be a fully benefit-responsive investment contract notwithstanding the market value events under the contract that limit the ability of the Plan to transact at contract value.

This type of fully benefit-responsive investment contract, a guaranteed investment contract, is considered a traditional investment contract. The contract issuer, MassMutual Retirement Services, is contractually obligated to pay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the Contract issuer but may not be less than one percent (1%). The crediting rate is reviewed on a semi-annual basis.

At December 31, 2016 and 2015, the traditional investment contract held by the Plan at contract value was \$3,082,647 and \$2,874,938, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the plan to transact at contract value. Such events include, but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from Plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete plan termination; (3) plan disqualification.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

Note 8 – Related Party Transactions and Party-in-Interest Transactions

Mass Mutual has an arrangement with both Reliance Trust Company and State Street Bank and Trust to facilitate the provision of directed trustee services to plan sponsors. Depending upon the product and services the plan sponsor elects, the plan sponsor may appoint a trustee other than Reliance Trust Company or State Street Bank and Trust.

The Plan investments are held by State Street Bank and Trust, which served as trustee of the Plan from December 1, 2013 through September 30, 2015, as well as, custodian for the directed trustee, Reliance Trust Company, from October 1, 2015 through December 31, 2016. State Street Bank and Trust also serves as custodian for Mass Mutual Premier and Select Funds and performs transaction processing at the omnibus fund level.

Note 9 – Tax Status

The Plan obtained its latest determination letter dated February 20, 2002, in which the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Subsequent Events

Management's date for evaluating the existence of subsequent events that would affect the financial statements for the year ended December 31, 2016, was August 15, 2017, which was the date the financial statements were issued.
