The Plan is a defined contribution plan established July 1, 2005 by BSN Sports, Inc. (the “Company” or “Plan Administrator”), under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Subsequent to a reorganization and related to a change in control transaction involving the Plan’s sponsor, BSN Sports, Inc. converted to a limited liability company and became BSN Sports, LLC and the Plan was renamed the BSN Sports, LLC 401(k) Plan.

Substantially all employees of the Company and certain related employers who have completed three months of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of plan assets and keeping accurate records and reports. Fidelity Management Trust Company (“Fidelity”) was appointed Custodian, Trustee and record keeper as of December 31, 2015 and for the period January 1, 2015 to January 4, 2016. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal Trust Company”) was appointed Custodian, Trustee and record keeper for the period January 5, 2016 to December 31, 2016. The Custodian, Trustee and record keeper may be removed by the Company or may resign. In any such event, the Company will appoint a successor.

Contributions

Each year, participants may contribute up to 80 percent of pretax annual compensation, as defined in the Plan. At the Participant’s election, these may be either “traditional” before-tax or “Roth” after-tax contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution to the Plan. Additional profit sharing amounts (non-elective contributions) may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations. Generally, participants must complete 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to share in certain employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and non-elective contributions, as well as the participant’s share of investment income, appreciation (depreciation) and any related administrative expenses. Forfeited balances of terminated participant’s non-vested accounts are used for payment of administrative expenses and used to reduce employer contributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death (if employed by the Company), or disability (if employed by the Company), as defined in the Plan. Disabled participants may request a distribution of their account balance only if they terminate their employment with Company. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for a Participant to borrow from their accounts under the Plan. These borrowings must be for an amount not less than \$1,000 and not greater than the lesser of 50% of the participant's vested account balance or \$50,000. Each loan bears interest at the prime rate with actual rates at 5.0%. Loans are secured by the Participant's account.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, or may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance. However, a participant with an account balance of \$5,000 or less may select from the latter two options only. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may first be used to pay Plan administrative expenses. Any remaining forfeitures are used to reduce future Company contributions. At December 31, 2016 and 2015 forfeited non-vested accounts were approximately \$6,900 and \$6,400 respectively. Plan administrative expenses of \$15,005 and \$9,841 were paid from forfeited non-vested accounts during 2016 and 2015, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Interest-bearing cash (money market funds) is valued at cost, which approximates fair value. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end.

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Wells Fargo Stable Value Fund E ("Stable Value Fund") is a collective trust established, managed and maintained by Wells Fargo Bank, N.A. The Stable Value Fund invests in a variety of investment contracts, including traditional guaranteed investment contracts ("GICs"), security-backed investments contracts (also known as synthetic GICs) and separate account GICs. The Stable Value Fund seeks to provide a moderate level of stable income without principal volatility. For liquidity purposes, the Stable Value Fund attempts to maintain sufficient liquidity, as determined by the overall manager, by investing in cash and/or cash equivalents. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the net asset value with no advance notice requirement. There are no reserves for credit risk of the contract issuer or otherwise. In determining the net assets available for benefits, the Stable Value Fund is included in the accompanying financial statements at net asset value.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. REPORTABLE TRANSACTIONS

During the years ended December 31, 2016 and 2015, there were no reportable transactions, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

BSN Sports, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common /collective trusts managed by Fidelity Investments and Principal Trust Company. Fidelity Management Trust Company and Principal Trust Company are the Plan's custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

5. PROHIBITED TRANSACTIONS

During the period ended December 31, 2016, the Company inadvertently failed to deposit \$116,154 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions. In accordance with DOL requirements, the Company has self-corrected the late deposits and reimbursed the Plan for earnings resulting from the late deposits. Excise tax payments are made from Company assets and not from the assets of the Plan.

6. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company and Principal Trust Company have certified to the completeness and accuracy of the following data reflected on the accompanying statements of net assets available for benefits, the schedule of assets (held at end of year), and the related investment activity reflected in the statements of changes in net assets available for benefits as of and for the years ended December 31:

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The Company adopted the Fidelity Management & Research Company Volume Submitter Defined Contribution Plan – Basic Plan Document No. 17. The Internal Revenue Service has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In connection with the amending the Plan, effective January 1, 2017, the Company adopted the Principal Financial Group Prototype For Savings Plan - Basic Plan Document No. 2. The Internal Revenue Service has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

9. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2016 and 2015, there were no significant transfers in or out of levels 1, 2 or 3.

9. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year end.

Common/collective trusts: valued based on the NAV of units of the common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 54,197,086	\$ -	\$ -	\$ 54,197,086
Total assets in the fair value hierarchy	<u>\$ 54,197,086</u>	<u>\$ -</u>	<u>\$ -</u>	<u>54,197,086</u>
Common/collective trusts (a)				<u>858,170</u>
Total assets at fair value				<u>\$ 55,055,256</u>

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,674,270	\$ -	\$ -	\$ 38,674,270
Interest-bearing cash	<u>733,575</u>	<u>-</u>	<u>-</u>	<u>733,575</u>
Total assets at fair value	<u>\$ 39,407,845</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 39,407,845</u>

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.
