FINELITE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Finelite, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan was established on January 1, 1998 to provide retirement benefits for employees of Finelite, Inc. (the "Company"). The Plan is a defined contribution plan covering all eligible employees who have attained age 21, and are not covered by a collective bargaining agreement and are not nonresident aliens with no U.S. source income. Eligible employees become participants following 90 days of employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"), as amended.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Investment Committee is responsible for oversight of the Plan which includes determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

For the period from January 1, 2015 to June 30, 2015, Voya Retirement Insurance and Annuity Company ("Voya") was the insurance company that held the Plan's investment assets and executed investment transactions. Effective July 1, 2015, the Plan replaced Voya with Great-West Life & Annuity Insurance Company ("Great-West") as the Plan's insurance company. The Plan was amended and restated in the form of the Great-West Trust Company Defined Contribution Prototype Plan effective July 1, 2015. This did not result in any changes to the Plan's major provisions.

Effective January 1, 2016, the Plan was further amended to modify the calculation of the Safe-Harbor matching contributions to apply the limitation on an annual basis rather than a payroll period basis.

Participant Contributions – Participants may elect to contribute to the Plan a specific percentage or dollar amount of their eligible compensation on either a pre-tax or post-tax (Roth) basis, as defined in the Plan, with maximum contributions of $18,000 for 2016. Each contribution type is maintained in separate accounts in the Plan. The Plan allows participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan, to also make a catch-up contribution of up to $6,000 in 2016. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued) – Newly eligible participants are automatically enrolled with a contribution rate of 5% of eligible pre-tax compensation into the target date fund which best reflects the participant's anticipated retirement date, unless the employee affirmatively elects otherwise.

Employer Contributions – The Company provides "Safe-Harbor" contributions in accordance with the provisions of the IRC. Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% of the first three percent, and 50% of the next two percent of each participant's annual compensation, as defined in the Plan. The Company may also make additional discretionary matching and nonelective contributions; however, none were made for the year ended December 31, 2016.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions, the Company's matching contributions and allocations of the Company's discretionary contributions and Plan investment earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into the various investment funds available under the Plan.

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions and employer contributions, plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest is charged at a fixed rate determined at the date of the loan under the loan policy. Principal and interest are paid ratably through payroll deductions or note repayments made directly to the Plan after termination of employment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum distribution, installments over a period of not more than the assumed life expectancy of the participant or beneficiary, or a direct rollover distribution into a qualified plan. A participant who has reached 59 ½ years of age may elect to receive a pre-retirement distribution. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Terminated participants with account balances over $5,000 may delay receipt of distributions. If the terminated participant's account balance is between $1,000 and $5,000, and no distribution instructions have been received from such participant, the account may be rolled over into an individual retirement account as determined by the Plan administrator. Accounts of terminated participants with balances of less than $1,000 will be distributed directly to the participant in the form of a lump-sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the insurance company and investment advisor. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the related participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units held by the Plan. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust fund, the issuer reserves the right to require five business days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in two of the Plan's options made up 23% and 25% of total investments as of December 31, 2016 and 2015, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY INSURANCE COMPANY OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company ("Great-West"), the insurance company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, the information presented in Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

NOTE 5 – GREAT–WEST KEY GUARANTEED PORTFOLIO FUND

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – GREAT–WEST KEY GUARANTEED PORTFOLIO FUND (Continued)

Certain events may limit the ability of the Plan to transact at contract value with Great-West. Such events may include pre-mature termination of the contract, plant closings, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events may permit Great-West to terminate the investment contract. Such events include the following: (a) the Plan is amended or is operated in a manner which is unacceptable to Great-West; (b) the Plan fails to comply with any provision contained in the contract; (c) the Plan fails to qualify or becomes disqualified under the IRC; (d) the total amount of contributions received by Great-West in the preceding twelve (12) months is less than $25,000; (e) the Plan fails to remit the participant's contribution within 30 days after the deduction was made. Upon termination by Great-West, a surrender value adjustment may apply.

NOTE 6 – TAX STATUS

The Plan has adopted the Great-West Trust Company Defined Contribution Prototype Plan that has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has not received a determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

The Plan's investment options include a Great-West guaranteed investment contract. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Great-West provides certain administrative services to the Plan pursuant to a Recordkeeping Services Agreement (RSA) between the Company and Great-West. Great-West receives revenue from certain investment fund service providers for services Great-West provides to the funds; however, this revenue is credited back to participants who invested in these specific investment funds. Fees paid directly by the Plan to Great-West for recordkeeping and administrative services amounted to approximately $22,000 for the year ended December 31, 2016 and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

The Plan also incurred and paid fees to the investment advisor amounting to approximately $22,000, which are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested portions of their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 – SUBSEQUENT EVENTS

In May 2017, Finelite, Inc., the Plan sponsor, was acquired by Legrand, North and Central America.

The Plan has evaluated subsequent events through September 20, 2017, the date the financial statements were available to be issued.
