Note 1 - Plan description

The following description of The Pace Gallery Employee 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan sponsor is The Pace Gallery LLC (the "Company").

General

The Plan is a defined contribution plan that was formed on August 1, 2006, covering all eligible full time employees of the Company who are age 21 or older, as defined. Employees are eligible to participate in the Plan once they complete three consecutive months in which they completed at least 250 hours of service. If employees did not satisfy the hours of service requirement during their first three months of service, they would become eligible once one consecutive year of service with a minimum of 1,000 hours is completed. Further, effective July 1, 2011, part-time and temporary employees are no longer eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan allows participants to defer a portion of their salaries for income tax purposes through contributions or ROTH deferrals to the Plan. Contributions are limited to the maximum amount permitted ($18,000 for 2016) under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Effective January 1, 2016, the Company made matching contributions equal to 100% of each participant's elective deferrals, but not as to exceed elective deferrals of 4% of the participant's compensation (safe harbor matching contributions). The Company may also make additional discretionary matching contributions to its Plan ("Matching Contributions") equal to a percentage of employee deferrals to the Plan at the option of the Plan sponsor. There were no discretionary matching contributions for the year ended December 31, 2016. The Company, at its discretion, may also contribute additional profit-sharing contributions ("Profit-Sharing Contributions"). There were no Profit-Sharing Contributions made to the Plan for the year ended December 31, 2016. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary contributions and (b) Plan earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions, plus actual earnings thereon, are 100% immediately vested. Vesting in the Profit-Sharing Contributions is based on years of service. A participant is 100% vested in his or her Profit-Sharing Contributions after six years of credited service. Notwithstanding the foregoing, a participant becomes fully vested in his or her Matching Contributions and Profit-Sharing Contributions upon the earlier of: (i) retirement at age 65; (ii) total and permanent disability; (iii) age 65 while employed; or (iv) termination of employment as a result of death.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate reported on the first business day of the month that the note receivable was executed. Notes receivable from participants bear interest at rates that range from 3.25% to 6.00% per annum. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, except for the purchase of a primary residence.

Payment of benefits

On termination of service due to death, disability, retirement or any other reason, a participant with a vested account balance of more than $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or their investments will remain in the Plan. If a participant's vested balance is $5,000 or less, a lump-sum distribution equal to the value of the vested interest in his or her account will be made automatically within a reasonable amount of time after termination of service.

Forfeited accounts

There were no forfeited accounts for the years ended December 31, 2016 and 2015. Forfeited accounts, if any, would be first used to pay Plan expenses. Any remaining forfeited accounts would be used to reduce future Matching and Profit-Sharing Contributions, if any. During the years ended December 31, 2016 and 2015, there were no forfeitures from nonvested accounts used to reduce future Plan administrative expenses.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). The primary differences from financial statements prepared under GAAP arise from accounting for contributions, certain income and administrative expenses on the cash basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with GAAP.

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid balances. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2016 or 2015.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 3, 2017, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification, *Fair Value Measurement Topic 820* ("FASB ASC 820") are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds and money market - short-term securities: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value at December 31, 2016

Money market - short-term securities	$ 171,310	$ -	$ -	$ 171,310

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments were funds managed by American Funds Service Company. American Funds Service Company is an affiliate of Capital Bank and Trust Company, the trustee, as defined by Plan, and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made a direct payment to the third-party administrator of $507. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The plan is based on a prototype plan. The prototype plan sponsor has obtained an opinion letter dated March 31, 2008, in which the IRS stated that the prototype plan document and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2016 and 2015, and investment income and interest income on notes receivable from participants for the year ended December 31, 2016, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 9 - Plan amendments

Effective January 1, 2017, the Plan was amended to provide an automatic deferral provision which includes an annual escalation of the withholdings. The automatic deferral starts at 4% unless the participant makes a contrary election and that amount will increase by 1% each Plan year until the percentage withheld reaches 10%, unless the employer amends the Plan or the participant enters into a salary reduction agreement.
